A REGULATION for the suppression of robberies and other crimes and offences by armed horsemen, commonly known by the appellation of cozaucks.—PASSED by the Vice President in Council, on the 23d January 1810; corresponding with the 12th Mang 1216 Bengal era; the 3d Mang 1217 Fushy; the 13th Mang 1217 Willaity; the 3d Mang 1866 Sumbut; and the 16th Zeelhij 1224 Higeree.

WHEREAS numerous robberies and other serious crimes and offences have been committed by armed horesmen, commonly known by the name of cozaucks, in the territories ceded by the Nawaub Vizier, in the conquered provinces within the Dooab and on the right bank of the river Jumna; and in the territory ceded by the Peishwa in Bundelcund; and whereas there are grounds to apprehend that some of the zemindars and others, instead of aiding in the suppression of offences, so injurious to the peace of society, have countenanced and supported the offenders with the view of participating in their plunder; the following rules have been enacted; to be in force in the said territories and places from the period of their promulgation.

Preamble.

II. Any persons, who may be desirous of entertaining armed horsemen in their service, shall signify their wishes to that effect to the magistrate of the district within whose jurisdiction they may reside previously to entertaining them, specifying the number of horsemen, whom they may respectively wish so to entertain, and the service, on which it is proposed that they should be employed.

Persons wishing to employ armed horsemen shall signify their wishes to the magistrate.

III. A discretionary power is hereby vested in the magistrates of the several districts comprized in the territories and places above specified, to comply either wholly or in part with all such applications, or to reject them entirely, according as may appear to them to be most expedient, provided however that if any zemindar or other person shall consider himself aggrieved by the partial or entire rejection of his application for permission to entertain armed horsemen in his service, such person shall be at liberty to submit a representation to the provincial court for the division of Bareilly or Benares, according to his place of residence, and the provincial court shall forward the representation so made with its sentiments on the subject to the secretary to government in the judicial department for the final orders of the Governor General in Council, or of the executive government for the time being.

Magistrate may comply with or reject such applications. In what manner persons aggrieved by his decision may obtain redress.

* The whole of this Regulation has been rescinded by Regulation XV, 1812, Section III.

A. D. 1810. REGULATION II.

All such horsemen to be registered and to wear badges, inscribed with their master's name, &c.

IV. Whenever any zemindar or other persons shall have obtained permission to entertain armed horsemen in their service, the following rules shall be strictly observed.

First. An accurate register shall be kept by the magistrate, by whom or through whom, such permission may have been granted, of the number of horsemen, which each zemindar or other person shall have been allowed to entertain.

Second. Every horseman so licensed, shall be furnished by his employer with a badge, specifying the name of his master, the district in which he resides, and the date on which the license was granted.

All unlicensed horsemen of the above description to be apprehended by the police officers and their horses and arms confiscated.

V. From and after the period of two months from the promulgation of this Regulation, the several officers of polices throughout the territories and places above-mentioned, are hereby authorized and required to apprehend all armed horsemen of the description of those abovementioned, who may not have been duly licensed in the manner stated in Section III, of this Regulation, or may not be furnished with the prescribed badge, and to send all such horsemen with their horses to the magistrate of the district; by whom the horses of all such persons, together with the arms in their possession, shall be adjudged confiscated to government.

Detachments from the corps of irregular horse, &c. competent to apprehend such unlicensed horsemen.

VI. It shall in like manner be competent for any detachment or trooper of the corps of irregular horse, maintained for the support of the police in the ceded and conquered provinces, and for detachments of any other corps, while acting at the requisition of the magistrates in aid of the police, to apprehend any unlicensed horsemen of the above description, and to send him and the horse to the magistrate of the district; by whom all horses so sent to him, together with the arms of the horsemen, provided that the magistrate shall be satisfied on due enquiry that they are of the class of people denominated cozaucks, shall be uniformly adjudged confiscated to government.

None but the class of people called cozaucks to be apprehended.

VII. It is to be clearly understood that the foregoing provisions relate exclusively to the class of people ordinarily called cozaucks, and that nothing contained in this Regulation is to be construed to authorize either the military or the police officers to seize or otherwise interfere with merchants or others, travelling on horses and with arms for their own convenience and protection.

How persons are to proceed to obtain redress in case of being aggrieved by the exercise of the powers hereby vested in the magistrate.

VIII. It shall be competent to any person who may deem himself aggrieved by the exercise of the foregoing powers on the part of the magistrate to present a remonstrance on the subject to the provincial court of circuit for the division of Bareilly or Benares, according to the complainant's place of residence, and in such case the provincial court shall make the necessary enquiries with the view of ascertaining whether the provisions of this Regulation have been duly applied, but the provincial

.. D. 1810. REGULATION II.

provincial courts shall not exercise any discretion in remitting the forfeiture of horses and arms, in cases in which they are liable to forfeiture under the rules now established.

IX. It is of course to be understood that the prescribed confiscation is to be considered exclusively applicable to the violation of the prohibition contained in this Regulation, relative to unlicensed armed horsemen, ordinarily known by the name of cozaucks. Should any of the horsemen in question stand charged with or suspected of the actual commission of any public crime or offence, the magistrates will proceed against them in the manner prescribed by Regulation IX, 1803, (which is hereby declared to be applicable to every description of public robbers as well as to those ordinarily called dakoits) and by the other Regulations in force for the apprehension and punishment of persons guilty of robbery by open violence, whether the confiscation enjoined by this Regulation shall have taken place or otherwise. In like manner, the penalties established by Regulation IX, 1803, for harbouring proclaimed dakoits, and for neglecting to give information to the magistrates of all such persons, are to be considered to be in full force with respect to proclaimed cozaucks and every other description of public robbers.

Confiscation to be applicable to a breach of the rules respecting unlicensed persons, who, when charged with crimes are to be proceeded against under Regulation IX, 1803, which is declared to extend to cozaucks and every other description of public robbers.

A. D. 1810. REGULATION III. (*)

A REGULATION for dispensing with the oaths of paupers, on their subscribing a solemn declaration, in certain cases.—**PASSED** by the Vice President in Council, on the 23d January 1810; corresponding with the 12th Maug 1216 Bengal era; the 3d Maug 1217 Fusly; the 13th Maug 1217 Willaity; the 3d Maug 1866 Sumbut; and the 16th Zelhij 1224 Higeree.

THE rules in force for the exemption of paupers from the prescribed fees and securities in the civil courts, requiring the oath of the party; and provisions for dispensing with the oaths of witnesses in the civil courts, and of prosecutors and witnesses in the criminal courts, on their subscribing a solemn declaration, when they may be of a rank or cast which, according to the prejudices of the country, would render it improper to compel them to take an oath, not having been expressly extended to parties in the civil courts; it has been questioned whether the oath of such parties, when applying to be admitted as paupers, can, in any case be dispensed with, whatever may be their rank or cast. The following rule has therefore been enacted by the Vice President in Council, to be in immediate force throughout the whole of the provinces immediately subject to the presidency of Fort William.

II. In all cases wherein the oath of a party is required by the Regulations for admission as a pauper, and such party may be of a rank or cast, which, according to the prejudices of the country, would render it improper to compel him, or her, to take an oath, the judge, or other public officer authorized to admit the person in question as a pauper, is hereby declared competent to dispense with the oath of such person, on his, or her, subscribing a solemn declaration, according to the form prescribed by Section VI, Regulation IV, 1793; extended to Benares by Section II, Regulation VIII, 1795; and re-enacted for the ceded provinces by Section VII, Regulation III, 1803.

III. The restriction contained in Clause Seventh, of Section XXV, Regulation VIII, 1803; (re-enacted in Section VI, Regulation L, 1803 :) against dispensing with the oaths of any witnesses, whose rank and condition are not really such as, under the existing prejudice, would render it improper to compel them to take an oath, shall be considered equally applicable to all parties, who may desire to be exempted from taking an oath under this Regulation. The judge, or other officer,

A. D. 1810. REGULATION V.^(*)

A REGULATION for amending the existing rules for the division of estates, paying revenue to government.—**PASSED** by the Vice President in Council, on the 2d February 1810; corresponding with the 22d Maug 1216 Bengal era; the 13th Mang 1217 Fushy; the 23d Mang 1217 Willaity; the 13th Maug 1866 Sumbut; and the 26th Zelhij 1224 Higeree.

EXPERIENCE having shown that the existing rules for the division of landed property, paying revenue to government are in many respects defective; in as much as they do not sufficiently provide against the artificial delays and impediments which are frequently thrown in the way of the process of the division, by some one or more of the parties concerned, who may be interested in so doing; or, (as often happens), by the officer employed in conducting the details of that process; nor effectually secure government from the loss resulting from fraudulent and collusive allotments of the public revenue on the shares of estates when divided: and there being moreover reason to believe that the restriction which has been laid on the partition of small estates by Regulation VI, 1807, has been and is the cause of considerable injury to numbers of individual sharers in such estates; thereby inducing a sacrifice of private rights, which the degree of public inconvenience arising from the minute division of landed property does not appear to be of sufficient magnitude to justify or require; with a view therefore to remedy these defects; to expedite the division of landed property paying revenue to government when duly authorized by the provisions of Regulations I and XXV, 1793, and their corresponding Regulations for Benares, and for the ceded and conquered provinces, with due regard to the permanent security of the public revenue, whatever be the amount thereof; and to obviate the injury to which individual sharers are liable in the case of a joint estate being brought to sale for balances which may have arisen from the default of their coparceners, during the interval while the process of division is pending; the following rules have been enacted to be immediately in force throughout the provinces subject, to the presidency of Fort William.

II. Clause First, Section IV, Regulation XXV, 1793, (extended to Benares, by Regulation XXVI, 1795), and Clause First, Section XXXII, Regulation XXVI, 1803; (extended to the conquered provinces by Clause First, Section XVIII, Regulation VIII, 1805), are rescinded. Regulation VI, 1807, is also rescinded.

III. *First.* If one two or more of the proprietors of a joint estate (held in common tenancy,) shall be desirous to have separate possession of his or their respective

application to the collector, who shall publish the same, but shall not make the division in case of written objections being made to the title of persons applying for separation.

share or shares; or if two or more of them shall be desirous to have their shares separated and to hold them as a joint estate; they are to make a written application for that purpose to the collector of the *zillah*, under their seals and signatures, and attested by four credible witnesses. The collector on receipt of the application shall publish an advertisement, notifying the same to all parties concerned, and specifying that he shall proceed to make the division applied for, in fifteen days from the date of the publication of the advertisement, unless any person or persons in the possession of the estate, or any part thereof, shall before the expiration of that time, deny by a writing under his or their seals and signatures, and attested by two credible witnesses the right of such claimant or claimants to the share or shares so claimed by them, in which case the collector is not to proceed to the division until the disputed title be established or admitted; as prescribed in Section V, Regulation XXV, 1793, and Section XXXIII, Regulation XXVI, 1803.

How the collector is to proceed when no objection is made.

Second. In the event of no denial being offered to the claim for separation in the form stated, and within the period limited in the foregoing clause, the collector shall proceed to make the division applied for in the prescribed mode, reporting the same for the information of the Board of Revenue or Board of Commissioners respectively, as the case may happen to lie within the control of the one or the other of those Boards; and all authorized expenses incurred in making the division, are to be borne by the proprietors at large, in the proportions which the jumma of their respective shares after the division has been completed, may bear to the jumma of the whole estate. This last rule however is not to be understood to preclude the parties concerned from entering into a private adjustment among themselves of the proportions in which such expenses shall be severally borne by them, and whenever the whole amount demandable on that account shall be tendered to the collector by one or more of such parties, he shall receive the same accordingly; and on the contrary, if the amount be not so tendered, he is to enforce the rule as above laid down; and is to levy the amount, (if it be not paid,) by the same process against the sharer or sharers failing in the payment of their proportions, as is prescribed for levying arrears of revenue.

The foregoing provisions applicable to the separation of portions of estates, consisting of distinct mehals.

Third. The whole of the provisions of this section for the division of estates held in common tenancy, are to be considered equally applicable to the separation of portions of estates consisting of distinct mehals.

Courts of justice to direct the payment of the expenses of such divisions, in decrees awarding the proprietary right in a portion of an estate.

IV. Whenever the courts of justice may pass a decree awarding to any person the proprietary right in a portion of an estate paying revenue to government, (whether fractional or consisting of specific lands) they shall make it a general rule to direct at the same time, that the party or parties who may have withheld the right so decreed,

decreed, shall defray the whole of the expense which may be incurred in the subsequent processes, of dividing, separating, giving possession of, and apportioning the public revenue upon the portion of the estate or lands so decreed. Provided however, that if any special reasons shall appear for a deviation from this general rule, the courts shall be at liberty to direct the expense in question to be defrayed by all or any of the parties to the decree, in such proportions as the court passing the decree, may from a consideration of the particular circumstances of the case, deem equitable: recording at large on their proceedings, the grounds of every such deviation. Copies of all orders which the courts may pass under this section, are invariably to be transmitted to the collector for his guidance, along with the precept which the court may issue to him under the rule prescribed in Clause Second, Section IV, Regulation XXV, 1793; and its corresponding Clause in Section XXXII, Regulation XXVI, 1803.

V. *First.* The practice which has heretofore obtained under Section XII, Regulation XXV, 1793, and Section XL, Regulation XXVI, 1803, of assigning a personal monthly allowance and establishment to the aumeen appointed to make the division of lands, shall be discontinued; and aumeens so employed shall in future be remunerated for their trouble and the expense of their establishments by an allowance of a per centage on the amount of the annual jumma of the whole estate, a portion or portions of which (whether fractional or consisting of specific land,) they may be deputed to divide or separate. This per centage is to be calculated in the following gradations:—

Aumeens making the division of estates, shall be paid by a percentage on the amount of the jumma.

On a jumma not exceeding 500 rupees, 10 per cent.

On a jumma exceeding 500 rupees, but not exceeding 1000 rupees, 10 per cent on 500, and 8 per cent on the remainder.

On a jumma exceeding 1,000 rupees, but not exceeding 2,500 rupees, on 1,000 as above, and 5 per cent on the remainder.

On a jumma exceeding 2,500 rupees, but not exceeding 5,000 rupees, on 2,500 rupees as above, and on the remainder 3 per cent.

On a jumma exceeding 5,000 rupees, but not exceeding 10,000 rupees, on 5,000 as above, and on the remainder 2 per cent.

On a jumma exceeding 10,000 rupees, but not exceeding 25,000 rupees, on 10,000 as above, and on the remainder 1 per cent.

On a jumma exceeding 25,000 rupees, but not exceeding 50,000 rupees, on 25,000 as above, and on the remainder 8 annas per cent.

On a jumma exceeding 50,000 rupees, but not exceeding one lack, on 50,000 as above, and the remainder 4 annas per cent.

On a jumma exceeding one lack of rupees to whatever amount, on one lack as above, and on the remainder 2 annas per cent.

X. D. 1810. REGULATION V.

Second. In the above calculations fractions of rupees are to be rejected.

Rules as to the payment of such per centage to the aumeens, if the partition be confirmed.

VI. First. The collectors are to make an advance to the aumeen of one-third only of the amount of the above per centage, on delivery of the sunnud to him; and the remaining two-thirds, are to be paid in ten days from the receipt by the collector of a notification from the Board of Revenue or Board of Commissioners, that the partition made by the aumeen has been confirmed; otherwise the said remaining two-thirds are to be considered subject to the following provisions.

If the partition be not confirmed.

Second. If the partition made by the aumeen be not confirmed, the Board of Revenue and Board of Commissioners are respectively empowered to declare the claim of the aumeen, to the whole or any part of such remainder to be forfeited or otherwise, as in their discretion, on a consideration of the circumstances of the case, and the conduct of the aumeen, they may deem proper.

If the partition be not made within a prescribed time.

Third. The Board of Revenue and Board of Commissioners, are also respectively empowered to declare the aumeen's claim to the whole or any part of the said two-thirds to be forfeited or otherwise, in case the partition is not completed within a certain appointed time, and in conformity with the object of this rule, the collector is hereby required to fix the period for the completion of every butwarra or division of lands, superintended by him, and which shall be inserted in the sunnud delivered to the aumeen.

Further rule when partition may not be made within the prescribed time.

Fourth. This period shall in the first instance never exceed three months: and if the butwarra be not completed on its expiration, immediate report shall be made to the one or other of the Boards, to whose control the case may be subject, with all such explanation of the cause of the delay, as the collector may be able to afford; on receipt of the collector's report, the Board will either direct the aumeen to be removed from his trust, and his claim to the remaining two-thirds of compensation money to be forfeited; or will fix some further period, (not exceeding one month from the date of their order,) for the completion of the butwarra by him; and so on from time to time, if the nature of the duty be such as to require any further extension of period; or will pass such other order on the case, not being contrary to any Regulation in force, as in their judgment may seem proper.

Rules for discouraging all artificial delays from impediments thrown in the way by the parties.

Fifth. With the view moreover of discouraging all artificial delays in giving possession of their proper shares to sharers entitled to separation in joint estates, held in common tenancy, it is hereby enacted, that whenever it shall appear to the Board of Revenue or Board of Commissioners, that a butwarra duly proceeded upon, is not or cannot be completed within the period originally fixed in the sunnud to the aumeen, by reason of any impediments thrown in the way, by the party or parties holding possession of the estate; it shall be competent for those Boards respectively, upon an application being preferred to them to that effect by the sharer who is

out of possession, (either through the collector or otherwise), to direct immediate possession to be given to such sharer, of a certain quantity of the lands of the estate, the assets of which shall be just sufficient (as far as the same can be ascertained), to produce the amount of the jumma payable by such sharer when separated, (and which in all cases of fractional shares, is of course known,) with an advance of twenty per cent (viz. ten per cent for malikhana, and ten per cent for charges of collection,) and no more. This possession is not however to be considered as a final allotment; but the butwarra is still to proceed in the regular manner, with the view to the adjustment of any inequalities of proportion which the assets of the lands thus delivered to the possession of the sharer, may be ultimately found to bear to the assets of the estate at large; as well as the adjustment of all other points affecting the value of the several shares when divided; so that on the completion of the butwarra, the final allotment of land to the several parties separated, according to the jumma payable by them, may in every respect be conformable to the rules prescribed in Sections VII and VIII, Regulation XXV, 1793, and the corresponding sections of Regulation XXVI, 1803.

VII. All the rules prescribed in this Regulation, which relate to the expenses incurred in making a butwarra, shall equally apply to the remuneration of the aumeen who may be appointed to superintend butwarras made by the parties themselves or their arbitrators, under the provisions contained in Section XXII, Regulation XXV, 1793, and Section LII, Regulation XXVI, 1803; but with this difference, that the aumeen employed in superintending such private butwarras, shall only be entitled to receive one half of the amount of remuneration which the aumeens employed in making public butwarras are entitled to under Section V, of this Regulation.

Rule as to the expenses of private butwarras.

VIII. After the date of this Regulation, a register shall be kept in the English language of all confirmed butwarras. This register shall merely shew the name, the recorded proprietor or proprietors, and the jumma, of the estate, as it stood when the butwarra was commenced; with the names, the recorded proprietors, and the jumma of the several portions thereof made into distinct estates by the butwarra when confirmed; together with the date of the confirmation, and whenever any such distinct estate, (created by butwarra) shall fall in balance, so as to require a sale of the land for the discharge of the arrear, at any period within three years of the date of the confirmation of such butwarra, it shall be the duty of the collector, by every means in his power, to trace the cause of such balance towards ascertaining whether it has arisen from any fraudulent or erroneous allotment of the assessment, at the time of the division: and whatever may appear to be the cause, to make a special and full report upon the case to the Board, to whose authority he may be subject, and who will determine upon the receipt of such report, whether the sanction of the Govern-

or General in Council, shall be obtained, for directing a new allotment of the jumma upon the several portions into which the original estate was divided, or otherwise.

Rules respecting balances accruing during the time a butwarra is making.

IX. Whenever the butwarra of a joint estate held in common tenancy is commenced upon, whether on the direct application of the parties to the collector, or under a precept from a court of justice, the portion of the jumma payable by each individual sharer (as before observed) is of course known. In all such cases therefore, if the estate should fall in balance at any time before the butwarra be completed and confirmed, it shall be in the option of any one or more of the sharers, (whether in actual possession of their shares or otherwise,) to tender to the collector their proportions of the balance due, which the collector shall receive, and pass to the credit of their shares accordingly: and in the event of a sale of any part of the estate (yet undivided) becoming ultimately necessary for the liquidation of any remaining balance, the portion or portions of the defaulting sharer or sharers only shall be sold, and not those of the sharers who shall have paid their proportions of the balance; and in all such cases the butwarra shall go on and be completed for the benefit of the purchaser at the public sale; and who on making the purchase, will be entitled to separate possession of the portion or portions of the estate, which would have been allotted under the butwarra, to the defaulting proprietors: (and which in all such instances are to be sold entire) and will in every respect succeed to all their rights.

Rules for preventing delays in allotting the jumma of specific mehals forming part of an estate.

X. *First.* To provide also as far as practicable against any injurious consequences to individuals, from delays and difficulties, which are still observed to attend the allotment of the public revenue upon specific mehals, forming part of an estate held under a general assessment, when ordered to be separated therefrom; notwithstanding the explanatory provisions contained in Sections VIII and XII, Regulation I, 1801, and Section LX, Regulation XXVI, 1803, the following rules are to be observed in regard to such mehals.

Rules as to balances accruing before the allotment is completed.

Second. Whenever the proprietor of a specific mehal in a joint estate shall be entitled to separation under the Regulations and the separation and allotment of the public revenue upon such distinct mehal shall have been commenced upon, if the estate of which it forms a component part should fall in balance at any time previous to the completion and confirmation of such allotment, so as to require a sale of the whole or any portion of the estate, it shall be in the option of the proprietor of the mehal in question, (and to whom immediate possession thereof is to be given, if it be not already in his possession,) to tender to the collector his share of the balance due, calculated on the proportion which the produce of such specific mehal with a deduction of twenty per cent, (viz. ten per cent for malikhana, and ten per cent for charges of collection) may bear to the jumma of the whole estate. Up-

A. D. 1810. REGULATION V.

on such tender being made, and the collector being satisfied from the enquiries made by him, and the evidence and documents before him, that the produce of the mehal has not been under-rated, he shall receive the amount tendered, and pass it to the credit of the mehal accordingly, and in the event of a sale of any part of the estate becoming ultimately necessary for the liquidation of any remaining balance, such sale shall be made with the expressed exception of the specific mehal in question; and the separation and final allotment of the jumma thereupon, shall go on, and be completed in the prescribed manner, for the benefit of all the parties concerned therein. Provided moreover, that if the payment made by the proprietor of the specific mehal under this clause, shall on a final adjustment of the jumma of the parties, be found to exceed the true proportion of the balance demandable from him; such proprietor shall be entitled to repayment of the excess from the collector; who shall at the same time proceed to recover the amount thereof from the defaulting proprietor or proprietors, (upon whom a less amount than their just proportions will have been levied) by the same process as he would recover any other arrear of revenue; and vice versa; that is to say, if it shall appear that the proprietor of the specific mehal has paid less than he ought to have paid, the deficiency shall be recovered from him; and any excess which may have been levied from the defaulting proprietor or proprietors shall be made good to them. *

XI. With the alterations and modifications contained in this Regulation, and which are to be applied as far as practicable to all butwarras commenced prior to this date, but not yet finally adjusted; the rules prescribed in Regulations 1 and XXV, 1795; Regulation I, 1801; Regulation XXVI, 1803; and all other existing rules and Regulations regarding the division of landed property paying revenue to government, and the public sales of land for arrears of revenue, are to be held in full force

The existing rules regarding the division and sale of lands with the above modifications to be still in force.

WHEREAS numerous robberies, and other serious crimes and offences have been committed by the different classes of persons ordinarily known by the appellation of dacoits, cozaucks, thugs, buddecks, and other descriptions of public robbers: and whereas there are grounds to apprehend, that some of the zemindars and others, instead of aiding in the suppression of offences so injurious to the peace of society, have countenanced and supported the offenders with the view of securing exemption for themselves from their depredations, or even of participating in their plunder; the following rules have been enacted, to be in force from the period of their promulgation throughout the territories immediately dependent on the presidency of Fort William. (a)

Preamble.

Mode of proceeding and penalties for neglect of giving such information.

III. If a magistrate shall have grounds to believe, that any person of the description of those specified in the first part of the preceding section, shall have neglected to give due information to the magistrate or the police darogah, of the resort of any dacoit, cozauck, thug, buddeck, or other robber to any place within the limits of the estate or farm held or managed by such person, the magistrate shall call upon him to answer to the charge, and if it shall appear upon a full and impartial enquiry that the person accused has been actually guilty of the neglect ascribed to him; the magistrate shall sentence the offender to pay such a fine to government, and to suffer imprisonment for such a period of time as he may deem proportioned to the offence, not exceeding however, the limitation prescribed by Section XIX, Regulation IX, 1807, viz. imprisonment for six months, and a fine of rupees 200 commutable, if not paid, to imprisonment for a further period not exceeding six months longer.

Penalties on zemindars &c. for harbouring robbers or receiving presents from them.

IV. If a magistrate shall have grounds to suspect that any zemindar or other person of the description of those mentioned in the preceding sections, has afforded any actual assistance in harbouring a dacoit, cozauck, thug, buddeck, or other robber, subsequently to the promulgation of this Regulation, that is, if such person shall be suspected of having afforded to the said offender lodging, money, grain, or other supplies, or that he has committed any other overt act, tending to aid the offender in his depredations upon the community, or to evade the pursuits of justice; or that he has received any present or nuzzer, either in money or goods from the said offender, the magistrate shall call upon the person suspected of having so offended for his reply; and if it shall appear upon a full and impartial enquiry, that he has been actually guilty of the serious offence ascribed to him, the magistrate, in addition to the punishment mentioned in the preceding section, shall adjudge the estate or farm held by him (supposing him to be a sudder zemindar, talookdar, or farmer) (c) forfeited to government. Provided, however, that previously to carrying the judgment of forfeiture into execution, the magistrate shall submit his proceedings on the subject, to the court of Nizamut Adawlut, who will confirm or annul the judgment so passed, according as they may be of opinion, that the charge has been duly established or otherwise. Provided, moreover, that in the event of their confirming the judgment, the Nizamut Adawlut shall report the case to the Governor General in Council, *at the same time stating their opinion, whether the forfeiture should be enforced or remitted, or commuted to a fine.* (d)

The object of the appointment of two Superintendants of Police.

IV. The primary object of the appointment of the two Superintendants of Police being the apprehension of dacoits, cozaucks, thags, bu decks, and other descriptions of public offenders, guilty of the commission of robberies and other crimes by open violence, the said Superintendants shall from time to time proceed into the different zillahs, or to any of the cities comprized within the limits of their respective jurisdictions, according as they may themselves deem necessary and proper, or as the Governor General in Council, or Vice President in Council may direct: provided, however, that nothing contained in this section; shall be construed to prevent the Superintendants from exercising the full powers of their offices throughout the whole extent of their jurisdictions, in whatever part of it they may at any time be resident.

A. D. 1810. REGULATION IX.^(g)

REGULATION for rescinding the whole of the Regulations at present in force for the collection of the Government Customs, in the Provinces of Bengal, Behar, Orissa and Benares, and in the Ceded and Conquered Provinces; and for re-establishing those Customs, with amended rules for the collection of them.—PASSED by the Vice President in Council, on the 10th of April 1810; corresponding with the 29th Choite 1216 Bengal era; the 20th Choite 1217 Fusly; the 30th Choite 1217 Willaity; the 6th Choite 1867 Sumbut; and the 5th Rubec-ul-awul 1225 Higerce.

Preamble.

THE rules by which the collection of government customs have been hitherto conducted, having appeared essentially defective; many of the Regulations being deficient in simplicity and clearness, and the whole forming too complex a system of multiplied taxes, in many instances unequally distributed on the inhabitants of the different provinces, as well as harassing in the mode in which they are collected; the Vice President in Council, desirous of impartially equalizing the public burdens without injuring the resources of government, and of simplifying the collection of the customs by reducing to a single tax the several duties now levied, so that merchandize having once paid duty, may be freely transported from place to place without the harassing interruptions to which the trade has been exposed under the existing system of successive collections, has enacted the following rules, to be in force throughout the territories immediately dependent on the presidency of Fort William, from the period of the promulgation of this Regulation.

II. First. Regulations III, XXXIX and LVII, 1795; Regulations I and IX, 1797; Regulation XI, 1800; Regulation XI, 1801; Regulations I, V and VII, 1802; Regulation XI, 1804, and Regulation XIX, 1806, for the collection of government customs, in the provinces of Bengal, Behar, Orissa and Benares, and in the ceded and conquered provinces, are hereby rescinded.

All goods and articles of trade, imported into the province of Rohilcund from the Rampore jaghire, being of the description of goods and articles of trade which are liable to the payment of government customs under this Regulation, shall be subject to the payment of the same import duties to which the same goods and articles of trade are subject, on importation from the dominions of the Nawaub Vizier.

subject to the presidency of Fort William, and shall exempt the goods covered by it, in their passage to any place within the said provinces, as well as on exportation from those provinces (unless the goods be expressly made liable to a further export duty) from the payment of any further duty, under this Regulation, and from any detention for a period longer than may be requisite to enable the officers of any other custom house to ascertain, whether the goods and the rowannah correspond. The detention of the goods for this purpose (whether they be goods provided for the Honorable Company's investment, or belonging to private individuals) shall never exceed one day. The collector after having made the necessary examination, shall, if the goods correspond with the rowannah, certify the same upon the back of the rowannah. If the collector shall find, (in the case of private goods) that the merchant has taken up more goods, or any other goods, in addition to those specified in the rowannah, the whole of the goods shall be liable to confiscation. If the collector shall have reason to believe, that goods superior in value to those specified in the rowannah, are attempted to be passed, under such rowannah, he shall cause a part of the goods to be opened and examined in the public cutcherry, in his own presence; and if any such fraud shall be discovered, the collector shall levy double duties on the real value of the goods composing the the whole dispatch. (y)

XXIV. The collector at each custom house shall keep a register of all rowannahs, granted at other custom houses, which shall accompany goods passing his station, in the same form as the register prescribed to be kept of rowannahs granted by himself.

XXV. Should a merchant be desirous of dividing a dispatch of goods into smaller quantities, after having taken out one rowannah for the whole, he shall be entitled, at any of the custom houses to as many rowannahs as he may require, on

A. D. 1810. REGULATION IX.

Identifying the goods and paying a further duty of one half per cent thereupon and surrendering the original rowannah. (s)

Merchants entitled to exchange rowannahs, on certain conditions.

XXVI. It is declared, that a rowannah shall be considered to be in force for one year only. Should a merchant, however, be desirous of removing his goods from the place to which they may have been carried, under the original rowannah, after the expiration of one year, he shall be entitled to an exchange rowannah for another year, at any of the established custom houses, the goods being identified to the satisfaction of the collector, upon paying a duty of one half per cent thereon, provided that the old rowannah be produced for renewal and be delivered up before the expiration of the period for which it was issued, that the necessary enquiry may be immediately made and evidence taken to identify the goods; and it is hereby declared, that the production of the old rowannah subsequently to the expiration of its term, will not entitle the holder of it to a fresh rowannah in exchange for it. (a)

For goods being the produce of the country or imported from foreign territories inland, which shall have already paid duty.

XXVII. The rule contained in the preceding section is to be considered applicable to goods or articles which are the produce of the country; and to goods imported from foreign territories inland and which are respectively alleged to have already paid duty. All such goods must be identified not only by the production of the original rowannah, but by other satisfactory evidence before the holder of it will be entitled to a renewal of it.

(s) A fee of four annas to be levied for every rowannah obtained in exchange for the original one, under this Section, to be applied for the use of the Collector, or Deputy Collector, according to the orders of the Governor General in Council. See Regulation XIX, 1812, Section V.

(a) The following Notifications were published in the Government Gazette, on the dates therein mentioned:

1. *Calcutta; Government Custom House; April 9, 1817.* The existing provisions of the Regulations, relative to the renewal of rowannahs, having been found, in their application to the inland transit of rough timbers, insufficient to answer, in all instances, the object of their enactment; His Excellency the Right Honorable the Governor General in Council, with a view to afford every just and reasonable accommodation to the mercantile community, has been pleased, with reference to the rules prescribed in Section XXVI, of Regulation IX, of 1810, to authorize the Collector of customs, to grant to the importers of the different descriptions of rough timbers, hereafter specified, an indefinite renewal of the original rowannah, provided the conditions specified in the above mentioned section, shall be strictly fulfilled. It is to be particularly observed, that the present rule extends only to timbers, which, from their bulk, cannot be transported, except by being floated down the river, and consequently, that no cut or manufactured timbers, such as planks, &c. which might be conveyed in boats, can be allowed, under any circumstances, a participation of this indulgence.

2. *Territorial Department; January 29, 1819.*—The existing provisions of the Regulations, relative to the renewal of rowannahs, having been found, in their application to the trade in silk piece goods, insufficient to answer, in all instances, the object of their enactment; His Excellency the Most Noble the Governor General in Council, with a view to afford every just and reasonable accommodation to the mercantile community, has been pleased, with reference to the rules prescribed in Sections XXVI and XXVII, Regulation IX, 1810, to authorize the Collectors of customs, to grant to the dealers in silk piece goods, an indefinite renewal of the rowannahs covering such goods; provided, that the conditions specified in the abovementioned Sections, shall be strictly fulfilled. A. D. 1810. REGULATION IX.

XXVIII. Articles which are not the produce of the country, but exclusively imported by sea, and which must of course have paid the duties to which they are liable on importation, shall be allowed to pass inland without question; and for that purpose shall be furnished with maafee, or free rowannahs, by the collectors of customs at Calcutta, Chittagong and Balasore, on the payment of a duty of one quarter per cent, and a fee at the rate of one rupee per mile, on the value of the goods; the presumption that the customs have been duly levied at the time of importation, being sufficient to supersede the necessity for any other enquiry; the fee above specified is to be levied for the benefit of the collector: or in the case of his having a deputy, for their joint benefit, in such proportion as the Governor General in Council, or the Vice President in Council may direct.

Goods imported by sea to be furnished with maafee rowannahs, and be allowed to pass inland without question.

Duty and fee to be paid on taking out maafee rowannahs.

XXIX. At each custom house there shall be kept a register of all exchanged rowannahs granted therefrom, specifying the date and number of its original rowannah, and the custom house at which it was issued. A register shall likewise be kept of all maafee rowannahs, specifying the date and number thereof, with the article for which, and the name of the person to whom, it may have been granted.

Registers to be kept of all exchanged rowannahs.

And of maafee rowannahs.

XXX. First. All the duties payable under this Regulation, with the exception of such cases as are, or shall be otherwise expressly provided for, shall be paid, and the rowannahs for covering the goods, shall be obtained previously to the goods passing or attempting to pass within the limits of any of the chokies, dependent on the custom houses established by this Regulation. Moreover, as those chokies have now been confined within very narrow limits, with a view to relieve the commerce of the country from vexatious interruption, and it is to be supposed, that the owners of goods liable to the payment of the transit duties, can never find any difficulty in covering them by a rowannah, previously to their being moved; it is hereby declared, that should any goods be brought within the limits of a chokey, without being accompanied with a rowannah, or be otherwise found in transit without such a rowannah, (although there be no attempt clandestinely to evade the payment of the duties) they shall in any such instance be chargeable with double duties; and if the goods be seized after having clandestinely passed, or in the attempt clandestinely to pass within the limits of any of the said chokies, without having paid the established duties, and without being accompanied by a rowannah, they shall be liable to confiscation.

Duties to be paid and rowannahs taken out previously to goods passing or attempting to pass within the limits of the chokies.

A breach of this rule, subject the goods to double duty.

And if the passing, or attempt to pass be clandestine, to confiscation.

Second. Provided, however, that if any person should dispute, refuse, or omit payment of the required duties, without any attempt clandestinely to evade the payment of them, such part of the goods as may be deemed equal in value to the duties, or double duties due on them, shall be secured, and deposited in the custom house, until such duties shall be paid. And in the event of the duties not being liquidated within

within the period of three months, the goods shall, at the expiration of that period, be sold at public sale.

Third. After deducting the duties and custom house charges, the balance of the sales of goods sold under the preceding clause, shall be paid to the owners of them on their making application for the same.

Fourth. The collectors of the customs shall report to the Board of Revenue and Board of Commissioners respectively, (b) the goods remaining unredeemed, at the expiration of the three months, previously to proceeding to the sale of them.

XXXI. The transportation of cannon, and of all descriptions of fire arms or military stores, excepting on account of, or under, a pass from the British government being prohibited, the collectors and all officers of the customs are required to seize all such cannon, arms, or military stores, as shall be attempted to be transported in disobedience of this prohibition. The cannon, arms, or stores so seized, shall be liable to confiscation. This rule, however, is not to be considered as applicable to fowling pieces, pistols, swords, or any other arms, which may be in the possession of individuals, evidently for private use.

XXXII. (c) *The importation of opium, the produce or manufacture of the territories of the Nawaub Vizier, or of any foreign country, into any of the provinces, subject to the immediate government of the presidency of Fort William, is prohibited. The officers in charge of the customs throughout those provinces, are accordingly hereby authorized and required to seize any contraband opium which may be brought within the limits of the chokies, dependent on their respective custom houses. Any opium which may be seized by those officers, shall be delivered over to the judge of the city or zillah, to whose jurisdiction the case may be subject, conformably to the provisions to that effect contained in Regulation VI, 1799, and Regulation XLI, 1803.*

XXXIII. *First.* Whenever goods shall be detained, on the ground of their being liable to confiscation, the collector shall, with all practicable expedition, report the case, for the determination of the Board, to whose authority he may be subject. (d)

Second. In the event of goods being confiscated, under this Regulation, (with the exception of contraband opium, or arms, or military stores, to which none of the rules contained in this section are to be considered as having any application), they shall be sold by public auction, and the net proceeds shall be divided as follows:

One-fifth to the collector or deputy collector.

(b) See the Note to Section VII, of this Regulation.

(c) Rescinded by Regulation XIII, 1816, Section II.

(d) See the Note to Section VII, of this Regulation. The provisions of this Section are extended to the cases of salt-petre detained on the ground of its being liable to confiscation, by Regulation X, 1816, Section VII.

Two-fifths,

A. D. 1810. REGULATION IX.

Two-fifths, in equal proportions, to the informer, and to the officers of government making the seizure.

Two-fifths to the Company.

Third. The Board of Revenue and Board of Commissioners (e) are hereby respectively empowered, in cases in which there shall appear to them sufficient cause for so doing, to direct the release of any goods which may have become liable to confiscation, or to remit any other penalties which may have been incurred for the breach of any rule contained in this Regulation.

The Board empowered to release goods, or remit penalties in certain cases.

Fourth. The two Boards (e) are hereby further empowered to order double duty to be levied, in lieu of any higher penalty which may be incurred under this Regulation, in cases in which there shall appear to them ground for a mitigation of such penalty.

And to commute higher penalties for double duty and double commission.

Fifth. Provided, however, that in both of the two preceding cases, if the goods shall have been seized on the information of an informer, and shall be clearly liable to confiscation, the Boards (e) respectively shall direct such compensation to be made to the person who gave the information (not exceeding the amount which he would have been entitled to, if the confiscation had actually taken place) as they may deem equitable and proper, and the amount of such compensation shall be levied upon the goods, under the same rules as are prescribed in Clauses Second, Third and Fourth, of Section XXX, for levying the duties or double duties referred to therein.

In what manner informers are to be remunerated in such cases.

XXXIV. In lieu of the commission and fees, which the collectors of the customs have heretofore been authorized to levy for their own benefit, those officers shall be entitled to receive a commission on the amount of the duties realized by them, and by their respective deputies on the public account, at such rate as the Governor General in Council, or the Vice President in Council, may determine. Provided, however, that if in any case, the person appointed to or holding the office of collector of the government customs, should likewise hold the office of collector of the land revenue; such person shall only be entitled to draw a moiety of the said commission on the amount of the duties so realized.

Commission to be drawn by the collectors of customs.

XXXV. The deputy collectors of the customs excepting at Calcutta shall receive a fixed salary, and shall not be entitled to any commission on their collections; but those officers shall be entitled to receive, in all cases, in which a seizure may be made by them, the proportion of one-fifth of the produce of confiscated goods under Clause Second, Section XXXIII.

To be reduced to one-half if the same person hold the office of collector of the land revenue.

Deputy collectors to receive fixed salaries.

XXXVI. With a view to provide against the embezzlement of the public money, or improper detention of papers or accounts, by native officers in this department, the provisions in Sections XV, XVI, XVII, XVIII, XIX, XX and XXI, of

vapers, extended to officers of the customs.

Regulation III, 1794, (extended to Benares by Regulation V, 1800,) and in Regulation XXXIII, 1808, extended to the conquered provinces by Regulation VIII, 1805, are hereby declared to apply to all descriptions of native officers who may be employed under the present Regulation, and who may be entrusted with the receipt of money, or the charge of accounts.

No collections to be made by officers of the custom, but such as are authorized by this or some future Regulation.

XXXVII. No collections whatever, either as customs, duties, commission, fees, or under any other denomination, shall be levied by any of the officers employed at the custom houses or chokies, excepting such collections as are, or may be authorized by this Regulation, or by any other Regulation which shall be hereafter enacted in the prescribed manner.

Penalty of dismissal for a breach of the foregoing rule.

XXXVIII. Any native officer proved to have been guilty of a breach of the rule contained in the foregoing section, will, of course be liable to be dismissed from his employment, under the rules provided in such cases by Regulations V, 1804, and VIII, 1809. Complaints against native officers employed under the collectors of customs for offences of this nature, shall moreover be considered cognizable by the magistrates, and any such native officer on being convicted before a magistrate of having detained, or stopped goods in any unauthorized manner; or of having exacted, under any plea or pretence whatever as present, fee, or other consideration for the passage of goods or otherwise, in violation of the Regulations of government, shall be deemed guilty of extortion, and be liable to be sentenced to pay a fine, not exceeding two hundred rupees, and to imprisonment, not exceeding six months, or to corporal punishment, not exceeding thirty rattans, according to the nature and circumstances of the case, and the condition in life of the offender; and if the fine so adjudged be not paid, it shall be commutable to a further period of imprisonment, not exceeding six months, as provided with respect to other sentences of the magistrate by Section XIX, of Regulation IX, 1807. The party aggrieved, shall, at the same time, be at liberty to prosecute the offender for damages in the dewanny adawlut.

Complaints for such offences to be moreover cognizable by the magistrates.

And to be punishable by fine and imprisonment, or stripes, as circumstances may warrant.

The party aggrieved may also sue for damages.

Penalty and punishment, to which persons not being officers employed by government in the collection of the customs, will be subject who shall exact customs or duties on any pretence whatsoever.

XXXIX. All native persons, not being officers employed by government in the collection of the government customs, or authorized by any Regulation to collect customs or duties who shall exact customs, or duties, of any denomination, on any pretence whatsoever, whether as principals or agents, shall likewise be deemed guilty of extortion, and on conviction before a magistrate, shall be liable to the penalties of fine and imprisonment to the same extent, and with the same qualification for commuting the fine to further imprisonment, if it be not paid as the magistrate is empowered to adjudge against native officers convicted of extortion under the preceding section: and the party aggrieved shall in like manner be also at liberty to prosecute the offender for damages in the dewanny adawlut; but nothing contained

A. D. 1810. REGULATION IX.

herein, shall be construed to authorize the magistrate to inflict corporal punishment in any such case, on any ground whatever.

Exception of corporal punishment.

XL. (f) Regulation VIII, 1806, already prescribes certain rules, general and special, which are to be observed in regard to all complaints instituted against the collectors or deputy collectors of the government customs, for acts which under the Regulations in force may be cognizable in the city or zillah civil courts. It is hereby further provided, that in cases in which the Governor General in Council under the rule contained in Section III, of that Regulation, may order any such complaint to be tried in a city or zillah court, either as a public suit against government, or as a private suit against the party whose acts are complained of, the several rules in force relative to suits preferred against collectors of the land revenue in matters in which they are in like manner amenable to those courts, shall be applied (as far as the same may be applicable to the particular case,) to the whole of the proceedings in the suit in question, and to the enforcement of the judgment when finally passed; as well as to the appropriation or disbursement of the sum or sums which may be adjudged in favour of either party as costs or damages therein. And the Board of Revenue and Board of Commissioners respectively shall exercise the same discretionary power and control in regard to conducting the defence of any suit, if it be a public suit (as well as in regard to prosecutions which may be instituted at the suit of government) and to carrying the suit through the different stages of appeal, if necessary, as they would exercise in the like cases relating to suits connected with the land revenue.

Rules under which complaints against collectors or deputy collectors of the customs are to be tried and determined.

Powers to be exercised by the Board of Revenue and Board of Commissioners in regard to such cases.

XLI. The collectors of the government customs are empowered to propose to the Board of Revenue and Board of Commissioners respectively (g) for the consideration of the Governor General in Council such rules as may appear to them calculated to promote the better collection of the customs.

Collectors empowered to propose rules for the better collection of the customs.

XLII. All the rules in this Regulation, respecting collectors of the government customs, unless where the contrary is expressed, shall be considered equally applicable to their deputies. But all accounts, official reports, and communications, of the deputies, shall be transmitted to the two Boards (g) through the collectors, their immediate superiors, and all propositions for the removal or appointment of the native officers attached to the several stations of Merut, Allahabad, Furruckabad and Mirzapore, shall likewise be made through the same channel (subject of course to the provisions of Regulations V, 1804, and VIII, 1809,) and shall be communicated to the Board of Revenue or Board of Commissioners, (g) with the collector's opinion thereon. MIRZAPORE SPECIAL RULES.

Mirzapore special rules for the Decan trade.

XLIII. First. The following amended rules are to be observed in the collection of the customs in the Decan trade at the Mundovy or mart of Mirzapore.

When and where the imports are to be examined.

Second. The tellashee or search and inspection, of the goods imported by land, by the Decan beoparries, is to take place on the arrival thereof at the south gateway of the Mundovy or mart.

When the duty on imports is to be paid.

Third. The import duty to which the goods may be liable under Section XII, is to be paid in proportion as the said beoparries dispose of the whole, or any part of their investments; upon which rowannahs for the goods, are to be issued in the names of the original importers: moreover, in pursuance of that part of the arrangement proposed by the Decan merchants and sanctioned by the Governor General in Council in December 1788, which further respects the mode of payment of their import duties at Mirzapore; the deputy collector is authorized to receive one half of the said import duty from the importers, and the other moiety from the person or persons to whom they dispose of such goods in the mart, for transportation and sale beyond its limits, it being understood and stipulated, that if the Decan importer, instead of selling his goods thus brought into the mart, shall chose, in view to a better market to carry them to any place out of the said mart, he is to pay the remaining half of the fixed duty himself, so as to make up the whole of the import duty to which the goods may be liable under Section XII.

Rules under which chere chitties may be granted instead of rowannahs.

Fourth. With a further view to the accommodation of the Decan beoparries in regard to their exports from the mart of Mirzapore to the Decan, the deputy collector is authorized to grant chere chitties or passes, with one seal only, instead of rowannahs for all goods passing from the mart of Mirzapore to the Decan, provided that such goods shall have been first imported into the mart under a rowannah certifying, that the prescribed duties have been collected thereon; or that the prescribed duty shall have been levied on their importation into the Mundovy or mart without a rowannah. But all goods the prescribed duty on which shall not appear to have been once paid, must be cleared out, and be accompanied by a regular rowannah according to the form heretofore in use, previous to their being passed for exportation to the Decan.

DISPOSAL OF ROWANNAHS.

Considerable inconvenience having been experienced from the mode now in use with regard to the disposal of rowannahs, which have covered goods to the place of their destination, the Board of Revenue, with the sanction of the Governor General in Council direct as follows:

All rowannahs presented with goods to the collector of government customs at Calcutta, instead of being returned to the merchant as heretofore, (after they have gone through all the requisite forms of office, such as being examined, with the goods covered by them, or part of such dispatch, to identify their quality and proper value,) shall be retained in the hands of the collector, and registered according to the present mode, and a printed certificate, agreeably to the annexed form, be granted for each dispatch, or several dispatches, (as the case may be,) which may arrive within the period of one or more months, as the importer may prefer, which shall specify the number of pieces, whole or half, the description of the pieces, the valuation of the goods on which the duty has been finally adjusted, and total amount. Certificates so granted shall be current for the period of one year from the date of their issue. When any merchant shall be desirous of re-exporting into the interior of the country any part of the goods specified in the certificate, he shall make an application for that purpose, and be allowed to take out an attrafee, rowannah, such goods being struck off from the register and certificate. When a merchant shall require to export by sea any part of the goods covered by the certificate, and demand drawback on the same, he shall in like manner make an application to that effect, accompanied by the certificate, and the goods so exported shall be also struck off from the register and certificate, in both cases noticing the purpose; and when every item inserted in these documents shall have been passed and struck off, the certificate shall be cancelled and the original rowannah destroyed. All rowannahs from the Vizier's territories shall in like manner be surrendered to the collector and be exchanged for certificates.

* This Appendix forms no part of Regulation IX, 1810: it has been introduced in this place and in this form as the articles contained in it have relation to that Regulation, and the length of them would not admit of their being inserted in the body of that Regulation by way of notes.

Certificates shall also be granted, in lieu of rowannahs, for goods chargeable with duties imported into Calcutta, subject to the same rules, on exportation into the interior, or by sea.

CERTIFICATE OF GOODS IMPORTED FROM THE INTERIOR.

I do hereby certify that (A. B.) has imported into Calcutta, under cover of (49) rowannahs, the undermentioned pieces of piece goods, and that the established duty has been paid on them.

NOTIFICATION.

FORT WILLIAM, the 5th December, 1817.

Inconvenience being experienced from the want of some defined rules regarding the course to be followed by individuals, in making applications to government on matters connected with the customs; the Honorable the Vice-President in Council has been pleased to direct, that the following resolutions be published for general information.

All persons deeming themselves aggrieved by any order passed by the Board of Revenue, and who may be desirous of preferring an appeal against the decision of that authority, to government, shall, in the first instance, make their appeal to government through the channel of the Board.

If the Board of Revenue shall, under the discretion vested in them, refuse to forward to government, the application so submitted to them, it will of course be open to the party to address government directly, in the last resort.

All applications regarding the import, export, or transit of military stores, shall in future be made to the secretary to government in the territorial department, from whose office the orders of government will be issued directly to the collector of customs, and to the parties making the applications.

The above rule, however, shall not be considered applicable to applications from the commanders or owners of vessels, to land guns belonging to them, as a temporary convenience, or for the re-shipment of guns so landed. All applications of that nature shall, as heretofore, be addressed to the Board of Revenue, who are authorized to comply with them, without reference to government.

GOVERNMENT ADVERTISEMENT.

Fort William; Territorial Department; the 31st July, 1818.

NOTICE is hereby given, that the several collectors of government customs have been authorized, and directed to grant free rowannahs for Indigo proceeding from the interior of the country to Calcutta, on receiving from the parties bonds for the amount of transit duty payable on the said article, with the security of some responsible person executed according to the form annexed to this notification, and subject to the several conditions hereafter specified.

The rowannahs above described shall be granted, either by the collector of government customs at Calcutta, or at the custom house, from within the range of which the Indigo may be dispatched.

In the event of a dispatch of Indigo, for which a bond-rowannah may have been obtained, falling short of the quantity therein specified, the collector whose cus-

tom house the Indigo may first pass, will, on application being made by the party, note on the face of the rowannah the real quantity dispatched, and the party shall be held bound only for a proportionate share of the duty specified in his bond, the rowannah being good only for the quantity noted as aforesaid.

In like manner when a portion of the Indigo, covered by a rowannah, shall be exported, the collector of government customs at Calcutta, shall note on the rowannah the quantity so exported, specifying the vessel on which the article may be exported, and the place to which it may be consigned ; and in the event of the Indigo being exported otherwise than on a British bottom to the United Kingdom, Gibraltar, or Malta, the collector before permitting the export of the article, shall require payment of a proportionate share of the amount of the bond, with such further export duty as may be prescribed.

Bonds granted under the terms of this notification, shall bear interest at the rate of 12 per cent, but no demand for the interest due on the bond shall be made in any case in which the Indigo, therein specified, shall be exported by sea, whether on a British, or foreign bottom.

If any Indigo specified in a rowannah, granted as above, shall not be exported within the period of one year from the date of its being granted, the parties shall be allowed to renew their bond for a further period of one year, on satisfying the collector of government customs at Calcutta, that the said Indigo is still forthcoming ; but if any Indigo, specified in a bond granted under the terms of this notification, shall remain not exported at the expiration of the second year, the amount of duty payable on such Indigo shall be paid, with interest at the rate of 12 per cent, excepting always cases of unavoidable loss and accident, as provided for in the bond.

Bonds shall not be received for any sum less than 500 rupees. All dispatches therefore of Indigo, which may be less than 100 maunds, shall be subject to duty as heretofore.

Persons receiving bond-rowannahs, shall pay a fee of 2½ per cent, on the amount of their bond.

All persons who may prefer taking out rowannahs as heretofore, are of course at liberty to do so ; and in like manner, persons who may not be able to find a responsible surety to join them in a bond for the prescribed duty, must take out rowannahs for their Indigo, under the rules contained in the existing Regulations.

Although therefore the bond will be at the rate of 5 per cent. under the stipulation of the goods being exported on British bottoms, credit for half the amount will of course be given on account of drawback, in case of such exportation on foreign bottoms.

4. Rowannahs according to the foregoing schedule will be granted to individuals executing the bonds prescribed, and paying the due proportion of duty where such may be required, to be paid in cash, either by the collector of government customs at Calcutta, or by the collector at the custom house from within the range of which the article may be dispatched; but no bonds shall be received, except the party or one of the parties, that is, either the principal or surety, bound for the amount of the same, be resident within the city of Calcutta, and be likewise of known respectability and character.

5. It shall be competent to the officers of customs to refuse the bond of any individual without reason assigned, subject of course to an appeal by the party tendering the bond to the Board under which such collector may be acting.

6. In case the dispatch of any article fall short of the quantity specified in the bond, the collector whose custom house the article may first pass, will on application from the party, note on the back of the bond-rowannah the real quantity dispatched, after which the party will be bound for that proportion only of the duty, which may be due upon goods covered by the rowannah.

7. In the event of a bond-rowannah being taken out under the present arrangement at the Calcutta custom house, the bond will of course be retained by the collector of government customs, and if the bond-rowannah be taken out at any of the custom houses in the interior, the bond shall be immediately forwarded to the collector of government customs at Calcutta.

8. Upon exportation of the whole or any part of the goods, covered by a bond-rowannah, the party shall, previously to the embarkation of such goods for shipment, apply to the collector of customs at Calcutta, to be discharged from the whole, or so much of the obligation of the bond, as the shipment may entitle him to. The collector shall then cause the goods to be identified, and their quantity to be ascertained, and in case the shipment be on such a vessel, and to such a port as to entitle the party to a discharge, shall write off on the back of the rowannah the particulars of the export, and shall make a corresponding endorsement on the back of the bond, that the party may be discharged accordingly.

9. In case the shipment be such as that, besides the transit duty, a further duty is leviable in consequence thereof, the collector of customs shall, previously to permitting the shipment, require payment of the whole, or any part of the bond that may become due, and of any additional export duty, prescribed by the Regulations for the case.—He shall likewise be careful to note the circumstances on the back of the rowannah, and of the bond.

10. Bonds received under this notification, shall bear interest at the rate of 12 per cent, but no interest shall be demanded in any instance where the article specified therein shall be any wise exported by sea, within the term prescribed.

11. If the article, for any part of the duty on which a bond may have been executed, be not exported by sea, within the period of one year from it's date, the collector of customs at Calcutta shall demand the amount due upon such bond, with interest thereon: provided however, that the parties shall be allowed to renew their bonds for a further period of one year, on proving to the satisfaction of the collector, that the goods, for the duty on which the renewed bond is to be executed, are forthcoming: such renewed bonds shall include specifically the year's interest then due, and shall bear interest on the whole amount at the rate of 12 per cent, and if the goods or any portion of them, be not exported before the expiration of the second year, the amount of the bond with a deduction, proportioned to the goods which may have been exported, shall be levied with interest on the same at the rate of 12 per cent.

12. In case of unavoidable loss or accident, by which the whole or any part of a dispatch of the above articles covered by a bond-rowannah may be destroyed, the party suffering the loss, or the party who may have executed the bond for the duty on the goods shall certify the occurrence to the collector of customs at Calcutta, within one month from the date of it's taking place; and the collector on being satisfied of the truth of the fact, shall write off on the back of the bond, the nature of the accident, and the quantity of goods destroyed thereby, that the party may be discharged from the amount of duty, payable on account of such goods. If the collector, not being satisfied with the proof adduced to the fact asserted as having occasioned loss, shall refuse to write off the amount of duty claimed, an appeal will of course lie to the Board of Customs, at the presidency.

13. Bonds shall not be received, except the amount of duty for which they may be executed be, in the case of raw silk and piece goods of different descriptions, not less than the sum of sicca rupees 500, and in the case of the other articles enumerated in this notification, not less than the sum of sicca rupees 100. If the consignment be not of sufficient value to bring it under this rule, duty will be required to be paid as heretofore.

14. Persons receiving bond-rowannahs shall pay a fee of 2½ per cent on the amount of their bond.

15. Nothing in this notification shall be construed to prevent persons, who may prefer doing so, from taking out the usual rowannahs for any of the articles in question, under the rules contained in the existing Regulations, nor to deprive

them of the drawback which they would in such case be entitled to on the exportation of the goods by sea.

No. VIII.

The following Constructions of Regulation IX, 1810, Sections XXXI and XXXIX, by the Nizamut Adawlut, having been inadvertently omitted in their proper places, they are, therefore, here inserted.

† In case of renewed bond only.

XXXI.

XXXI. The assistant magistrate of zillah Allyghur, having instructed a police darogah to stop some loads of charcoal proceeding through his jurisdiction, on the ground that a zemindar was collecting the same for the manufacture of gunpowder, and that the Regulations prohibited the transit of military stores, excepting under pass from government; a reference was made by the Barrelly court of circuit on the subject, and the Nizamut Adawlut determined, that charcoal not being specified in this section, or in its unprepared state generally considered a military store, it could not be deemed liable to seizure and confiscation; and further, the court observed, that they were not aware, that it was confiscable under any Regulation then in force. *3 April, 1811.*

XXXIX. In reply to a question from the acting magistrate of zillah Agra, respecting the definition of the word "exact," occurring in this section, the Nizamut Adawlut was of opinion, that the term must be constructed to apply to the actual collection and not the mere demand of the duties adverted to; but the court considered the offence (mere demand) punishable as a misdemeanor under the Regulations and Mahomedan law. *31 January, 1811.*

A. D. 1810. REGULATION X.⁽¹⁾

A REGULATION for abolishing the duties at present collected under the denomination of town duties, and for establishing in place thereof a town duty to be levied on certain specified articles of consumption.—PASSED by the Vice President in Council, on the 10th of April 1810; corresponding with the 29th Choite 1216 Bengaler a; the 20th Choite 1217 Fusly; the 30th Choite 1217 Willaity; the 6th Choite 1867 Sumbut; and the 5th Rubee-ul-awul 1225 Higeree.

IN pursuance of the principle laid down in the preamble to Regulation IX, 1810, of equalizing the public burdens without impairing the resources of government, and of obviating the inconveniences resulting from the system of successive collections; the Vice President in Council has resolved to abolish the town duties heretofore collected, on various articles of merchandize, (which were also subjected to the payment of government customs); and in place thereof to establish a town duty on certain specified articles of general consumption, to be levied on their importation into the cities and principal towns within the provinces immediately subject to the presidency of Fort William. The following rules have accordingly been enacted, to be in force throughout the said provinces, from the period of their promulgation.

I further hereby bind myself strictly to adhere to the several rules and restrictions prescribed in the said Regulation, for my guidance, in levying the town duty specified therein ; and to forfeit three times the amount of any duties, fees, or collections of any denomination ; which may be exacted, either by myself, or by any persons employed by me, from individuals, beyond the authorized rates, in addition to any other penalties which the Regulation before mentioned may prescribe.

Farmers and shopkeepers also may compromise the import duties for the payment of a fixed monthly sum.

Farmer's instalments to be paid by the tenth of each succeeding month.

Collectors to give receipts for such payments.

XIV. The farmer may, if he think proper, establish golahs, in convenient situations, for warehousing grain or other bulky articles; and may charge such rent for the use of the golahs, as may be agreed upon with the merchant; but the farmer shall not be at liberty, to compel the merchant, in any case, to make use of such golahs against his inclination.

XV. Should the merchant and farmer agree mutually on a compromise of the duties, on articles to be imported by the latter during a given period, without weighing or otherwise examining the articles; the parties shall be at liberty to make such compromise.

XVI. Should shopkeepers (venders of sweetmeats and others) think proper to compromise with the farmer for the payment of a fixed monthly sum, instead of paying the import duty on the articles sold by them, the parties shall be at liberty to make such compromise by mutual agreement.

XVII. The monthly instalments conformably to the farmer's engagement, are to be discharged with punctuality, by payment of the amount into the treasury of the collector, on or before the tenth day of each successive month, and the collectors are regularly to give their receipts for such payments, under their official seals and signatures. In the event of the payment of an instalment being delayed beyond the period beforementioned, the collector is to proceed against the farmer and his surety for the recovery of the amount due, with interest at the rate of one per cent per mensem, from the date on which the arrear became due until it be discharged, by the same process as is prescribed for the recovery of an arrear of revenue. Moreover, if at any time the farmer should fall in balance to the amount of three successive instalments, the Board of Revenue or Board of Commissioners (w) respectively, shall be at liberty to annul the lease, (reporting the same for the information of government,) and may either grant a new lease to some other person, who may be willing to engage for the remainder of the term; or may direct the collection of the duty to be made by the collector. The Board of Revenue and Board of Commissioners (w) are, moreover, respectively empowered, whenever they may not approve of the terms offered for the farm of the town duties, or may be of opinion, that it is not advisable to let them in farm; to direct the collector to levy the prescribed duties by means of his own officers. In the abovementioned cases, and in all cases where any interval may occur, either at the commencement of the year, or at any other period, during which the collection of the town duties may not have been actually committed to a farmer; the collector of the land revenue shall levy the prescribed duties, in the same manner, and under the same restrictions, as are provided by this Regulation for the guidance of the farmer.

A. D. 1810. REGULATION X.

XVIII. In the event of a farmer's lease being annulled under the provisions of the preceding section, all compromises which he may have entered into with merchants under the option given to the parties by Sections XV and XVI, are to be considered void, unless renewed by the farmer engaging for the unexpired part of the term; or by the collector if the collection be held khas.

If a lease be annulled, the compromises permitted under Sections XV and XVI, to be void, unless renewed by a succeeding farmer.

The illegal detention of any article not liable to the town duty, on any pretence whatever; although no duty be actually levied; shall moreover be punishable, by fine, according to the circumstances of the case, in a sum not exceeding five hundred rupees; in addition to the costs and damages which may be adjudged to the party suing therein.

The collector is also empowered generally to hear all complaints of undue exactions by the farmer or his servants; and on proof thereof, to award to the complainant, upon a summary enquiry, three times the amount of the duties collected beyond the authorized rates. N O T I F I C A T I O N.

(y) His Excellency the Most Noble the Governor General in Council having deemed it right to relieve the merchants from the payment of town duty on goods brought into Calcutta, for exportation by sea, whether to the United Kingdom of Great Britain, or elsewhere, has directed the following rules to be observed from this date.

1. Upon any dispatch of such goods, being imported by way of the River Hooghly, the boat or boats on which the same shall be laden, shall, on their arrival at Bolonkhal to the North, or Muggab thannah to the south, bring to, until the proprietor shall have made application, at the custom house, for permission to pass the goods free of town duty. Such application shall be accompanied by the rowannah covering the goods, and shall specify the quantity, quality and value of the article as entered in the rowannah. The collector shall then grant a pass, under which the goods shall be conducted in charge of a peon, to the custom house wharf, to be weighed:—provided, however, that no goods shall in any case be entitled to exemption from town duty, except under such pass; and that articles attempted to be landed at any other place than that indicated in the pass, or attempted to be landed any where, without such pass, shall still as heretofore, be chargeable with the payment of the established town duty.

2. Should the goods be imported by the route of the Sunderbunds, the boat or boats, on which they shall be laden, shall bring to at the custom house chokry at Gurreah ghaut, and there await the receipt of the pass to be granted by the collector, under the above rule, which shall in all its provisions be held equally applicable to such case.

3. The points at which goods coming by land, shall wait for the arrival of the said pass, are the first custom house chokies at which they may arrive in their route to Calcutta, from whence they shall be conducted direct to the custom house, for the purpose of being weighed. It is however hereby declared that should any goods be brought within the boundary chokies above described, without such pass from the collector, or be found within those limits at any time previously to having been weighed at the custom house, otherwise than in their actual transit, under such pass to the custom house, they shall in all such instances be chargeable as heretofore with town duty.

4. If a merchant be desirous of storing goods, imported and actually weighed off at the custom house, under either of the three preceding rules, he shall be at liberty to do so, on entering into a bond, bearing interest, at the rate of 12 per cent, for the discharge of the full amount of town duties due upon the goods, in case they shall not be exported by sea, within the period of one year, from the date thereof. No bond shall be taken, where the amount of duty on the goods shall be less than one hundred rupees, nor shall it contain any restriction as to the place, to which the goods comprehended in it, shall be exported; but in all other respects, it shall be similar in form and conditions to those which are executed by individuals, on receiving Indigo for exportation.

5. It shall be the duty of the collector to have the said bond cancelled on the exportation of the goods, or to realize the amount of the same, if not cancelled within the appointed time:—provided however that it shall be competent to the owner of such goods, to transfer by sale, or otherwise, the whole or any portion of them, under the immunity derived from the said bond, so long as it may last; but the bond shall not be cancelled until the collector shall have satisfied himself, that the whole of the articles embraced in it, have been cleared out for exportation by sea; in default of which it shall take effect against the original executor, for so much of the goods as may remain uncleared,—any such transfer notwithstanding.

6. A fee of $\frac{1}{2}$ per cent, on the amount of the bond, shall be levied upon their execution, for the benefit of the collector, his deputies, and head assistant.

7. It shall be discretionary with the collector to refuse the above indulgence in any case, wherein he may have good reason for doubting the sufficiency or respectability of parties tendering the bond, and to require in cases where he may deem fit, a deposit of Company's paper, or the actual payment of the town duties, in the first instance; an appeal will of course lie to the Board of Customs, should any individual conceive himself aggrieved by the award of the collector in this respect.

His Excellency the Most Noble the Governor General in Council having been pleased to adopt the above rules, solely from the consideration of the present confirmed state of the custom house wharf, it is of course to be understood, that they are to be in force only until the warehouses now constructing at the custom house are completed,—when the provisions of Clause 2d, Section XXX, Regulation X, of 1810, will again be strictly adhered to:

By Order of the Board of Customs, Salt and Opium.

A. D. 1810. REGULATION XII. 7

A REGULATION for modifying the rules contained in Section II, Regulation VII, 1809; and Section VI, Regulation X, 1809.—**PASSED** by the Vice President in Council, on the 4th May 1810; corresponding with the 23d Bysaak 1217 Bengal era; the 15th Bysaak 1217 Fusly; the 24th Bysaak 1217 Willaity; the 15th Bysaak 1867 Sumbut; and the 29th Rubee-ul-awul 1225 Higeree.

WHEREAS by Section II, Regulation VII, 1809, the rule, which had been previously in force, requiring the signature of the superintendant or his officers to be affixed on all stamp paper, was rescinded, with a provision that such rescission should not be construed to prevent the sale of any stamp paper which might have already been so authenticated, until the 1st January 1810: and whereas any limitation as to time with respect to the sale of stamp paper so authenticated is unnecessary; and whereas obstacles have occurred to the general introduction of the new copper coinage into the province of Benares within the period prescribed by Regulation X, 1809, the following rules have been enacted, to be immediately in force.

Preamble.

II. All stamp paper which may still remain in store authenticated according to the rules, existing previously to the enactment of Regulation VII, 1809, shall be admitted and filed in the courts of justice, in the same manner as if those papers had not received such authentication. ()*

All stamp paper remaining in store previously to the enactment of Regulation VII, 1809, to be admitted and filed in the courts of justice.

III. Section VI, Regulation X, 1809, which prescribes, that after the expiration of six months from the period of the promulgation of that Regulation, no copper coin excepting that established by the said Regulation, shall be considered to be a legal tender of payment, is hereby rescinded, and the copper coin which has been hitherto current in the province of Benares, shall continue to be received in discharge of all private and public demands, until the Governor General in Council, or Vice President in Council, shall signify by proclamation, that an adequate supply of copper coin of the size and weight prescribed by Section III, of that Regulation, has been introduced into the province of Benares.

Section VI, Regulation X, 1809, rescinded.

Copper coin hitherto current in the province of Benares shall continue to be received until further orders.

A. D. 1810. REGULATION XIII.

A REGULATION for expediting the trial and decision of causes depending in the civil courts; and for promoting the amicable adjustment of civil suits.—**PASSED** by the Vice President in Council, on the 4th May 1810; corresponding with the 23d Bysaak 1217 Bengal era; the 15th Bysaak 1217 Fusly; the 24th Bysaak 1217 Willaity; the 1st Bysaak 1867 Sumbut; and the 29th Rubee-ul-awul 1225 Higersee.

BY the Regulations in force two judges of a provincial court of appeal, and of the court of Sudder Dewanny Adawlut, are required to form a court, competent to the decision of any original cause, or appeal, and it is provided that no decree, or final order, of those courts, shall be valid, unless passed by two judges, present in court. An accumulation of appeals in many of the provincial courts, and the original jurisdiction vested in those courts by Regulation XIII, 1808, in all regular suits the cause of action in which may exceed five thousand sicca rupees, make it necessary that the rule abovementioned should be modified to admit of daily sittings of the provincial courts, before one or more judges of those courts. A considerable addition to the general business of the court of Sudder Dewanny Adawlut, renders it equally expedient that a similar provision should be extended to that court. An accumulation of appeals from the decisions of the native commissioners, in many of the zillah and city courts, makes it further necessary to modify such part of the Regulations in force as requires the judges of those courts to hear, themselves, all appeals from the decisions of the native commissioners, within their respective jurisdictions. And with a view to promote the amicable adjustment of civil suits, in all the courts of judicature, it is expedient to provide for a return of the institution fee, when such suits may be adjusted by razeenamahs filed before the pleadings are completed and read, or by returning a moiety of it when a razeenamah may be filed after the completion and perusal of the pleadings. The following rules are accordingly enacted, to be in force, as soon as promulgated, in the whole of the provinces immediately subject to the presidency of Fort William. (b)

Preamble.

(b) Extended to the lands comprised within the Jaghire of the late Killadar of Callenger which have been annexed to the zillah of Bundelcund by Regulation XXII, 1812, and to the Purgunah of Handya, annexed to the zillah of Allahabad by Regulation XVIII, 1816; subject to certain provisions. The territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bundelah Chieftains, together with the tract of land situated near the town of Teroha, in the said zillah, granted as an independent Jaghire to his Highness Amrut Rao, are exempted from the operation of the general Regulations; the former by Regulation XXII, 1812, the latter by Regulation VII, 1816.

A. D. 1810. REGULATION XIII.

Modification of existing Regulations, which require that two judges of a provincial court of appeal shall be necessary to hold a court.

In what cases a single judge of the provincial court may hold a sitting of the court.

Provision when the single judge may be of opinion that a decision, or order, appealed against should be reversed, or altered.

Further provision, that no judge shall sit on an appeal from a judgment, or order, passed by himself.

Decisions of a single judge, passed in conformity with the foregoing section, to have the same operation and effect as decisions of two or more judges of a provincial court.

Rules contained in Regulation I, 1807, applicable to single judges of provincial courts holding sittings under the present Regulation, with modifications.

II. First. Such part of the existing Regulations as provides that two judges of a provincial court of appeal shall be necessary to hold a court of appeal, and that no decree of a provincial court shall be valid, unless passed by two judges present in court, is hereby declared subject to the following modification.

Second. Whenever, from the absence, or indisposition, of one or more of the judges of a provincial court of appeal, or from vacancy, or any other unavoidable cause, the regular sittings of a provincial court, cannot be held before two or more judges of such court, it shall be competent to a single judge to hold the regular sittings of the court; and to pass orders, or judgment, in conformity with the regulations, subject to the following provisions. (c)

Third. In the trial of appeals from the decisions, or orders, of the judges, assistant judges, (d) or registers, of the zillah and city courts, if a single judge of the provincial court sitting upon the appeal, shall be of opinion that the decision, or order, appealed against, ought to be reversed, or altered, he shall not pass any decree or final order thereupon, until one or more of the other judges of the provincial court can sit with him upon the appeal in question. (e)

Fourth. No judge of a provincial court shall sit on the trial of an appeal from a judgment, or order, passed by himself. (f)

III. Decisions of a single judge of a provincial court, passed in conformity with the foregoing section, shall have the same operation and effect, as decisions passed by two or more judges of a provincial court, under the Regulations in force; and shall be considered appealable, or not, to the court of Sudder Dewanny Adawlut, according to the general rules prescribed by those Regulations.

IV. First. The rules contained in Regulation I, 1807, for defining the "duties to be performed, and powers exercised, by single judges of the provincial courts of appeal in the absence of the other judges of the court," shall be considered applicable to single judges of the provincial courts holding sittings under the present Regulation with the following modifications.

(c) The regular sittings of a provincial court may also be held before a single judge, whenever there may be a number of original causes or appeals pending trial, or for the general dispatch of business; subject to the provisions of this Regulation, as far as they are applicable to such sittings. See Regulation XXV, 1814, Section VI.

(d) The office of an assistant judge in the zillah and city courts, has been abolished since the 1st February, 1815. See Regulation XXIV, 1814, Section III.

(e) Modified by Regulation XXV, 1814, Section VIII: If a single judge of a provincial court, trying a cause in appeal from a zillah or city court, should think the decision of the zillah or city court ought to be reversed or altered, and should record his sentiments to that effect; another judge of the same court, sitting afterwards upon the same appeal, and concurring in the recorded opinion of the judge who first sat, is competent to pass a final order of decrees without waiting the actual presence of two judges at the same sitting.

(f) *Construction by the Sudder Dewanny Adawlut; 29th November, 1810.*—This clause must be construed as restricting a single judge of a court of appeal from dismissing on default, appeals from judgments or orders passed by himself, and as restricting a judge of a provincial court from sitting on the trial of appeals from judgments passed by himself, even in company with other judges.

Second.

A. D. 1810. REGULATION XIII.

Second. The sitting judge may perfect interlocutory decrees and orders passed by himself in conformity with Section II, of this Regulation, or by any other judge or judges of a provincial court, in pursuance of the Regulations in force. Provided that it shall not, in any case whatever, be competent to a single judge to reverse or alter the decree, or order, of any other judge, or judges of a provincial court.

Sitting judge may perfect interlocutory decrees and orders passed in conformity with Section II, of this Regulation. Proviso, against alteration of decrees or order of any other judge or judges of the provincial court.

Third. The sitting judge may determine, in the first instance, upon the admission or rejection of appeals to the provincial court, (excepting cases in which the judgment, or order, appealed from, may have been passed by himself) subject to the appeal allowed by the Regulations to the court of Sudder Dewanny Adawlut, in all cases wherein a provincial court may refuse to admit an appeal on the ground of delay, informality, or other default. The sitting judge may also determine, on the admission or rejection of all applications for special appeals to the provincial court except in cases, wherein he may have himself passed the judgment, or order, appealed from. (g)

In what cases the sitting judge may determine, in the first instance, on admission, or rejection of appeals to the provincial court.

Fourth. On the trial of an original cause instituted before a provincial court, as well as on the hearing of appeals to that court, it shall be competent to a single judge, holding a sitting of the court under this Regulation, to pass such orders as he may deem just, and consistent with the Regulations, respecting the admission of evidence, examination of witnesses, and all other points connected with the trial of the suit before the court, subject to the provision contained in Section VII, Regulation I, 1807; whereby the provincial court at large, or any two judges of the court, are declared at liberty to re-examine witnesses, whose depositions may have been taken before a single judge, if it appear requisite; to examine any other witnesses in the cause; and generally to pass any order that may appear proper and consistent with the Regulations, whether in addition to, or in qualification, or abrogation of, any previous order of a single judge. (h)

Sitting judge may pass orders on admission of evidence, examination of witnesses, and other points connected with the trial of suits before the court, subject to the provision in Section VII, Regulation I, 1807.

(g) *Construction by the Sudder Dewanny Adawlut; 26th December, 1816.*—Under the powers vested in single judges of the provincial courts by this clause, to determine on the admission or rejection of applications for special appeals to those courts, the order of a single judge, holding a regular sitting of the court, for the admission of a special appeal, must, in the judgment of the Sudder Dewanny Adawlut, be deemed conclusive, in like manner as if it had been passed by two or more judges of the provincial court. As the opinion of the senior judge on the competency of the court at large to revise the grounds on which the special appeal had been admitted by a single judge, differed from that of the third judge, the question should have been brought before another judge, or decided by a majority of voices, in conformity with the provisions of Regulation XXV, 1814, Section IX.

(h) *Constructions by the Sudder Dewanny Adawlut.* 1. The court considered a single judge authorized by Section II, Clause II, of this Regulation, to try and decide original suits as well as appeals, and that the provision in this clause has reference to the possible completion of the trial before two or more judges, after having been commenced before a single judge. 16th August, 1810.—2. A single judge of a provincial court is competent under this clause to exercise the power vested in the provincial court collectively by Regulation V, 1793, Section XV III, as far as respects the admission of further evidence to be taken for the decision of the provincial court; but that it is not competent to a single judge to refer a suit back to a sillah or city court for further investigation and decision, without the concurrence of one or more judges, in conformity with Section II, Clause XII, of this Regulation.—10th January, 1811.

Fifth.

A. D. 1810. REGULATION XIII.

A single judge may commit, or hold to bail, for trial before a court of circuit witnesses guilty of perjury in cases brought before him.

Fifth. In the event of a witness, in a case brought before a single judge under this Regulation, appearing guilty of wilful perjury, as defined in Section IV, Regulation II, 1807, it shall be competent to the sitting judge to order that such witness be committed, or held to bail, for trial before the court of circuit.

Sitting judge may proceed, as the provincial court at large are empowered to proceed, upon miscellaneous petitions, under restrictions stated in this Regulation.

Sixth. A single judge holding a sitting of the provincial court under this Regulation, may receive miscellaneous petitions, relative to matters depending before, or decided by any zillah or city court, in all cases wherein the provincial courts are authorized to receive such petitions; as well as all other petitions which the provincial courts are authorized by the Regulations to receive; and to proceed thereupon as the provincial courts are empowered to proceed; under the restrictions stated in this Regulation. (i)

Rule for a daily sitting of the provincial courts under provisions of this Regulation.

V. Under the provisions of this Regulation, the sittings of the provincial courts shall be held daily (Sundays, established holidays, and authorized vacations excepted) before one or more of the judges of those courts, or if any circumstance, (except the intervention of Sundays, holidays and vacations) should prevent a daily sitting for two days successively, the same shall be reported for the information of the Sudder Dewanny Adawlut.

Modification of existing Regulations which provide that two judges of the Sudder Dewanny Adawlut shall be necessary to hold a court.

VI. *First.* Such part of the existing Regulations as provides that two judges of the court of Sudder Dewanny Adawlut, shall be necessary to hold a court, and that no decree or final order of the court shall be valid unless passed by two judges present in court, is hereby declared subject to the following modification.

In what case a single judge of the Sudder Dewanny Adawlut may hold a sitting of that court.

Second. Whenever, from the indisposition or absence, of one or more of the judges of the Sudder Dewanny Adawlut, or from vacancy or any other unavoidable cause, the regular sittings of that court cannot be held before two or more judges of the court, it shall be competent to a single judge of the Sudder Dewanny Adawlut to hold a sitting of that court, and to pass orders, or judgment, in conformity with the Regulations, subject to the following provisions. (j)

Provide, when the single judge may be of opinion that a decision, or order, appealed against should be reversed, or altered.

Third. In the trial of appeals from decisions or orders of any provincial, zillah, or city court, if a single judge of the Sudder Dewanny Adawlut, sitting upon the appeal, shall be of opinion, that the decision, or order, appealed against, ought to be reversed, or altered, he shall not pass any decree, or final order there-

(i) Explained by Regulation XXV, 1814, Section X, as far as respects the powers which may be exercised by single judges holding the regular sittings of the provincial courts, in the appointment and removal of ministerial native officers of those courts and of the zillah and city courts.

(j) The principle of the modification of Section II, Clause II, of this Regulation, as stated in the Note to that clause, has been extended and declared applicable to the rule contained in this Clause, with respect to a single judge of the Sudder Dewanny Adawlut holding the sittings of that court. See Regulation XXV, 1814, Section XVI.

A. D. 1810. REGULATION XIII.

upon, until one or more of the other judges of the court can sit with him upon the appeal in question. (k)

Fourth. No judge of the Sudder Dewanny Adawlut shall sit upon the trial of an appeal from a judgment or order passed by himself.

VII. Decisions and orders of a single judge of the court of Sudder Dewanny Adawlut, passed in conformity with the foregoing section, shall have the same operation and effect, as decisions and orders passed by two or more judges of that court under the Regulations in force.

VIII. *First.* A single judge of the Sudder Dewanny Adawlut, holding a sitting of that court, may perform the same duties, and exercise the same powers, as a single judge of a provincial court is authorized to perform and exercise, by Section IV, of this Regulation, with the following modification of Clause Third.

Second. The sitting judge may determine, on the admission or rejection, of all applications for appeals, whether regular or special, to the court of Sudder Dewanny Adawlut, except in cases, wherein the judgment, or order appealed from may have been passed by himself.

Third. Provided that it shall not, in any case, be competent to a single judge of the Sudder Dewanny Adawlut to reverse, or alter, the decision or order, of two or more judges of the court.

IX. (1) *First.* Such part of Section XXII, Regulation XLIX, 1803, or of any other Regulation in force, as requires the judges of the zillah and city courts to hear, themselves, all appeals from the decisions of the native commissioners within their respective jurisdictions, is hereby declared subject to the following modification.

Second. Whenever the number of appeals from the decisions of the *mofussil* native commissioners, in any zillah or city, may be such as cannot be speedily heard and determined by the zillah or city judge, without impeding the investigation and decision of other causes depending before him, he is authorized and required to refer such appeals for investigation and decision, to the sudder aumeen appointed under Section IX, Regulation XLIX, 1803, (or in the ceded and conquered provinces under Section XXVI, Regulation XVI, 1803,) or to one of his law officers empowered to act as head referee, by Regulation XV, 1805.

Further provision, that no judge shall sit on an appeal from a judgment or order passed by himself.

Decisions and order of a single judge of the Sudder Dewanny Adawlut, passed in conformity with foregoing section, to have the same operation and effect, as decisions and orders of the court at large.

And may determine on the admission or rejection of all applications for appeals; except in cases decided by himself.

A single judge restricted from reversing, or altering, in any case, the decision, or order, of two or more judges of the court.

Modification of rule which requires that the judges of the zillah, and city courts, shall hear all appeals from the decisions of the native commissioners.

In what case the judge may refer appeals from the *mofussil* native commissioners to the sudder aumeen, or to one of the law officers, empowered to act as head referee.

(k) The principle of the modification of Section II, Clause III, of this Regulation, as stated in the Note (e) to that clause, has been extended and declared applicable to the rule contained in this clause, with respect to a single judge of the Sudder Dewanny Adawlut holding the sittings of that court. See Regulation XXV, 1814, Section XVI.

(l) This and the next section have been rescinded by Regulation XXXIII, 1814, Section II.

Third.

A. D. 1810. REGULATION XIII.

Decree of the sudder aumeen, or law officer, upon appeals so referred, to be final; subject only to the general provisions for special appeals.

In what cases of adjustment, by razeenamahs, the entire institution fee is to be returned to the party who may have paid the same, or to his representative.

Third. *In appeals referred under this section to a sudder aumeen, or to a law officer acting as head referee, his decision upon the appeal shall be final; unless the zillah or city judge see ground to admit a special appeal, under the general provisions for special appeals, in all cases wherein a regular appeal is not open.*

X. *The sudder aumeens, and law officers acting as head referees, to whom appeals may be referred under the preceding section, shall, on deciding the same upon investigation of the merits of the case, be entitled to the same fee as they are allowed by the Regulations in force upon the trial and decision of original suits. But no sudder aumeen, or law officer, shall be entitled to receive any part of the institution fee upon appeals dismissed on account of the appellant's non-attendance, or any other default, or ground of non-suit, without a determination of the merits of the case. When the cause in appeal may be adjusted by a razeenamah, the provisions contained in the following section will be applicable.*

XI. (m) First. *With a view to encourage the adjustment of depending suits and appeals by razeenamahs of the parties, it is hereby declared that, in all instances, after the promulgation of this Regulation, of the adjustment of an original suit, or appeal, by a razeenamah, filed before the pleadings are completed and read, whether the cause be depending before a native commissioner, sudder or mofussil, (n) or before the judge, assistant judge, (o) or register, of a zillah or city court, or before a provincial court, or the court of Sudder Dewanny Adawlut, the entire institution fee (p) paid upon the cause, so adjusted, shall be returned to the party who may have paid the same, or to his legal representative.*

(n) Parts of this Clause as relate to mooniffs, sudder aumeens, or native commissioners, have been rescinded by Regulation XXIII, 1814, Section II: see other provisions in lieu of them in Section XLIX, of the same Regulation.

(o) The office of an assistant judge in the zillah and city courts, has been abolished since the 1st February, 1815. See Regulation XXIV, 1814, Section III.

(p) Or stamp duty substituted for the institution fee. See Regulation I, 1814, Section XIII, and Regulation XXVI, 1814, Section XXV, Clause I.

Second.

A. D. 1810. REGULATION XIII.

Second. In the event of the razeenamah being filed after the pleadings are completed and read, a moiety of the *institution fee* (*q*) shall be returned to the party who may have paid the same, or to his legal representative; and the remaining moiety, if the cause be depending before a *native commissioner*, (*r*) or the register of a zillah or city court, shall be paid to such officer as provided by Sections III and IV, Regulation XLIII, 1803; and by Sections VII and XI, Regulation XLIX, 1803. (*s*)

In what cases a moiety of the institution fee shall be returned.

(*q*) Or stamp duty substituted for the institution fee. See Regulation I, 1814, Section XIII, and Regulation XXVI, 1814, Section XXV, Clause L.

(*r*) Parts of this Clause as relate to moonsiff, sudder ameen, or native commissioners, have been rescinded by Regulation XXIII, 1814, Section II: see other provisions in lieu of them in Section XLIX, of the same Regulation.

(*s*) The rules referred to in the two last lines of this Clause, have been rescinded by Regulation I, 1814, Section II; Regulation XXIII, 1814, Section II; and Regulation XXIV, 1814, Section II: see other rules therein in place of those rescinded.

A. D. 1810. REGULATION XIV.

A REGULATION for defining the powers of the Court of Nizamut Adawlut, in cases of pardon and mitigation of punishment; and for declaring the competency of the Courts of Circuit, to admit prisoners to bail, in certain cases, during a reference of their trials to the Nizamut Adawlut.—PASSED by the Governor General in Council, on the 6th July 1810; corresponding with the 24th Assaur 1217 Bengal era; the 19th Assaur 1217 Fusly; the 25th Assaur 1217 Willaity; the 4th Assaur 1267 Sumbut; and the 3d Jumadee-us-sanee 1225 Higeree,

UNDER the provisions of Sections II and VII, Regulation LIII, 1803, it has appeared doubtful, whether the cases of prisoners before the court of Nizamut Adawlut, who are declared by the law officers not liable to a sentence of hudd, or kisas, under the specific rules of the Mahomedan law, but who are liable to a sentence of death under the amendments of the Mahomedan law enacted by the Regulations, and appear to the Nizamut Adawlut to be proper objects of mercy, should be submitted to the Governor General in Council, with a recommendation of mercy from the court; or whether the court of Nizamut Adawlut may itself remit or mitigate the prescribed punishment. A doubt has also been entertained, whether the judges of the courts of circuit are competent to hold to bail, prisoners charged with heinous offences, whose trials are referrible to the Nizamut Adawlut, when the judge may not concur with the law officers in the conviction of the prisoner. With a view therefore to remove all doubt, in such cases, and in those before mentioned, as well as to save the necessity of a reference to the Governor General in Council, in any case (except the trial of persons charged with crimes against the State) wherein it may appear to the judges of the Nizamut Adawlut just and proper to grant a remission, or mitigation of punishment; or to authorize a conditional offer of pardon to one or more persons supposed to be concerned in, or privy to, any crime of a heinous nature, for the purpose of discovering, apprehending, or convicting, the principal offender, or offenders, reserving at the same time to the chief executive authority a discretionary exercise of the same powers; the Governor General in Council has enacted the following rules, to be in force, as soon as promulgated, in all the provinces immediately subject to this presidency. (t)

Preambles.

(t) Extended to the lands comprised within the Jaghire of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation 22, 1812, and to the Purgunah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816; subject to certain provisions. The territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelub Chieftains, together with the tract of land situated near the town of Terohs, in the said zillah, granted as an independent jaghire to his Highness Amrut Rao, are exempt from the operation of the general Regulations; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

A. D. 1810. REGULATION XIV.

Provisions in existing Regulations, which require a reference from the Nizamut Adawlut to government, for obtaining a pardon, or mitigation of punishment, rescinded. Excepting such as relate to persons charged with crimes against the State.

In what cases the court of Nizamut Adawlut may grant a remission, or mitigation of punishment, in trials before that court.

Grounds of remission, or mitigation, to be recorded in such cases.

And to be communicated for notification to the prisoners in open court.

Powers vested in Nizamut Adawlut, by preceding section, declared

II. Regulation VI, 1796; Clause Fifth, Section XIII, Regulation I, 1796; Sections XIX, XX and XXI, Regulation VIII, 1803; and all other provisions in the existing Regulations, (excepting such as relate to persons charged with crimes against the State,) which require a reference from the court of Nizamut Adawlut to the Governor General in Council, for the purpose of obtaining a pardon, or mitigation of punishment, to persons charged with, or convicted of, any criminal offence, are hereby rescinded.

III. In all criminal trials before the court of Nizamut Adawlut (except for crimes against the State, in which cases the proceedings held upon the trial are required by Section V, Regulation IV, 1799; and Section V, Regulation XX, 1803; to be submitted, with the sentence of the court, for the orders of government,) if the futwa of the law officers of the Nizamut Adawlut, or the sentence of an assembly of hill chiefs in zillah Boglepore, (held under the provisions of Regulation I, 1796,) shall declare a prisoner, or prisoners, liable to a more severe punishment, than on due consideration of the evidence, and all the circumstances of the case, may appear to the court of Nizamut Adawlut, to be just; or if a prisoner, or prisoners, (not charged with a crime against the State) shall in any case before the court of Nizamut Adawlut under the provisions of the Laws and Regulations in force, be liable to a more severe punishment, than may appear to the court equitable, though not specifically declared by the futwa of the law officers, or sentence of the hill chiefs in zillah Boglepore; it shall be competent to two or more judges of the court of Nizamut Adawlut to grant such remission, or mitigation of punishment, as may appear just and proper, according to the evidence and circumstances of the case, and to pass sentence accordingly; provided that in all such cases the court of Nizamut Adawlut shall record the grounds upon which a remission or mitigation of punishment may be adjudged, under the discretion hereby vested in that court; and shall communicate the same to the court of circuit (or magistrate of zillah Boglepore,) before whom the trial may have been held, with directions to cause the same to be made known, in open court, to the prisoner, or prisoners, concerned. The court had before authorized a general pardon, in some instances, wherein none of the offenders had been apprehended or known. VI. Nothing contained in this, or any other Regulation, shall be understood to preclude the Governor General in Council from the exercise of the power reserved to the chief executive authority in all cases when it may appear proper, to pardon any person charged with, or convicted of, a criminal offence. In all such cases, a letter from the secretary to the government in the judicial department, addressed to the register of the Nizamut Adawlut, or to any zillah or city magistrate, or to any other local authority, shall be deemed a sufficient voucher of the pardon thereby notified, and shall be observed accordingly.

VII. By the Second Clause of Section IX, Regulation IX, 1807, the courts of circuit are empowered to instruct the zillah and city magistrates to accept sufficient bail, from persons charged with offences not bailable under the general provisions contained in the Regulations, whenever they may see special cause for so doing. The judges of the courts of circuit are further hereby declared competent to hold to bail, or to direct the magistrates to admit to bail, any prisoner or prisoners, whose trials may be referrible to the court of Nizamut Adawlut, in consequence of the judge of circuit not concurring in the futwa of the law officer, for the conviction of the prisoner. When the prisoner may not be able to find bail, in such cases the judge of circuit shall, with the least possible delay, transmit the proceedings held upon the trial, with a letter stating the grounds on which he may not concur in the futwa of the law officers, to the court of Nizamut Adawlut; and the law officers of that court shall deliver their futwa, as soon as possible after the receipt of the trial, for the early sentence, or order, of the court.

Sixth. Dwelling houses of every description, with the exception of shops, whether of straw, mud, brick or stone, or whatever be the materials of which they may be constructed, shall respectively be assessed at the rate of five per cent on the annual rent, which they may yield to the proprietor. Seventh. Houses occupied as shops, that is, for the sale of goods, whether by wholesale or retail, shall be assessed at the rate of ten per cent on the annual rent which they may yield to the proprietor: and in cases in which such houses may be occupied by the proprietors themselves, or in which no rent may be received from the occupant, the tax shall be adjusted in the manner stated in the preceding clause, with the difference established by this provision in regard to the rate of assessment on shops.

Houses occupied as shops for the sale of goods, how to be assessed.

Eighth. No tax whatever shall be levied on account of empty houses. The proprietors however in order to entitle themselves to this exemption, shall report the case, as often as it may occur, to the collector, who after making such enquiries as he may deem necessary through the assessor or receiver, or through any other channel, with the view of ascertaining whether the house is actually vacant or not, will decide whether the proprietor is justly entitled to the exemption claimed from the payment of the tax or otherwise. Third. The decision of the judge shall be considered final, excepting in cases in which particular circumstances may appear to the superior courts to render the admission of a special appeal necessary.

Judges may impose fines in cases of groundless or litigious appeals.

XI. To discourage litigious appeals, the judges are hereby authorized to impose a fine, according to the circumstances of the case, and to the condition of the party, on persons whose objections to the assessment may prove on investigation, to be evidently groundless, and litigious.

Tax to be collected quarterly, and receipts to be granted, signed by the collector, who may levy the amount by distress, should payment be refused or evaded.

XII. *First.* The tax shall be collected quarterly by the native receiver, who shall tender a receipt signed by the collector to the occupant of the house or shop for the amount of the quarterly assessment payable by him. Should the payment be refused or evaded; the receiver shall report the circumstance to the collector, who is hereby empowered, after satisfying himself of the truth of the report of the receiver, to issue his warrant, to levy the arrear by distress of the property of the occupant or proprietor. In cases of this nature, the personal effects of the occupant shall in the first instance be alone liable to be sold for the recovery of the arrear of tax; but if the proceeds of the sale of such effects be insufficient for the discharge of the demand, the residue shall be recovered by the distress and sale of the goods, and chattels of the proprietor, should he fail to discharge the demand, on notice to do so, in five days, which in such cases is to be issued to him by the receiver. The principle of this rule is of course to be observed in cases in which the tenant and proprietor may be the same person.

Under what rules such distrains are to be conducted.

Second. The distress authorized in the preceding clause, shall be conducted under the several rules and restrictions prescribed in the Regulations in regard to distrains for arrears of rent, as far as the same may be applicable; and any person aggrieved thereby will be entitled to redress by an action for damages against the assessor in the dewanny adawlut; and any native receiver who may be guilty of any improper, or undue exercise of the power vested in him by this section, or of any undue exaction whatever, contrary to this Regulation, will be liable in the first instance to dismissal from his office under the provisions of Regulation V, 1804; and Regulation VIII, 1809.

Collectors allowed commission of 5 per cent on the net amount realized.

XIII. The collectors shall be allowed a commission of five per cent on the amount of the tax realized by them after defraying the necessary charges of the establishments which they may be authorized to entertain.

Complaints against the collectors to be proceeded upon in the same manner.

XIV. Complaints and suits against the collectors for acts done by them under this Regulation, shall be proceeded upon in the same manner as if the acts complained

No person shall be subject to arrest, detention, or confinement, but under processes issuing from the courts of judicature.

A. D. 1810. REGULATION XVI. X

A REGULATION to amend the existing rules for the appointment of zillah and city Magistrates ; to provide for the appointment of joint and assistant Magistrates ; and to alter the provisions in force for the payment of a fixed reward on the conviction of public offenders.—**PASSED** by the Governor General in Council, on the 9th October 1810 ; corresponding with the 24th Assin 1217 Bengal era ; the 26th Assin 1218 Fushy ; the 25th Assin 1218 Willaity ; the 12th Assin 1867 Sumbut ; and the 9th Ramzan 1225 Higerree.

BY the rules in force for the appointment of the zillah and city magistrates, it is enacted, that the judges of the civil courts, in the several zillahs and cities, shall hold the office of magistrate of the zillah or city, under their respective jurisdictions. It has however, in some instances, been found expedient, to appoint a distinct officer to execute the duty of magistrate. It has also been considered advisable to vest the magistrates of certain zillahs, with concurrent authority in contiguous or other jurisdictions, as joint magistrates, for the purpose of giving effect to the measures which have been adopted for the discovery and apprehension of robbers, and other public offenders. And it is expected, that in particular districts, the police may be improved, and the discharge of the general duties of the office of magistrate essentially promoted, by the occasional appointment of an assistant magistrate. For these purposes, and to obviate objections which have arisen to the present system of granting a fixed reward for the discovery and apprehension of public offenders, payable on conviction ; as well as to provide more effectually for the remuneration of actual service, rendered in the discovery or apprehension of offenders against the public peace, when no specific reward may have been offered for the performance of such service, the Governor General in Council has enacted the following rules, to be in force as soon as promulgated, throughout all the provinces immediately subordinate to the presidency of Fort William. (x)

Preamble.

II. First. Such part of Sections II and III, Regulation IX, 1793, Sections II and III, Regulation XVI, 1795, and Sections II and III, Regulation VI, 1803, or of

Sections II and III, Regulation IX, 1793. Sections II and III, Regulation VI, 1803.

(x) Extended to the lands comprised within the Jaghire of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation XXII, 1812, and to the Purgunnah of Handya, annexed to the zillah of Allahabad, by Regulation XVIII, 1816 ; subject to certain provisions. The territories and jaghirs situated on the borders of the zillah of Bundelcund, belonging to several Bondeloh Christians, together with the tract of land situated near the town of Teroha, in the said zillah, granted as an independent jaghire to His Highness Amrut Rao, are exempt from the operation of the general Regulations ; the former by Regulation XXII, 1812, the latter by Regulation VII, 1816.

gulation VI, 1803, re-

any other Regulation in force, whereby it is enacted that the judges of the civil courts, in the several zillahs and cities, shall hold the office of magistrate of the zillah, or city, under their respective jurisdictions, and that the special jurisdiction of the several magistrates shall extend throughout the districts and places included in, or annexed to, the zillah or city, in which they are respectively stationed, is hereby declared to have been and to be subject to the following modification.

Governor General in Council, may appoint any person, not being judge of the civil court, to hold the office of zillah or city magistrate, and may direct whether the judge of the civil court shall exercise concurrent authority, or not, as joint magistrate.

Second. Whenever it is considered expedient to appoint a person, not being the judge of the civil court of any zillah, or city, to hold the office of magistrate in such zillah or city, or in any part thereof, the Governor General in Council will, as heretofore, make such distinct appointment to the office of magistrate; and direct whether the judge of the civil court shall, or shall not, exercise a concurrent authority as joint magistrate.

Foregoing provision applicable to Superintendants of police.

Third. The foregoing provision shall be considered applicable to the Superintendent of police for the divisions of Calcutta, Dacca, Moorsshedabad and Patna, and to the Superintendent of police for the divisions of Benares and Bareilly, whenever the Governor General in Council may deem it advisable to invest either of those officers with the office of magistrate in any zillah or city, or in any part thereof.

Concurrent jurisdiction vested in zillah, and city magistrates, by existing Regulations.

III. A concurrent jurisdiction is vested in the several zillah and city magistrates, and their police officers, in certain cases, by Section XVI, Regulation XXII, 1793; Section XV, Regulation XVII, 1795; and Section XVI, Regulation XXXV, 1803.

Further provision for investing the magistrate of any zillah or city, with general concurrent authority, in contiguous or other jurisdictions.

It is hereby further declared, that the Governor General in Council, whenever he may deem it advisable, will as heretofore, invest the magistrate of any zillah or city, with a general concurrent authority as joint magistrate, in any contiguous or other jurisdiction or jurisdictions; or in any part thereof.

Rule for appointment of an assistant magistrate, when necessary, in any zillah or city.

IV. Whenever it may appear necessary for the dispatch of public business, or for any purpose of police, or otherwise, to appoint an assistant magistrate, in any zillah or city, or in any part thereof, it shall be competent to the Governor General in Council, to make such appointment under the provisions contained in this Regulation.

Oath to be taken by assistant magistrates, under this Regulation.

V. All persons appointed to perform the duties of assistant magistrate, under this Regulation, shall, previously to entering upon the execution of such duties, take and subscribe the oath prescribed by the Regulations in force, for the office of magistrate, (with such verbal alterations only as may be consonant to the nature of the appointment,) before the Governor General in Council, or any court, or officer, whom he may commission to administer it.

By what Regulations, magistrates, joint magistrates, and assistant magistrates, shall be guided.

VI. Any person appointed to the exclusive charge of the office of zillah, or city, magistrate, under Section II, of this Regulation, will of course, be guided by the Regulations

A. D. 1810. REGULATION XVI.

Regulations in force for the discharge of the duties of that office. Persons appointed to the office of joint magistrate, or that of assistant magistrate, shall also be guided by the general Regulations, as far as the same may be applicable to their respective duties; and for the due execution of such duties, are hereby declared to be invested with the same powers, as by the Regulations are vested in the zillah and city magistrates.

Magistrates, appointed under preceding sections, to be guided.

VII. The special duties to be performed by joint and assistant magistrates, under the powers vested in them by the preceding section, and the Regulations therein referred to, will be determined by the orders of government on their respective appointments. But in all matters relating to practice and form, as well as in all points not specifically provided for by this, or any other Regulation, the joint and assistant magistrates, shall be guided by the instructions of the court of Nizamut Adawlut.

Special duties of joint and assistant magistrates to be determined by the order of government on their appointment.

In what cases to be guided by the instructions of the court of Nizamut Adawlut.

VIII. All process issued by a joint, or assistant magistrate, shall be under his official seal and signature; and shall be executed by the officers employed under the joint, or assistant magistrate, or by those of the zillah, or city magistrate, as circumstances may direct; and may appear most conducive to the public service. The several zillah and city magistrates, their police officers, and all other persons acting under them, are required to aid and support the joint and assistant magistrates, who may be appointed under the provisions of this Regulation, in the execution of any process issued by them, under their official seals and signatures; and resistance to any process so issued is hereby declared to be punishable, in like manner as provided by the Regulations, for resistance to the process of a zillah or city magistrate.

Process of a joint or assistant magistrate, under what seal, and in what manner to be issued.

Aid and support to be given by the zillah and city magistrates, and their officers in the execution of such process.

Resistance to such process how punishable.

IX. Assistant magistrates, (when not acting as magistrates, in the absence of the zillah or city magistrate,) shall be considered subordinate to the latter, in the general discharge of their official duties, as far as may be consistent with the provisions contained in this Regulation. In all cases of a difference of opinion between the zillah or city magistrate, and an assistant magistrate, the latter shall conform to the directions of the former, until a reference can be made to the court of circuit, court of Nizamut Adawlut, or Governor General in Council, (according to the circumstances of the case) for a determination upon the subject. But it is not intended that any appeal should lie to the magistrate from the sentences of an assistant magistrate, whether for punishment, or acquittal; or from the orders of an assistant magistrate for the commitment of prisoners or holding them to bail to take their trial before the court of circuit; the assistant magistrate being vested with the full powers of magistrate in all such cases, within his jurisdiction; and

his proceedings therefore being open to the regular controul of the courts of circuit, and court of Nizamut Adawlut.

In what cases assistant magistrates may correspond directly with Governor General in Council, Nizamut Adawlut, courts of circuit, and other authorities.

X. Assistant magistrates, when not stationed at the same place with the zillah, or city magistrate, are authorized, in all cases requiring dispatch, to correspond directly with the Governor General in Council, the court of Nizamut Adawlut, the courts of circuit, or other public authorities. But all monthly and other periodical reports, or accounts, which may be required from an assistant magistrate, by the Regulations, or by the orders of government, or court of Nizamut Adawlut, and generally all official communications which an assistant magistrate may have to make to any superior authority, and which may not require immediate dispatch, without passing through the zillah, or city magistrate, shall be transmitted through the channel of the latter, provided he be not absent from his jurisdiction.

Police and other establishments of officers to continue under controul of the zillah or city magistrate, when not placed under immediate authority of a joint, or assistant magistrate.

But to obey orders of joint and assistant magistrates, and furnish all information required from them.

XI. The police and other establishments of native officers, employed under a zillah or city magistrate, and not ordered to be placed under the immediate authority of a joint, or assistant magistrate, will continue under the usual controul of the zillah or city magistrate. But all native officers so employed, are directed to furnish any joint or assistant magistrate, having authority over them under this Regulation, with every information required from them; as well as generally to obey all orders issued to them by such joint or assistant magistrate, on pain, in case of neglect or failure, of being fined, suspended, or dismissed from office under the authority or at the representation of such joint or assistant magistrate, according to the provisions established by the general Regulations for the punishment of offences of that description. The Governor General in Council, further reserves to himself a discretion of placing any part of the police, or other public establishments, under the immediate controul of a joint or assistant magistrate, when it may appear expedient, subject to the rules prescribed by Sections V, VI, VII and IX, Regulation VIII, 1809. (y)

Power reserved to Governor General in Council, of placing any part of the public establishments under the immediate controul of a joint or assistant magistrate.

(y) The rules prescribed in Regulation VIII, 1809, and referred to in this section, for the appointment, removal, or suspension, of the native officers of the zillah and city courts, have been modified by Regulation XVII, 1816, Section VI; the nature of which modification will be seen on references to both those Regulations. *Constructions by the Nizamut Adawlut.* 1. A difference of opinion happened between the magistrate of Cawnpore and the joint magistrate of Allahabad and Cawnpore, as to the competency of the latter to comply, of his own authority, with an application from the police Darogah of Bindky for leave of absence: the Nizamut Adawlut determined, that as it did not appear from the papers transmitted by the magistrate of Cawnpore, that the police establishment of the thannah in question, or of any other thannah, within the limits of the joint magistrate's jurisdiction, has been placed, by order of Government, under his immediate authority, in conformity with this section, that, therefore, the whole of the native officers composing those establishments, continue, as usual, under the controul of the magistrate of the district, and that the joint magistrate exceeded his competency in the instance referred to.—8th June, 1816.—2. A magistrate must be considered to possess the power under the Regulations of granting leave of absence to a police officer not placed by the orders of Government under the immediate control of a joint magistrate, without previous reference to the latter; but with respect to the propriety of exercising such power, the court observe, that it must depend on the circumstances of each case, and with the view of obviating any inconvenience which might arise, they are of opinion, that the application in such cases should be submitted through the channel of the joint magistrate, to enable him, in forwarding it to the magistrate, to state any objections which he may have to offer against a compliance. 24th January, 1816.

WHEREAS considerable endowments have been granted in land by the preceding governments of this country, and by individuals, for the support of mosques, Hindoo temples, colleges, and for other pious and beneficial purposes ; and whereas there are grounds to suppose, that the produce of such lands is in many instances appropriated, contrary to the intentions of the donors, to the personal use of the individuals in immediate charge and possession of such endowments ; and whereas it is an important duty of every government to provide that all such endowments be applied according to the real intent and will of the grantor ; and whereas it is moreover essential to provide for the maintenance and repair of bridges, serays, kuttras, and other buildings, which have been erected either at the expense of government or of individuals for the use and convenience of the public ; and also to establish proper rules for the custody and disposal of nuzzool property, or escheats ; the following rules have been enacted, to be in force from the period of their promulgation throughout the provinces immediately dependent on the presidency of Fort William. (c)

Preamble.

II. The general superintendence of all lands granted for the support of mosques, Hindoo temples, colleges, and for other pious and beneficial purposes ; and of all public buildings, such as bridges, serays, kuttras, and other edifices, is hereby vested in the Board of Revenue and Board of Commissioners, in the several districts subject to the control of those Boards respectively. A general control over such public roads and edifices has been vested in the Superintendants of Police within the limits of their respective jurisdictions, and general rules prescribed for their and the guidance of the zillah and city magistrates, regarding the repair and maintenance of the said roads and edifices, and the erection and execution of public works generally of that description. In like manner it is fully intended, that all buildings erected by the former or present government, or by individuals for the convenience of the public, should be exclusively appropriated to that purpose, with the exception of such as have fallen to decay and cannot from that, or any other cause, be conveniently repaired, or which under existing circumstances, can no longer contribute to the accommodation of the community.

A. D. 1810. REGULATION XX.

A REGULATION for subjecting persons attached to the Military Establishments to Martial Law in certain cases, and for the better government of the retainers and dependents of the Army receiving public pay on fixed establishments, and of persons seeking a livelihood, by supplying the Troops in Garrison, Cantonment and Station military bazars, or attached to bazars of Corps.—PASSED by the Governor General in Council, on the 29th December 1810; corresponding with the 16th Poose 1217 Bengal era; the 19th Poose 1218 Fusly; the 17th Poose 1218 Willaity; the 4th Poose 1867 Sumbut; and the 2d Zelhij 1225 Higeree.

BY the respective articles of war for the government of His Majesty's and the Honorable Company's troops, all retainers to a camp, and all persons whatever serving with the forces in the field, though not enlisted soldiers, are to be subject to orders according to the rules and discipline of war. From the great number of native retainers and followers attached to military establishments in India, and the importance of a prompt and orderly discharge of their duties to the welfare of the troops, it is necessary that the principle of this article of war should be extended to other cases than that of actual service in the field, to which it is at present confined; and that it should be applied under certain restrictions to the maintenance of a proper discipline among the retainers of the army at all times. By Regulation III, 1809, the support of the police and the maintenance of the peace within the limits of cantonments and military bazars, are vested in the officers commanding the troops quartered at such places; but the powers of commanding officers under that Regulation are restrained to such measures, as may be calculated for the prevention of crimes and the apprehension of persons committing them, and they are prohibited from interfering in cases of petty breaches of the peace, and other offences of inferior magnitude, unless where the parties are taken in the fact; the cognizance of these offences as well as those of greater magnitude, being expressly reserved to the magistrate by that Regulation. As however it will further tend to the maintenance of good order, to subject the retainers and dependents of the army to punishment for petty offences by a military tribunal, it has been deemed expedient to transfer the cognizance of such cases, under the restrictions and in the mode hereafter mentioned, to courts martial to be assembled for that purpose by commanding officers; and it has further been deemed expedient for the ease and security of dealers, and for encouraging their resort to military bazars, to vest in military courts, to be as-

Limitation of punishment awarded by courts martial in such cases.

III. Provided that it shall not be competent for such court martial to sentence any persons of the above description to any other or heavier punishment than may now be lawfully inflicted on enlisted soldiers under the 2d article of the 24th section of His Majesty's, or the 2d article of the 15th section of the Honorable Company's articles of war, unless where the forces are serving in the field, for which case provision is already made by the existing articles of war, from which nothing in this Regulation is to be understood to derogate.

IV. Martial servants of officers within the precincts of any cantonment, garrison, or military station or military bazar, although they shall not be in the receipt of public pay, shall at all times be subject to all such Regulations as shall be made by the commanding officer, or other competent authority for the maintenance of good order in such cantonment, garrison, station, or bazar, and shall be liable to be tried by a native court martial for any breach thereof.

With regard to those garrisons, cantonments or stations to which it may not be found practicable to assign local limits for the purposes of this Regulation, special provisions will be made hereafter, according to the circumstances of each case: in the mean time the provisions of Regulation III, of 1809, are to be considered as in full force with respect to those garrisons, cantonments and military stations, and the station bazars attached thereto.

In all cases in which the ground allotted to those bazars or any part of it is the property of government, and the occupation of individuals has been declared by government merely permissive, the commanding officer is empowered to make such general regulations as he may think fit (subject to the approbation of the Governor General in Council) respecting the tenure or occupation of houses, shops, or other fixed places situated upon such ground as belongs to government, which regulations shall in all cases be reduced to writing,

IX. *First.* Any person who may have been concerned in the commission of the crime of breaking into any house, tent or boat, as described in Section II, of this Regulation, or of robbery by open violence as defined in Section III, Regulation LIII, 1803, but which shall not have been attended with murder, wounding, or other aggravating act of personal violence, whether such person shall be in custody or otherwise, shall be entitled, upon giving such information to the magistrate, at any time previous to conviction, as shall lead to the apprehension and conviction of the principal receiver or receivers, purchaser or purchasers, of the property robbed or stolen, to receive a pardon for the said offence : and the magistrate shall without delay transmit to the court of Nizamut Adawlut a report of the circumstances of the case, together with a copy of any proceedings which may have been previously held by him upon the charge against the informer : and the court of Nizamut Adawlut, will authorize and confirm such pardon by a written certificate, under the seal of that court, as provided by Section V, Regulation XIV, 1810, to be delivered by the magistrate, on the conviction of the receiver or purchaser of the stolen property, to the party who may be entitled to the same. he brought to trial without the conviction of the thief; and that therefore, the record of his conviction is not essential to the proof against the receivers of stolen property, if the fact of the theft, and the knowledge of the persons who have received stolen property, that the goods were stolen, can be established by other evidence. The Court further observes, that on general principles, and as far as they are informed, under the provisions of the Mahomedan law of evidence, the record of the conviction of a person charged with theft, is not conclusive proof against an alleged receiver of stolen goods to prove the theft, if the latter desire to controvert the propriety of the conviction, and produce evidence to negative the fact of a theft having been committed. The receipt of money stolen, though the offence may be punishable under the Mahomedan law, does not appear to come within the provisions of this Section, relative to persons guilty of receiving "stolen goods, cattle, jewels, or effects." See the Circular Orders of the Nizamut Adawlut, new edition, Page 31, No. 37, requiring the law officers of the Courts of Circuit to specify in their fatwas convicting persons of receiving stolen property, that such persons knew the property to be stolen, and the same specification to be inserted in the abstract statements of the Judges of Circuit, and Page 33, No. 39, regarding the distinction to be made between those persons who, at the time of receiving stolen property knew that it had been obtained by theft or robbery, and those who are convicted of having such property in their possession, knowing the same to have been stolen at a time subsequent to their receiving or purchasing it.

(g) *Construction by the Nizamut Adawlut, 11th July, 1811.* A person who had been concerned in house-breaking or dacoity, giving information to a magistrate through a police darogah, which might lead to the apprehension and conviction of the principal receivers of the stolen property, was entitled to the benefit of the provision contained in this and the next Clause. If the holder or holders, of the property shall be unable after the above, and such further examination as the magistrate may make, to give a satisfactory account of the means by which it was acquired, and the magistrate shall on consideration of that and all the other circumstances of the case, think that there are strong grounds for believing that the property was actually stolen or otherwise illegally acquired, he shall detain the property and issue a publication (supposing no person to have hitherto appeared to claim it) specifying the particular articles of property discovered and suspected to have been stolen or otherwise dishonestly acquired, and requiring any person who may have claims to it, to appear and establish his or her right thereto, within six months from the date of the said publication.

A. D. 1811. REGULATION II.

A REGULATION for amending the existing Rules for the support of Invalid Native Commissioned and Non-Commissioned Officers.—PASSED by the Vice President in Council, on the 5th April 1811^{*}; corresponding with the 24th Chyite 1217 Bengal era; the 26th Chyite 1218 Fusly; the 25th Chyite 1218 Willaity; the 12th Chyite 1868 Sumbut; and the 10th Rubbi-ul-awul 1226 Higeree.

BY the rules in force for the maintenance of invalid native commissioned and non-commissioned officers, who may not be fit for garrison duty, an option is allowed to such officers of receiving lands on the jagheerdar establishment, and of enjoying at the same time the reduced pay of their respective ranks, or of retiring on that pay to any part of the Company's territories. In assigning lands for the support of the invalid commissioned and non-commissioned officers, it was of course the intention of government to render the latter part of their lives as comfortable as possible; but material inconveniences have arisen from that arrangement both to the government and to the invalids themselves and their families. A difficulty has frequently occurred in obtaining the lands required for their support; considerable delay has consequently been experienced in assigning to them that provision. The lands, when purchased and rendered fit for tillage, being ordinarily situated in the vicinity of other lands overgrown with extensive forests, have necessarily proved in many instances very insalubrious; the habits, age, and infirmities of the invalid soldier disqualify him in a great measure for the labour and pursuits of an husbandman; the tendency of the existing arrangements to draw his immediate connections from the villages, in which they had been accustomed to reside, to places recently reclaimed from jungle (frequently, as already noticed, extremely insalubrious) has had a prejudicial influence on the comfort and health of that class of people. For these and other reasons, connected with the happiness of the native soldiery, and the convenience of the public service; the Vice President in Council has been pleased to pass the following rules, to be in force from the period of their promulgation, throughout the territories immediately dependent on the presidency of Fort William. (k)

II. The provisions contained in Regulation I, 1804, which declare, that all native commissioned and non-commissioned invalid officers, not being fit for garrison

duty, shall be allowed the option of being transferred to the jagheerदार establishment, and Section XX, Regulation XI, 1806, by which it is enacted, that native commissioned and non-commissioned officers, who may be transferred to the jagheerदार establishment, shall be entitled to the reduced pay of their rank, at the established rates, in addition to the benefits, which they may derive from the lands assigned to them, are hereby rescinded.

Native officers invalided after the date of this Regulation, not to be entitled to lands, but both officers and privates unfit for garrison duty to receive six months' invalid pay with permission to retire to such part of the Company's territories as they may prefer.

III. *First.* Commissioned and non-commissioned native officers, who may be invalided subsequently to the date of this Regulation, shall not be deemed entitled to lands on the jagheerदार establishment: but such of those officers, as shall not be considered fit for garrison duty, as well as privates not fit for such duty, shall be entitled to an advance of six months' invalid pay of their respective ranks according to the rates hereafter specified, with permission to retire to any part of the Company's territories which they may prefer.

Second. All commissioned and non-commissioned native officers, as well as privates, who may be invalided subsequently to the date of this Regulation, and who may not be fit for garrison duty, shall be entitled to receive for their future support during their lives, the pay of their respective ranks established by the orders of government, under date the 15th February 1811, as follows:

WHEREAS it is enacted by Sections IV, V and VI, Regulation XV, 1810, that a tax shall be levied on houses situated in certain cities and towns, with the exception of religious edifices; and whereas it is expedient that more specific provisions should be established with respect to such exemptions, by which the operation of them may be extended not only to religious edifices in the strict sense of that expression, but also to other buildings, erected for pious and general purposes, and to those occupied by persons belonging to the orders of devotion; and whereas, it has been deemed advisable, with a view to the relief and comfort of the indigent classes of the community, that the houses occupied by persons of that description, should likewise be exempted from the payment of the said tax, the following rules have been enacted, to be immediately in force in the provinces of Bengal, Behar, Orissa, and Benares.

III. First. Dwelling houses, the rent or value of which does not amount to five annas per month, shall be exempted from the payment of the tax established by Regulation XV, 1810.—Provided however, that this exemption shall not be considered applicable to houses occupied as shops, that is, for the sale of goods, whether by wholesale or retail : such houses shall be subject to the payment of the tax at the prescribed rate, whatever may be the rent of them.

In the latter case, the authorized exemptions must of course be granted, according to the best computation, which can be formed, with reference to the size and description of the buildings, of the rent which would be derived from them, if leased to tenants.

A. D. 1811. REGULATION V. *

A. D. 1811. REGULATION VI.

A REGULATION for rescinding such parts of Regulation XXVII, 1793, as declare the holders of Lhakeraje and Malgoozarry Lands, entitled to a compensation on account of the abolition of the Sayer.—PASSED by the Vice President in Council, on the 14th June 1811; corresponding with the 1st Assar 1218 Bengul era; the 8th Assar 1218 Fushy; the 2nd Assar 1218 Willaity; the 8th Assar 1868 Sumbut; and the 22nd Jumudi-ul-awul 1226 Higeree.

WHEREAS by the rules established on the 11th of June 1790, (framed into a Regulation, bearing date the 1st of May 1793,) the holders of lhakeraje lands, or of lands exempted from the payment of public revenue, who had received the sanction of government for the establishment of hauts, bazars, and gunges, were declared entitled to a compensation for the deprivation of the privilege of collecting duties in such places; and the holders of malgoozarry lands, or lands assessed with the public revenue, who had been permitted to collect gunge, haut, bazar, or other duties on their lands, were also considered entitled to a compensation for the profits which they had derived from such collections; and whereas ample time has been allowed for the institution and establishment of such claims; the following rule has been enacted to be in force from the period of its promulgation in the provinces of Bengul, Behar, and Orissa, excepting Cuttack.

Preamble.

II. No claims to compensation on account of the abolition of the sayer, which shall not have been preferred to the proper authority previously to the promulgation of this Regulation, shall be received or admitted.

Further claims to compensation on account of the abolition of the sayer, inadmissible.

A. D. 1811. REGULATION VII.

A REGULATION for limiting and better defining the Powers of the Police Darogahs, and of Zemindars invested with the charge of the Police, with respect to persons charged with, or suspected of, the commission of public crimes and offences.—**PASSED** by the Vice President in Council, on the 25th June 1811; corresponding with the 12th Assar 1218 Bengal era; the 19th Assar 1218 Fushy; the 13th Assar 1218 Willaity; the 4th Assar 1868 Sumbut; and the 3rd Jumudi-us-sani 1226 Higerree.

WHEREAS there is reason to believe, that abuses have been practised by the police darogahs and zemindars entrusted with the charge of the police, in the exercise of the powers which were confided to them, with a view of bringing to justice persons accused or suspected of the commission of public offences; and whereas, it is advisable that the attention of the darogahs and of the zemindars entrusted with the charge of the police, should be exclusively directed to the maintenance of the public tranquillity, and to the adoption of the prescribed measures for bringing to justice persons accused of the commission of those species of crimes, which are most injurious to the peace and happiness of society, the following rules have been enacted, to be in force from the period of their promulgation throughout the territories immediately dependent on the presidency of Fort William. (u)

Preamble.

II. First. Such parts of the Regulations as empower police darogahs, and landholders invested with the charge of the police, to receive charges of the nature of those specified in the first part of the following clause, are hereby rescinded.

Rules empowering police officers to receive certain charges, rescinded.

Second.* No police officer of the description above specified shall hereafter receive any charge of adultery, fornication, rape, calumny, abusive language, slight trespass, or inconsiderable assault: provided however that this restriction shall not be considered applicable to cases of maihem, actual affrays, or tumultuary assemblies of people requiring the immediate interposition of the police for the maintenance of the public tranquillity.

Specification of those charges.

To what charges this restriction is not to be considered applicable.

(u) Extended to the lands comprised within the Jaghire of the late Killadar of Callesgar, annexed to the zillah of Bundelcund, by Regulation 32, 1812, and to the Purgannah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelah Chieftains, together with the tract of land situated near the town of Teroha, in the said zillah, granted as an independent Jaghire to His Highness Amrut Rao, are exempt from the operation of the general Regulations; the former by Regulation 23, 1812, the latter by Regulation 7, 1816.

Third.

A. D. 1811. REGULATION VII.

How police officers are to proceed on charges being preferred to them on account of suspicious or notoriously bad characters.

Third. On any written charge being preferred to a police darogah, or landholder invested with the charge of the police, against individuals of their being of suspicious or notoriously bad characters, the police darogah or other police officer shall immediately make such enquiry as may be practicable into the general character and means of livelihood of the accused. If there shall appear substantial grounds to believe that the charge or information is well founded, the darogah or other police officer shall immediately send the person accused to the magistrate, together with the evidence obtained respecting his character and means of livelihood. If however there shall be reason to believe from the enquiry so made, that the charge or information is unfounded or greatly exaggerated, a report only of the case shall be made to the magistrate for his consideration and orders. (w)

All complaints of the nature specified in the first part of Clause Second of the preceding section, to be preferred at the public cutcherry of the magistrate.

III. All complaints or prosecutions for misdemeanors or offences of the nature specified in the first part of Clause Second of the preceding section, whether preferred in person or by vakeel, (x) as provided for by Section IV, Regulation IX, 1807, shall hereafter be preferred in the first instance at the cutcherry of the zillah or city magistrate within the limits of the jurisdiction of which court the offence may have been committed.

Modification of rules for serving criminal process.

IV. In modification of the rules prescribed for serving criminal process by Clauses Second and Third, Section XIV, Regulation IX, 1807, it is hereby declared that those rules are to be considered applicable chiefly to charges or information of crimes or offences of a heinous nature; and that on complaints of the nature specified in the first part of Clause Second, Section II, of this Regulation, the process to be issued, shall be served by peons or other persons, who shall be authorized by the magistrate to demand and receive tullubana, according to the rate prescribed by Clause Third, Section XIV, Regulation IX, 1807; such tullubana to be paid in the first instance by the party at whose complaint the process may be issued. The rule contained in Regulation 3, 1807, Section 14, Clause 3, herein referred to, regarding the employment of muscraony peons, and the payment of tullubana to them, as well as all other existing provisions on the subject, have been modified by Regulation 26, 1814, Section 14; which also contains additional rules.

VI. The zillah and city magistrates are hereby strictly prohibited from referring to their police darogahs or other police officers of the description noticed in Section II, of this Regulation, for investigation or report, any charges of the nature of those which such officers are by that section prohibited from receiving. All investigations for the purpose of ascertaining the truth or falsehood of such charges shall be invariably conducted by the magistrate in person, or by his assistant, aided so far as may be authorized by the existing Regulations, by the native officers attached to his sudder cutcherry.

VII. Police darogahs and landholders invested with the charge of the police, are likewise strictly prohibited from swearing witnesses to the truth of their depositions on any local investigation which may be made by them into the circumstances of any murder, robbery, or other crime, or in the performance of any other of their duties prescribed by the existing Regulations.

Magistrates not to refer such charges to their police officers for investigation, but to investigate them in person or by their assistants.

Police officers prohibited from swearing witnesses to the truth of their depositions in any case.

(2) *Constructions by the Nizamut Adawlut.* 1. Whether persons convicted of preferring malicious and unfounded charges, may be sentenced to the full extent of the punishment prescribed by Regulation 9, 1807, Section 19, or whether the punishment for this offence is, by the present section, confined to six months' imprisonment in addition to the fifteen days' imprisonment, or fine of fifty rupees, directed by Regulation 9, 1793, Sections 8 and 10; the Court were of opinion, that a magistrate is empowered to punish malicious and unfounded charges with imprisonment not exceeding six months, and a fine not exceeding two hundred rupees, commutable, if not paid, to a further period of imprisonment, not exceeding six months; adding, that they understood the present section to provide for an extension of the period of imprisonment, limited by Regulation 9, 1793, Section 10, leaving the provision for a fine as it stood in the Regulations before in force. 24th October, 1811.—2. A false deposition upon oath, or under a solemn declaration taken instead of an oath, containing a deliberate and specific criminal charge, which the deponent knew to be unfounded, and which also appears to be malicious, is within the provisions for perjury contained in Regulation 2, 1807, notwithstanding the provision for malicious, vexatious and unfounded charge, in the present section. Two cases, agreeably to this construction, were determined by the Nizamut Adawlut, on the 29th January, 1816, and the 18th April, 1817.

A. D. 1811. REGULATION VIII.^(a)

A REGULATION for modifying certain parts of Regulations XXXI and XXXVI, 1803.—PASSED by the Vice President in Council, on the 16th July 1811; corresponding with the 2nd Sawun 1218 Bengal era; the 10th Sawun 1218 Fusly; the 3rd Sawun 1218 Willaity; the 11th Sawun 1868 Sumbut; and the 24th Jumadi-us-sanee 1226 Higeree.

WHEREAS under the rules contained in Regulations XXXI and XXXVI, 1803, the claims of government to resume the revenue of lands held free of assessment under illegal or invalid tenures are only cognizable in the courts of judicature: and whereas there is reason to believe that individuals availing themselves of the difficulties experienced by the public officers in the establishment of such claims under the existing rules, have in many cases appropriated to themselves the revenue of lands, properly appertaining to the State, by which considerable loss has been sustained in the public resources; the following rules have been enacted, to be immediately in force throughout those parts of the ceded and conquered provinces, which are subject to the authority of the Board of Commissioners. (b)

II. Sections VII, VIII, IX and XI, Regulation XXXI; and Sections VII, VIII, IX and XI, Regulation XXXVI, 1803, respecting lands held exempt from the payment of revenue to government in the territories ceded by the Nawaub Vizier; together with the provisions of Regulation VIII, 1805, by which the said sections are extended to the conquered provinces (excepting Cuttack) and to Bundelcund, are hereby rescinded.

Certain parts of Regulations XXXI and XXXVI, 1803, and of Regulation VIII, 1805, rescinded.

III. Whenever a collector of revenue shall have reason to believe that any land is held exempt from the public assessment on an invalid or illegal tenure, he shall report the circumstance to the Board of Commissioners, who, should they be of opinion that proper grounds exist for an enquiry, shall direct the collector to call upon the holder of the lands to adduce, within one month from the receipt of the notice, any documentary or other evidence tending to establish his right thereto; at the same time apprizing him, that in default of producing such proof, the reve-

(a) See Regulation 1, 1815, regarding the right of the British Government to assess land held under moucerree or istumrar grants of any preceding Government, on the decease of the holders thereof.

(b) Extended to the lands comprised within the Jaghire of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation 22, 1812, and to the Purgunnah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelah Chieftains, together with the tract of land situated near the town of Terohā, in the said zillah, granted as an independent Jaghire to His Highness Amrut Rao, are exempt from the operation of the general Regulations; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

A. D. 1811. REGULATION VIII.

The value of the land will be resumed and assessed in the mode prescribed by the Regulations.

In such cases as the collector may, after due consideration, deem the land resumable, or the holder may omit to produce the necessary documents, the proceedings held shall be submitted for the decision of the Board of Commissioners.

IV. If it shall appear to the collector, on due consideration of the documents and other evidence, which may be adduced that the revenue of the land is resumable on the principle of the rules contained in Regulations XXXI and XXXVI, 1803, or if the holder of the said lands shall omit to produce any documentary or other evidence within the time prescribed, or shall fail to shew good and sufficient cause for such omission, it shall be in either case the duty of the collector to forward the whole of his proceedings on the subject; with his opinion thereon, to the Board of Commissioners, who will decide whether the land shall be deemed liable to the public assessment, or otherwise.

And also in cases in which the collector shall be of opinion that the land is not liable to assessment, but after the decision of the Board of Commissioners the question shall not be again revived, unless in certain cases.

V. If the collector, after receiving the documents or evidence adduced, shall be of opinion, that the land is not liable to the public assessment, he shall nevertheless transmit the whole of his proceedings in the case, with his opinion thereon, to the Board of Commissioners, who will decide the question, and issue the proper orders for admitting or disallowing the claim to hold the lands free of assessment. It shall not however be competent to government, or its revenue officers, after the question shall have been so decided, to revive the question or disturb the title of the occupant except on proof in a court of judicature, of fraud or collusion in the previous enquiry; or except in the event of a transfer of the property or change of proprietor when a question may in consequence arise as to the hereditary or transferable nature of the tenure.

Persons considering themselves aggrieved by the decision passed by the Board of Commissioners, may institute a suit against government within six months.

VI. Any person who may consider himself aggrieved by the decision which may be passed by the Board of Commissioners, under the rules contained in Sections IV and V, of this Regulation, shall be at liberty to institute a suit, in the courts of judicature against government, to try the merits of the said decision, provided that such suit be instituted within the period of six months from the date on which it may be passed.

Such suits may be instituted without previous reference to government, and shall be defended by the collectors under the instructions of the Board of Commissioners.

VII. Such suits may be instituted, without previous reference to the Governor General in Council, against government, and shall be defended by the collectors, under the instructions of the Board of Commissioners. (c) The courts of judicature, in cases in which they may be of opinion that the decision of the Board of Commissioners has been passed on erroneous grounds, will of course adjudge the plaintiff to be reinstated in possession of the lands in question free of assessment, at the same time awarding to him such costs as may be sufficient to reimburse him for the

Courts not to interfere in the proceedings of the collector until a regular trial shall have taken place of the merits of the

IX. Persons succeeding to the possession of a lakheraje tenure on the decease of a former occupant, or by gift, purchase, or other transfer of proprietary right, are hereby required immediately to notify the same to the collector of the land revenue of the district in which the property may be situated, in order that the succession or transfer may be duly registered in his office; and any omission to notify such succession or transfer for the period of six months after it has occurred, shall subject the offender to such fine as the Board of Commissioners may judge proper to order to be imposed upon him; not exceeding however the tenth part of the computed annual produce of the lands.

Persons succeeding to lakheraje tenure, by death or other transfer of the proprietary right, shall notify the same to the collector within six months under pain of fine to a certain extent.

X. Persons holding one or more entire village or villages, of which they are not the proprietors, free of assessment, are hereby declared subject to the payment of the same nankar or malikana to the zemindar, or other actual proprietors of the soil of such entire village or villages, (if the settlement for the revenue shall not be concluded with the proprietor,) as such zemindars or other actual proprietors would be entitled to receive under the existing Regulations, if the land were malgoozaree; and the zemindar or other actual proprietor of every entire village thus held free of assessment, shall be entitled to recover such nankar or malikana, by suit in the courts of judicature.

Persons holding lands (of which they are not proprietors) free of assessment, declared liable to the payment of nankar or malikana.

A. D. 1811. REGULATION IX (d)

A REGULATION for facilitating the Division of Landed Property, and for securing the Rights of Joint Sharers in Joint Undivided Estates.—PASSED by the Vice President in Council, on the 30th July 1811; corresponding with the 16th Sawun 1218 Bengal era; the 24th Sawun 1218 Fusly; the 17th Sawun 1218 Willaity; the 10th Sawun 1868 Sumbut; and the 8th Rajeeb 1226 Higeree.

WHEREAS the interest and welfare of the landholders require that the division of portions of estates should be easily effected; and whereas the rules hitherto enacted, with a view to the accomplishment of that object have been found insufficient; the Vice President in Council has been pleased to pass the following rules, to be in force from the period of their promulgation, in the districts subject to the control of the Board of Commissioners. (c)

Preamble.

II. Any putteedar or sharer of a joint undivided estate, having the exclusive and acknowledged right to, and possession of, one or more distinct village or villages in such estate, shall be at liberty under the following reservations and exceptions, to cause the said village or villages to be separated from the general estate; and the jumma of such village or villages, shall be allotted after an exact measurement of the lands comprised therein, by deducting from the gross produce thereof an allowance, according to circumstances, from five to ten per cent for the expense of management, and ten per cent of the net income of the proprietor, leaving the remainder as the jumma of government. Provided always, that the quantity of land in actual cultivation at the time of separation, be not less than five-sixths of the land capable of tillage in the said village or

Rules under which putteedars or sharers of undivided estates having the acknowledged right and possession of villages, may cause a separation thereof from the general estate.

(d) See additional provisions in Regulation 19, 1814, entitled—A Regulation for reducing into one Regulation, with alterations and additions, certain Regulations respecting the partition of estates paying revenue to government: the whole of the provisions of that Regulation, however, are not applicable to the description of estates mentioned in this Regulation, viz. estates held in joint tenancy only: whereas the provisions of Regulation 19, 1814, refer to estates held in joint tenancy as well as to estates held in common tenancy. This distinction, and the provisions of that Regulation exclusively applicable to each of those descriptions of estates, are clearly shewn in Section 30 thereof.—Extended to the lands comprised within the Jaghirc of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation 22, 1812, and to the Purgunnah of Handya annexed to the zillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelah Chieftains, together with the tract of land situated near the town of Terohu, in the said zillah, granted as an independent Jaghirc to his Highness Amrut Rao, are exempt from the operation of the general Regulations; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

(e) When this Regulation was passed, the province of Benares formed a part of the district subject to the control of the Board of Commissioners; and as that province is now under the control of the Commissioner in Behar and Benares, appointed under Regulation 1, 1816, the latter should be understood instead of the former, provided the estate which may be under a partition be situated in the province of Benares.

What the accounts of the measurement shall contain, and how they are to be prepared and disposed of.

III. The account of the measurement directed in the preceding section, shall exhibit the whole of the actual gross produce of the lands, and shall be formed under the immediate superintendence of the collector. The original thereof shall be attested by the proprietor requiring the separation, the putwarry of the village, the mirdahs, canongoes and tebseldar of the purgunnah. Copies of all such measurements shall be kept in the office of the canongoes, and annually bound in a book, to be attested with the official seal and signature of the collector, and then returned to those officers for deposit among their records.

How the expense of the measurement is to be defrayed.

IV. The measurement directed in Section II, shall be made entirely at the expense of the party requiring the division; and the rules laid down in Regulation V, (f) 1810, as far as they regard the mode of payment of persons employed in dividing lands, are to be applied to this case.

How putteedars possessing a defined share in an undivided estate may procure a separate allotment of the proportional jumma.

V. Any putteedar in the actual possession and occupancy of a defined share in a joint undivided estate, (whether such share be defined by a specific quantity of land, or a specified fractional part of a rupce, or of a begah) who may be desirous of having a separate allotment made of the proportional jumma, to which he would be liable in the proportion of his interest in the estate, shall be at liberty to prefer to the collector an application to this effect, and the collector on receipt thereof, shall proceed to allot the separate assessment of such share in the mode prescribed by Section II, for the allotment of entire villages. Provided however, that if the specific interest of the party in the estate shall be disputed by the other sharers, no separate allotment shall take place until his specific interest shall have been ascertained by award of arbitration, as provided in a subsequent part of this Regulation for claimants not in possession, or by the decree of a court of judicature.

Rules in the case of all the occupant putteedars desiring or consenting to an allotment of the jumma on their respective shares.

VI. Whenever all the occupant putteedars of a joint undivided estate, shall desire or consent to an allotment of the jumma on the shares in their respective occupancy, and shall deliver to the collector in writing a petition signed by the whole of them, containing a statement of the proportional allotment affixed by themselves on each share; it shall be competent to the collector, with the approbation of the Board of Commissioners, (g) after having satisfied himself by minute

VII. Whenever all the occupant putteedars of a joint undivided estate shall desire such an allotment, but may not agree among themselves in regard to their respective proportions of the jumma so to be allotted; the collector, on receipt of an application to that effect under the seals or signatures of the whole of such putteedars, and after satisfying himself of the voluntary concurrence of all the subscribing parties, shall proceed to allot the proportional jumma of each respective share, by causing an actual and exact measurement to be made of the entire estate and of each share, by an aumeen to be deputed for the purpose, or by the tehseeldar, canongoes and mirdahs of the purgunnah; and the expense of such measurement shall be defrayed by all the putteedars in the proportion of their respective interests.

Rules in the case of occupant putteedars desiring a allotment but not agreeing as to their respective proportions.

VIII. The Board of Commissioners (h) shall instruct the collectors, from time to time, as to the mode by which the duties directed in the preceding sections may be best conducted; and all divisions and allotments made under these rules shall be recorded in the canongoe's office, and attested by the parties and by the local mofussil officers in the same manner as is directed by Section III, in regard to the measurement of distinct villages. It is moreover to be understood, that all the provisions of the existing Regulations in regard to aumeens deputed by a collector, shall be held applicable to aumeens deputed under Sections II, V and VII, of the present Regulation.

Rules as to the mode of such allotment.

IX. No division of a share in an estate or allotment of jumma therein shall be considered valid, until expressly sanctioned by the Board of Commissioners; (h) and the Governor General in Council reserves to himself the power of revising the assessments made under Sections II, V, VI and VII, at any time within the period of ten years after the making thereof, on proof to his satisfaction of fraud, collusion, or gross error. Rules in the event of such claims being denied or disputed.

XI. In the event of the claim being denied, or the specific interest of the claimant being disputed, the collector shall recommend to the several parties to submit the matter in dispute to the arbitration of three or more of the neighbouring zemindars, assisted by the canongoes of the purgunnah; and on the parties consenting to appoint arbitrators, it shall be competent to the collector to tender to the parties for execution arbitration bonds in the form (j) prescribed by Regulation XXI, 1803; and on the due execution of the arbitration bonds by the parties, to refer the matter for decision to the arbitrators; and all the provisions of the said Regulation shall be applicable to awards given by arbitrators appointed under this section. Provided however, that if either party refuse to concur in submitting the matter to arbitration, the claimant shall be left to prosecute his claim by regular suit in the courts of judicature.

What the award or decree in such cases shall contain and how to be carried into effect.

XII. The arbitrators in all cases referred to them for amicable adjustment under the foregoing section, and the courts of judicature in all suits for putteedaree shares of an estate shall make it a rule, on giving a decision in favor of the claimant, to specify in the award or decree, the precise share to which the claimant may be entitled, whether it consist of one or more distinct village or villages, or of a defined portion of the general estate. The collector on production of such award or decree shall proceed to the separate allotment of the jumma of the share thus awarded or decreed under the provisions of Sections II, or V, of this Regulation, according as they may be respectively applicable to the case.

The shares after the separate allotment shall not be liable for any arrears except such as may accrue on its separate proportion of the jumma.

XIII. After the separate allotment of the jumma upon any one or more share or shares of an estate, or upon all the shares of an estate shall have been made in conformity to the provisions of Sections II, V, VI, or VII, of this Regulation, according as the provisions of either may be applicable to the case, and shall

A. D. 1812. REGULATION III.

A REGULATION for amending some of the Rules at present in force in regard to the conduct of Enquiries into Charges of a Criminal Nature, and for establishing additional Provisions with a view to the more effectual apprehension of Criminals.—

PASSED by the Governor General in Council, on the 18th April 1812; corresponding with the 7th Bysack 1219 Bengal era; the 22nd Bysack 1219 Fusly; the 8th Bysack 1219 Willaity; the 7th Bysack 1869 Sumbut; and the 5th Rub-bi-usance 1227 Higeree.

WHEREAS it is necessary to provide for the subsistence of witnesses, whose evidence may be required in cases of adultery, fornication, calumny, abusive language, slight trespass and inconsiderable assault; and whereas it has been judged advisable to restrain the indiscriminate permission, which has been granted to vakeels and agents, to conduct criminal prosecutions, instead of requiring the persons complaining to carry on such prosecutions themselves; and whereas it is essential to the maintenance of an efficient police, that zemindars, farmers, and others, should furnish the magistrates with punctual information of all robberies committed within the limits of the estate or farm held or managed by them; it being moreover necessary to make provision for the execution of sentences passed by the superintendants of police; and whereas it is essential to provide for the more prompt and exemplary punishment of pikes, and other village watchmen, when convicted of misconduct or gross neglect; and it having been likewise judged advisable to modify the rules at present in force respecting the aid, which persons distraining for the recovery of arrears of rent, should receive from the officers of police; and whereas it is expedient to call forth by all proper means the exertions of the zemindars, farmers and others, in the apprehension of persons, who may have broken jail or have otherwise effected their escape; of persons, for the apprehension of whom proclamations may have been issued; and of other persons, who may have eluded the pursuits of justice; the following rules have been enacted by the Governor General in Council, to be in force from the period of their promulgation, throughout the territories immediately dependent on the presidency of Fort William. (c)

Preamble.

(c) Extended to the lands comprised within the Jaghirs of the late Killadar of Chaltager, annexed to the sillah of Bundelcund, by Regulation 22, 1812, and to the Pargannah of Handyn, annexed to the sillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghirs situated on the borders of the sillah of Bundelcund, belonging to several Bundelakh Chakildars, together with the tract of land situated near the town of Teroha, in the said sillah, granted as an independent Jaghir to His Highness Amrut Rao, are exempt from the operation of the General Regulations; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

A. D. 1812. REGULATION III.

No process for the attendance of witnesses to give evidence in certain cases to be issued, unless the person by whom the charge may be preferred, shall deposit in the hands of the nazir a sufficient sum for the maintenance of the witnesses during the period of one month.

II. (d) *First.* By Section IV, Regulation VII, 1811, it is provided, that whenever process may be issued by a magistrate in consequence of any charge of adultery, fornication, rape, calumny, abusive language, slight trespass or inconsiderable assault (with the exception however of cases of maihem, actual affrays, and tumultuary assemblies of the people) such process shall be served by peons or other persons, who shall be authorized by the magistrate to demand and receive tullubanaah according to the established rate; such tullubanaah to be paid in the first instance by the party at whose complaint the process may be issued. It being further necessary to make provision for the payment of the subsistence of witnesses in cases of the above nature; it is hereby declared, that no process shall be issued for the attendance of witnesses on any charge of adultery, fornication, calumny, abusive language, slight trespass or inconsiderable assault, unless the person by whom such charge shall be preferred, shall deposit in the hands of the nazir, a sufficient sum for the maintenance of the witnesses, who may be summoned on his application (being persons residing at a greater distance than five coss from the magistrate's cutcherry) for their support during the period of one month, at such rate as may be fixed by the magistrate in each case, not being however in any instance less than one anna, or more than three annas per day for each witness.

Should the witnesses be detained less than a month, the surplus of the deposit money shall be returned to the prosecutor.

Second. Should the detention of the witnesses from their homes be less than one month, the witnesses shall be only deemed entitled to subsistence during the period that they may have been necessarily absent in attendance at the magistrate's cutcherry, in proceeding thither, and in returning to their homes; and the surplus of the money, which may have been deposited by the prosecutor, shall be returned to him.

If the detention of the witnesses be for a longer period than that specified in clause first of this section, the prosecutor to deposit at the expiration of each month a further sum;

Third. On the other hand, should the witnesses be detained in attendance on the magistrate during a longer period than that above specified, the prosecutor shall deposit, at the expiration of each month, such further sum as may be necessary for the subsistence of his witnesses during the month next ensuing, until the case shall have been finally disposed of, or the witnesses discharged from their attendance. Should the prosecutor in any instance fail to make the prescribed monthly deposit, the complaint shall be immediately dismissed.

Or, in case of failure his complaint to be dismissed.

Cases in which the foregoing provisions are not intended to apply.

Fourth. The foregoing provisions are not intended to apply to cases of maihem, actual affrays, or tumultuary assemblies of the people, requiring the imme-

(d) *Construction by the Nizam's Adalat, 14th September, 1815.* The rule contained in this clause, does not require the subscription money of witnesses to be lodged until the prosecutor is desirous of taking out process to procure their attendance, and that the consequence (not stated what) may be obtained, by not summoning the witnesses, until the magistrate, or his assistant, be prepared to take up the case. See the Circular Orders of the Nizam's Adalat, new edition, Page 12, No. 21, and Page 23, No. 27, how magistrates are to proceed in summoning witnesses before the courts of circuit, and with what precautions to pay the diet money allowed to indigent prosecutors and witnesses.

mediate interposition of the police for the maintenance of the public tranquillity. In such cases, as well as in charges for heinous crimes, the subsistence of indigent prosecutors and witnesses will be defrayed by government. If however a prosecutor shall in any instance, by an exaggerated and perverted representation of the case, procure process to be issued against any person for any such crime or public misdemeanour, and it shall on enquiry appear that the case was nothing more than a slight trespass, inconsiderable assault, or other trifling offence, such prosecutor shall be held accountable for whatever sum may appear to be due from him for the subsistence of his witnesses, on the principles stated in the three preceding clauses of this section of the present Regulation.

Fifth. It shall be the duty of the nazir to keep an accurate and particular account of all sums received and disbursed by him on account of the subsistence of witnesses under this Regulation, which shall be inspected monthly by the magistrate or his assistant.

Account to be kept by the nazir of all sums received and disbursed on account of the subsistence of witnesses, and to be inspected by the magistrate and his assistant monthly.

Sixth. With the view of further restraining the institution of prosecutions for adultery, fornication, calumny, abusive language, trespasses and assaults, which ordinarily prove to be unfounded, misrepresented, or greatly exaggerated, the magistrates are hereby strictly prohibited from issuing any process on these, as well as charges for more heinous offences, without previously examining the prosecutor as to the specific facts of the case, and satisfying themselves that adequate grounds exist for proceeding against the accused party. In cases likewise in which the magistrate shall see grounds to distrust the truth of a charge, he shall, previously to issuing process against the accused, summon the witnesses named by the prosecutor, or as many of them as he may judge proper; and examine them as to their knowledge of the facts and circumstances which are the subject of the complaint; but enquiries of this nature shall not on any account be committed to the police darogahs, who are precluded from taking cognizance of the cases, to which this provision specially refers, by Regulation VII, 1811. On occasions on which the magistrate may judge it necessary to make the previous enquiry above noticed; the rules contained in the preceding clauses of this section, regarding the payment of the subsistence of witnesses shall be duly enforced.

Magistrate prohibited from issuing any process without previously satisfying himself that sufficient grounds exist for the prosecution.

III. By Section IV, Regulation IX, 1807, a discretionary power is vested in the magistrates to dispense, in certain cases, with the personal attendance of persons having criminal charges to prefer, and to receive charges of that nature from the authorized agents of such persons, provided that the facts alleged be sworn to by some one personally informed of the existence of them. nience having however been experienced from the indiscriminate permission allowed to vakeels and agents to conduct such prosecutions; it is hereby declared, that in ordinary cases, individuals having charges of a criminal nature to prefer, shall attend in person to institute and conduct the prosecution before the magistrate, and likewise before the court of circuit, in cases in which the charge may be made over for trial to that court; and that vakeels or agents shall not be permitted to interfere in the conduct of such prosecutions, unless substantial reasons be shewn (to be recorded of course on the proceedings of the magistrate,) why the prosecutor himself should not attend to carry it on in person. It shall be the duty of the Nizamut Adawlut and of the courts of circuit, to restrain any ill-judged exercise of the discretion vested in the magistrates with respect to this point.

Rules respecting the report of criminals within the limits of estates.

IV. *First.* Regulation VI, 1810, defines the duty required from the zemindars and others, with respect to the resort of criminals within the limits of the estates, or farms held or managed by them.

Landholders, &c. held responsible for giving early information of robberies, &c. under penalties.

Second. With the view of affording to the magistrates more early and punctual information of public offences committed within the limits of their respective jurisdiction, all zemindars, talookdars and other proprietors of lands, whether malgoonary or lhakeraje; all sudder farmers and under-renters of land, of every description; all dependent talookdars; all naibs, and other local agents; all native officers employed in the collection of the revenue and rents of lands on the part of government, or of the court of wards, are hereby declared especially accountable for the early and punctual communication to the magistrates, or police darogahs, of all information which they may obtain respecting the commission of robberies, and likewise regarding the offence of breaking into houses, tents, or boats, or other places of habitation, perpetrated within the limits of the estate or farm held or managed by them; and any landholder or other description of persons above noticed, to whom such responsibility is declared to attach, who may neglect to give the information hereby required, to the police darogah, or to the magistrate, shall, on proof of such neglect, after an inquiry similar to that directed by Section XIII, Regulation IX, 1808, be sentenced by the magistrate to pay a fine or to suffer imprisonment not exceeding the limitation therein specified. (c)

The authority and power required to carry sentences passed by the superintendents of police into execution in certain cases.

V. *First.* The superintendents of police are invested by the existing Regulations with a concurrent jurisdiction with the magistrates of the zillahs and cities included within the local limits of the authority of the said superintendents respectively. It being necessary however to make provision for the execution

of sentences, which may be passed by the superintendants, on offenders in cases in which such sentences cannot conveniently be carried into effect under their immediate directions, they are hereby declared competent to certify all such sentences to the magistrate of the district in which the offence may have been committed; and the magistrate, to whom such application may be addressed, is hereby authorized and required to carry the sentence of the superintendant into execution, in the same manner as if it had been passed by the magistrate himself.

Second. In cases, in which persons may be committed or held to bail by the superintendants of police for trial before the courts of circuit, and the said superintendants may not conveniently be able to superintend the conduct of such prosecutions themselves, it shall be competent for them to certify the order regarding the trial to the magistrate of the district in which the offence may be alleged to have been committed, and the magistrate on receipt of such application, shall then superintend the conduct of the prosecution before the court of circuit, in the same manner as if the accused party had been committed or held to bail by the magistrate himself.

Magistrate to superintend the conduct of prosecutions in cases certified by the superintendants.

Third. Provided however, that nothing contained in the preceding clauses, shall be construed to prevent the superintendants of police from causing sentences passed by them under the Regulations being carried into effect under their immediate directions, or from superintending the conduct of prosecutions against persons committed or held to bail by them for trial before the courts of circuit, in cases in which they may deem it advisable to execute those duties themselves.

Superintendants not precluded by the foregoing provisions from performing those duties themselves.

VI. Any pyke, chokeydar, pausbaun, negabaun, or other description of watchmen subject to the orders of any cutwaul or darogah of police, who may hereafter be proved guilty of any gross neglect or misconduct in the discharge of his duty as a police officer, (such neglect or misconduct not being of a nature which may render it proper that he should be committed or held to bail for trial by the court of circuit), shall for such offence, be liable to suffer corporal punishment by sentence passed by the magistrate, not exceeding thirty stripes of a rattan, instead of the penalties of fine or imprisonment; provided the offender shall appear a fit object of corporal punishment, and the magistrate shall be of opinion that the infliction thereof will operate as a better example than the penalties of fine or imprisonment. (f)

Punishment for watchmen convicted of gross neglect, &c.

(f) Extended by Regulation 12, 1816, Section 9, Clause 1, to cases of gross neglect or misconduct which may be established against any burkundauze, pyke, or other inferior officer attached to a public jail, or employed in the charge of prisoners, or generally in the performance of any public duty under a magistrate, police darogah, or other person in charge of the police. *Constructions by the Nizamut Adawlat.* 1. The magistrates not being empowered by the Regulations before in force, to inflict corporal punishment, except in cases of theft, the court judged it proper, in consideration of stripes inflicted by the Magistrate of Tirhoot on a burkundauze, to remit the remainder of a sentence of imprisonment to which he had also been sentenced. 18th January, 1815. 2. Magistrates to nominate persons to officiate when requiring darogahs to quit their thannahs.

VII. Inconvenience having been experienced in certain cases from the absence of the darogahs from their thannahs in consequence of their attendance being required at the stations of the magistrates or from other causes, it shall be the duty of the magistrates on all occasions of that nature, to nominate the mohirer or jemadar of the thannah, or to depute some other person, according as the magistrate may judge most advisable to officiate as darogah, reporting the selection so made to the provincial court under Section V, Regulation VIII, 1809. (g)

Additional rules as to the aid to be furnished by the police officers to distrainers.

VIII. Section IX, Regulation VII, 1799; Section IX, Regulation V, 1800; and Section XVII, Regulation XXVIII, 1803; contain rules respecting the aid which should be furnished by the officers of police to distrainers. The object of this provision having however been on many occasions misunderstood or misapplied, it is hereby enacted, that no aid shall be furnished by darogahs of police for the distress and sale of property for the recovery of arrears of rent, unless oath be made before them, that actual resistance has been made to the distrainer in the exercise of the legal power vested in him with respect to those points. In order likewise to prevent the burkundauzes from being withdrawn, on occasions of that nature, from the thannahs and from the discharge of their general duties, muskoory peons, to be selected by the darogahs and paid by the distrainers at the established rate of tullubanaah, shall be employed in the performance of the service in question.

Certain registers of the names of offenders to be prepared at each zillah and city.

IX. *First.* On the receipt of this Regulation; the magistrates of the several zillahs and cities shall cause to be prepared, according to the forms hereunto annexed, Nos. 1, 2 and 3, registers of the names of the following descriptions of persons; first, register of convicts who have broken jail or have otherwise effected their escape; second, ditto of persons, for the apprehension of whom proclamations may have been issued under the provisions of Regulation IX, 1808; thirdly, ditto of persons charged with or suspected of the commission of specific crimes of a heinous nature, who may have eluded the pursuits of justice.

When the registers shall commence. Copies to be furnished half yearly to the superintendants of police.

Second. The registers above prescribed, shall commence from the 1st day of January 1812; they shall be regularly revised and kept up in the Persian language by the several magistrates, who shall forward copies of them on the 1st of

See the Circular Orders of the Nizamut Adawlut, new edition, Page 140, No. 59, enjoining the magistrates of the divisions of Benares and Bareilly, to be cautious in the infliction of stripes on offenders under the provisions of this section and of Regulation 14, 1816, Section 9.

Third. At the expiration of every period of six months, reckoning from the 1st of January last, or oftener, when circumstances may appear to require it, the zillah and city magistrates shall cause lists to be prepared from the abovementioned registers of all persons therein named who may not have been apprehended, and shall transmit copies of the said lists to the principal landholders, farmers, and managers of land, together with warrants for the apprehension of the persons therein named, agreeably to the forms annexed to this Regulation, Nos. 4, 5 and 6. Transcripts of the lists thus prepared shall be at the same time transmitted by the magistrates under their official seal and signature to the police darogahs for their information.

Lists to be prepared half yearly or oftener, and transmitted by the magistrate to the landholders with warrants for the apprehension of the persons named therein. Copies to be also sent to the darogahs.

Fourth. The magistrates shall be careful to obtain from the landholders, farmers, and managers of land, or from their representatives, to whom the said lists and warrants may be delivered, written acknowledgements of the receipt of them.

Magistrates to obtain written acknowledgements of the receipt of such lists and warrants by the landholders.

Fifth. All zemindars, talookdars, and other proprietors of lands, whether malgoozary or lhakeraje; all sudder farmers and under-renters of land of every description; all dependent talookdars; all naibs and other local agents; all native officers employed in the collection of the revenues and rents of land on the part of government, or of the court of wards to whom the lists and warrants mentioned in the preceding clauses of this Regulation shall have been delivered, are hereby authorized either to cause the immediate apprehension of any of the persons named in either of the said lists who may be found within the limits of the estates held or managed by them; or to apply to the nearest police officer for any aid which may be required in the execution of that duty; or simply to communicate to such officer such information, as may have been obtained respecting the place, to which the persons in question may resort, or in which they may be concealed.

All zemindars, &c. to whom such lists and warrants are transmitted authorized to apprehend the persons named therein.

Sixth. Persons who may be apprehended under the provisions of this Regulation, shall be delivered as speedily as possible into the charge of the nearest darogah or other officer of police for the purpose of being forwarded under safe custody to the magistrate; and an acknowledgement shall uniformly be given by such darogah or other officer of police specifying the names of the prisoners; and the date on which they were delivered into his charge.

Such persons when apprehended to be delivered in charge to the police officers.

Seventh. The several zemindars, farmers, and local agents to whom warrants and lists of public offenders shall have been furnished under this Regulation, are hereby required to transmit to the magistrates on the 30th June and 31st of December, in each succeeding year, returns according to the annexed form No. 7,

of all persons who may have been apprehended by them, or by means of information given by them to any police officer during the preceding six months; counterparts of which returns shall at the same time be transmitted by the several zemindars, farmers or local agents, by means of the public dawks to the office of the superintendant of the police.

Darogahs to furnish reports of such persons apprehended by them.

Eighth. In like manner the several darogahs shall transmit at the periods above specified, returns of all persons named in the lists with which they had been furnished, who may have been apprehended by them, during the preceding six months, accompanied by any explanation which they may wish to offer in the event of no persons having been apprehended; copies of the prescribed returns and explanations shall at the same time be forwarded by the police darogahs by means of the public dawks to the office of the superintendant of police, and such returns are to be invariably made, whether any persons shall have been apprehended or otherwise, and shall be dispatched by the darogahs from their respective thannahs, on or before the 15th of the month of January and July of each year.

Magistrates to cause the zemindars, &c. to be informed that they will be held guiltless of any consequences ensuing from resistance to the execution of such warrants.

X. First. The zillah and city magistrates shall cause it to be explained to all persons to whom warrants shall be granted for the apprehension of persons under the provisions of this Regulation, that if in the legal execution of such warrants either by themselves or by any person or persons acting under their authority, any resistance be made by the party named in the warrant, or by any other person, (the said warrant being shewn to the party so resisting) such zemindar, farmer, or local agent or other person acting under their authority by whom the warrant may be executed, will be held guiltless with respect to any consequences, which may ensue from such resistance to the execution thereof.

Cases of such resistance to be punished as prescribed for resistance to other process of the courts.

Second. It is further hereby declared, that any resistance by any person whatever, of any warrant or process of the court issued under this Regulation, shall be punishable in the same manner as is prescribed by the existing Regulations, for resistance of process of the zillah and city magistrates.

Zemindars, &c. to be informed that they will not be required to prosecute or attend the courts in such cases.

XI. First. The magistrates of the several zillahs and cities shall cause it to be carefully explained to the zemindars, farmers, and their local agents, to whom warrants shall be granted under this Regulation, that they will not be required either to become prosecutors, or to attend the court, or to adduce evidence, or otherwise be subjected to any personal inconvenience or expense on account of any charge or prosecution, which may be depending or may be instituted against any person or persons legally apprehended by them under this Regulation, or who may be apprehended by means of any information which they may furnish to any police officer of government.

Second.

A. D. 1812. REGULATION III.

Second. In the event of any evidence being required by the magistrate in regard to the general character of any party apprehended by means of any zemindar, farmer, or local agent, or in respect to any other point or matter which shall not be furnished by the proceedings which may have been previously held by the court, or by any other records of the magistrate's office, the magistrate shall cause such evidence to be procured by means of the regular police officers of government.

Evidence as to persons so apprehended to be procured thro' the regular police officers.

XII. Whenever any zillah or city magistrate shall have grounds to believe that any zemindar, farmer, or manager of land shall have been guilty of any neglect or misconduct in the discharge of the duty imposed upon him by this Regulation, the magistrate shall call upon him to answer to the charge; and if it shall appear upon a full and impartial enquiry, that the person accused has been actually guilty of the neglect or misconduct ascribed to him; the magistrate shall sentence the offender to pay such a fine to government, and to suffer imprisonment for such a period of time as he may deem proportioned to the offence, not exceeding however, the limitation prescribed by Section XIX, Regulation IX, 1807, viz. imprisonment for six months, and a fine of rupees 200 commutable, if not paid, to imprisonment for a further period not exceeding six months longer.

Penalties for neglect or misconduct of zemindars, &c. in the performance of the duty hereby prescribed.

XIII. The magistrates of the several zillahs and cities are hereby empowered to grant lists and warrants for the apprehension of any persons of the description of those described in Clause Third, Section IX, of this Regulation, prepared in the manner prescribed to any individual with his consent not being a zemindar, farmer, or local agent for the management of lands or regular police officer of government; and the provisions of this Regulation shall be held applicable to the legal execution of any warrant of the magistrate by any person so employed.

Magistrates may grant such lists and warrants to persons not being zemindars &c. with their own consent, and these rules declared applicable to such persons.

A REGULATION to enable the Governor General in Council to institute or defend, through the medium of the Public Officers of Government, actions, in which Native Princes, whom it would be improper to require to appear as plaintiffs or defendants in the Courts of Judicature, may be parties.—**PASSED** by the Governor General in Council, on the 24th April 1812; corresponding with the 13th Bysaak 1219 Bengal era; the 28th Bysaak 1219 Fusly; the 14th Bysaak 1219 Willaity; the 13th Bysaak 1869 Sumbut; and the 11th Rubbi-us-sanee 1227 Higeree

WHEREAS with the view of preserving inviolate the rights of individuals, the British government has rendered itself amenable to the courts established for the administration of justice in civil cases, throughout the provinces of Bengal, Behar, Orissa and Benares, and in the ceded and conquered provinces; and whereas, in the same spirit of equity, the government has precluded itself from deciding by its own authority on disputed claims to property of every description, in which it may be a party with any of its subjects, except in cases expressly reserved to its decision, or to that of the subordinate executive authorities, by the existing Regulations; and whereas the sovereigns of adjacent states have occasionally claims to prefer, or rights to defend as individuals in the territories of the British government; and difficulties having occurred in prosecuting or defending such claims from the reluctance felt by those princes to appear as plaintiffs or defendants in the courts of judicature, the following rules have been passed, to be in force from the period of their promulgation throughout the territories immediately dependent on the presidency of Fort William. (h)

Preamble.

II. First. In cases, in which sovereign native princes, whether residing within the British territories or otherwise, shall have claims to prefer as individuals, to lands or other things, the cognizance of which is vested by the general constitution of the country in the courts of civil judicature, it shall be competent to the Governor General in Council, to order a suit to be instituted, through the medium of the public officers, for the recovery of the lands or other things which may be so claim-

How claims of sovereign native princes on individuals may be prosecuted and decided upon.

(A) Extended to the lands comprised within the Jaghire of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation 32, 1812, and to the Purgunnah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondeloh Chieftains, together with the tract of land situated near the town of Teroha, in the said zillah, granted as an independent Jaghire to His Highness Amrat Rao, are exempt from the operation of the general Regulations; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

ed, in the court, which on the principles of the general Regulations is authorized to enquire into, and decide upon, the right to the disputed property.

The Governor General in Council may order the public officers to defend suits brought by individuals against such sovereign native princes.

Second. In like manner, should a suit be instituted in any of the established courts of civil judicature, by any zemindar or other person for the recovery of lands or other things, in the occupancy of any native prince, whom it would be improper to require to defend the action himself, it shall be competent to the Governor General in Council to order such suit to be defended by the public officers.

By whom suits so instituted or defended shall be conducted.

III. Suits which may be instituted or defended under the preceding section, shall be conducted by the collectors of the land revenue, aided by the vakeels of government at the city, zillah, and provincial courts, and at the Sudder Dewanny Adawlut, under the directions of the Board of Revenue, in the provinces of Bengal, Behar and Orissa; and of the Board of Commissioners in the ceded and conquered provinces, and in the province of Benares; (i) which Boards will of course on all such occasions be furnished by the Governor General in Council with such information and instructions as may appear necessary to enable them duly to superintend the conduct of the prosecution or of the defence.

A summary of the decree passed in any case of that nature wherein government may be a party, shall be transmitted immediately to the secretary in the judicial department, for the orders of government.

IV. In all original suits and appeals, in which government may be a party under the provisions of the present Regulation, the court which may pass judgment, shall, in addition to the copies of the decrees required to be delivered to the parties, transmit a summary of the decree with as little delay as possible, in the English language, to the secretary to government in the judicial department, for the information of the Governor General in Council, who, on receipt of such summary, will issue any orders to the Board of Revenue or Board of Commissioners, (i) which the case may appear to require, or will cause the necessary notification to be made to the person on whose behalf the cause shall have been prosecuted or defended, of the final judgment given on the action.

(i) The duties, powers and authority, which were exercised in the province of Benares, and in that part of the province of Behar, comprised in the zillahs of Behar, Shahabad, Sarun and Tirhoot, by the Board of Revenue and Board of Commissioners, respectively, until the enactment of Regulation 1, 1816, have been, by that Regulation, vested in the Commissioner in Behar and Benares.

A. D. 1812. REGULATION V. X

A REGULATION for amending some of the Rules at present in force for the collection of the Land Revenue.—**PASSED** by the Governor General in Council, on the 1st May 1812, corresponding with the 20th Bysaak 1219 Bengal era ; the 5th Bysaak 1219 Fusly ; the 21st Bysaak 1219 Willaity ; the 5th Bysaak 1869 Sumbut ; the 18th Rubbi-us-sanee 1227 Higeree.

WHEREAS it has been deemed advisable to revise the rules established regarding the grant of pottahs by the proprietors of land, paying revenue to government, to their tenants, and also the rates at which persons purchasing land at the public sales are entitled to collect their rents ; and whereas there are grounds to believe that considerable abuses and oppression have been committed by zemindars, talookdars and farmers of land in the exercise of the powers vested in them, with respect to the distress and sale of the property of their tenants for the recovery of arrears of rent ; and circumstances having occurred which render it necessary to explain the real intent and meaning of the existing rules regarding the sale of estates for the recovery of arrears of public assessment ; and whereas it has been deemed expedient to annul the existing provisions for levying in certain cases a penalty of twelve per cent in addition to the established interest on arrears due from the proprietors and farmers of estates, and at the same time to provide more generally for the levy of such interest, the following rules have been passed, to be in force on their promulgation throughout the provinces immediately dependent on the presidency of Fort William. (j)

II. Section II, Regulation XLIV, 1793 ; Section II, Regulation L, 1795 ; and Clause Second, Section II, Regulation XLVII, 1803, by which the proprietors of land, paying revenue to government, are precluded from granting leases for a period exceeding ten years, are hereby rescinded ; and proprietors of lands are declared competent to grant leases for any period which they may deem most convenient to themselves and tenants, and most conducive to the improvement of their estates. (k)

Rules contained in Section II, Regulation XLIV, 1793 ; Section II, Regulation L, 1795, and Clause Second, Section II, Regulation XLVII, 1803, precluding proprietors of lands paying revenue to government, from granting leases for a longer period than ten years, rescinded.

(j) Extended to the lands comprized within the Jaghire of the late Killadar of Callesger, annexed to the zillah of Bundelcund, by Regulation 32, 1812, and to the Fergunnah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816 ; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelah Chieftains, together with the tract of land situated near the town of Terohi, in the said zillah, granted as an independent Jaghire to His Highness Amrut Rao, are exempt from the operation of the general Regulations ; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

(k) Explained by Regulation 18, 1812, Section 2.—By Regulation 14, 1812, the rule contained in this section is not in force in the ceded and conquered provinces, including the territory ceded by His High-

A. D. 1812. REGULATION V.

Certain parts of Regulation VIII, 1793, and Regulation IV, 1794, respecting forms of pottahs and engagements for rent rescinded; and proprietors declared competent to grant leases and receive engagements in such forms as may be convenient to the parties.

Such rule not to legalize stipulations for arbitrary or indefinite cesses, which are to be adjudged null and void, but without vitiating the definite clauses of the engagements.

No person attaching lands on the part of government or purchasing at public sales, entitled to annul existing leases within the year on the grounds of collusion without a judicial decision on summary suits.

III. Such parts of Regulation VIII, 1793, and of Regulation IV, 1794, as require that the proprietors of land shall prepare forms of pottahs, and that such forms shall be revised by the collectors, and which declare that engagements for rent contracted in any other mode than that prescribed by the Regulations in question, shall be deemed to be invalid, are likewise hereby rescinded: And the proprietors of land shall henceforward be considered competent to grant leases to their dependent talookdars, underfarmers and reyets, and to receive correspondent engagements for the payment of rent from each of those classes, or any other classes of tenants, according to such form as the contracting parties may deem most convenient and most conducive to their respective interests: provided, however, that nothing herein contained shall be construed to sanction or legalize the imposition of arbitrary or indefinite cesses, whether under the denomination of abwaub, mu-thote, or any other denomination. All stipulations or reservations of that nature shall be adjudged by the courts of judicature to be null and void: but the courts shall notwithstanding maintain and give effect to the definite clauses of the engagements contracted between the parties, or in other words, enforce payment of such sums as may have been specifically agreed upon between them.

IV. Section V, Regulation XLIV, 1793; Section V, Regulation L, 1795; and Section V, Regulation XLVII, 1803, contain provisions for annulling, in the case of public sales, all engagements which may have been contracted between the proprietor of the lands and his under-tenants; and for empowering the purchaser to collect according to the established usages and rates of the purgunnah or district in which the land may be sold: Clause Third, Section XXIII, Regulation VII, 1799; Section XXIV, Regulation V, 1800; Section IX, Regulation I, 1801; Section V, Regulation XLVII, 1803; at the same time contain provisions for suspending the annulment of leases, supposing the sale to have taken place after the expiration of the second month of the Bengal or Fusly year, until the close of the year, except in cases in which such leases may appear to the officers deputed to attach or manage them on the part of government, or to the purchasers at the public sales, to be obviously collusive. In addition to these last mentioned provisions, it is hereby declared, that neither any person deputed to attach lands on the part of government, nor purchasers at the public sales, shall be deemed entitled to annul existing leases within the year, in which the attachment or sale may have taken place, on the ground that such leases, were evidently collusive without a decision to that effect in a court of judicature; the case to be tried as a summary suit under Regulation VII, 1799.

now the Peshwa in Bundelkand, the district of Cuttack, and the Purgunnahs formerly dependent on that district, but now annexed to the Zillah of Midnapore.

A. D. 1812. REGULATION V.

V. By Section V, Regulation XLIV, 1793; Section V, Regulation L, 1795; and Section V, Regulation XLVII, 1803, already cited, it is provided, that in cases in which leases may be cancelled on the occasion of public sales, made for the recovery of arrears of assessment, the purchaser shall be entitled to collect during the year in which the sale took place, whatever the former proprietor would have been entitled to receive, "according to the established usages and rates of the purgunnah, or district in which such lands may be situated." There being however reason to believe that the purgunnah rates are in many instances become very uncertain, the following rules shall be observed on all occasions of that nature.

Rules as to the rates at which purchasers of lands may collect during the year in which the sale takes place. In cases in which leases may be cancelled,

VI. If any known established purgunnah rates shall exist, the same shall serve to determine the amount of the rent, which should be received by persons deputed to attach the lands on the part of government, or by the purchasers at the public sales.

Established purgunnah rates where such exist, shall determine the amount to be collected by government officers or purchasers.

VII. In cases, in which no established rates of the purgunnah, or local division of the country may be known, pottahs shall be granted, and the collections made, according to the rate payable for land of a similar description in the places adjacent; but if the leases and pottahs of the tenants of an estate generally which may consist of an entire village or other local division, be liable to be cancelled under the rules above noticed; new pottahs shall be granted, and the collections made at rates not exceeding the highest rate paid for the same land in any one year within the period of the three last years antecedent to the period at which the leases may be cancelled.

Rules where no established purgunnah rates exist.

VIII. In the case of a dependent talookdar, if the rent of the lands be computed according to the rates payable by ryots or cultivators, for land of a similar quality and description, a deduction shall be allowed from the gross rent in the adjustment of the jumma of such dependent talook at the rate of ten per cent for the talookdar's profit or income, over and above a reasonable allowance for charges of collection according to the extent of the talook.

What allowances to be made in computing the rates payable by ryots &c. in the case of dependent talooks.

IX. By the former and present Regulations, persons purchasing land at the public sales, are competent under certain restrictions to annul engagements contracted between the late proprietor of the lands and his under tenants. But it is hereby enacted, that no cultivator or tenant of land shall be liable to pay an enhanced rent, though subject to enhancement under subsisting Regulations, unless written engagements for such enhanced rent have been entered into by the parties, or a formal written notice have been served on such cultivator or tenant at the season of cultivation: viz. on or before the month of Jeth, notifying the specific rent, under

the landholders right of enhancing it, to which he will be subject for the ensuing Fusly, or for the current Bengal year. (l)

Cultivator not served with such notice, entitled to a refund of any excess beyond the amount of his previous engagements.

How such notices are to be served.

X. Unless such notification be duly served, no greater rent shall be exigible by process of distress or confinement of person, nor recoverable by suit in court, than the cultivator or tenant was bound to pay under his previous engagements: and if more be levied from him, he shall be entitled to a refund of the excess with damages, on proof of the circumstances before a court of justice. In all practicable cases the required notification shall be served personally on the tenant: but if he shall abscond or conceal himself, so that it cannot be served personally upon him, it shall be affixed at his usual place of residence; which latter process shall in such case be deemed and taken to be a sufficient service of the notification in question. 3. The number of summary suits instituted annually since the year 1810 is exhibited in the margin. The increase is to be attributed to the operation of Regulation 5, 1812, which seems to have been understood by the farmers and zemindars as authorizing them to consider the ryots, on the expiration of their leases, as tenants at will, and has consequently led them to demand enhanced rents in most parts of the district (Rungpore). The provisions of Section 15, have also induced many who had demands against their tenants on old engagements, to substitute summary actions for the former mode of distraint.

5. By far the greater number of summary suits referred last year, were for arrears of rent due on cabooluts; but many of those that have lately been instituted, are consequent to the more general operation of Section 10, Regulation 5, 1812, and are preferred either by the ryots after releasing their property from distraint, or by the farmers, or zemindars, to recover increased rents on the grounds of having served their tenants with the notice described in the above section and Regulation, the general principles of which, although it is professedly enacted for the guidance of persons purchasing lands sold for arrears of revenue, appear to be applicable to all cases where no written engagements exist, as the respective rights of the proprietor and ryots, considered independently of their mutual agreements, cannot be supposed to be altered by the mere circumstance of the sale of the estate.

6. On a strict view of Section 10, Regulation 5, it might be inferred, that the zemindar, or his representatives, possessed the power of exacting, in the first instance, by distraint, or summary process, whatever amount they may have thought proper to insert in the notification required to be conveyed to their tenants, the latter having only the option of resigning their land, or continuing to hold it subject to pay the enhanced rent, until they can prove the injustice of the demand by a regular suit. Such an interpretation, however, does not seem to be easily reconcilable with that part of Section 7, Regulation 4, 1794, which being declaratory of the rates at which the ryots were entitled to demand pottahs, and, of course, to continue in possession of their lands, cannot be considered as abrogated by Section 3, Regulation 5; and, I have hitherto deemed it necessary to require zemindars and farmers proceeding summarily for enhanced rent, or defending suits instituted against them under Section 15, Regulation 5, 1812, to show, that the amount demanded in the notification served on their tenants, was conformably to the purgunah rates, and the actual extent of land.

7. Should this construction of the Regulation be correct, it is evident, that in the generality of suits denominated summary, it will now be necessary to adduce evidence to prove the purgunah rates, the quality of the cultivator's land, and frequently the quantity thereof; all of these points being usually disputed, and even the last very frequently remains doubtful until actually measured, in consequence of the fraudulent reduction made by the zemindar, before the decennial settlement, in the nominal extent of every farm or joat on their estates, for the purpose of imposing upon government, and obtaining their lands in perpetuity, on favorable terms.

By the Court, 3d February, 1816. H. J. 203

The Court entirely concurs in the construction of Section 10, Regulation 5, 1812, stated in the 6th paragraph of the foregoing reference. The Court observe, that the written notice required by Section 9 of that Regulation, which no written engagements may have been entered into, expressly refers to tenants liable to pay an enhanced rent under existing Regulations, including, of course, the unrevoked provision in Section 7, Regulation 4, 1794, relative to the renewal of pottahs at the established rates of the purgunah.

A. D. 1812. REGULATION V.

XI. The provisions contained in the preceding sections shall be considered equally applicable to sequestrators on the part of government, to managers on the part of the court of wards, and to farmers, whenever estates or portions of estates, may be let to farm under the authority of the Board of Revenue or Board of Commissioners. (n)

The preceding provisions applicable to sequestrators, managers, and farmers holding under the authority of the Board of Revenue or Board of Commissioners.

XII. The rules contained in the existing Regulations for the provinces of Bengal, Behar, Orissa and Benares, and for the ceded and conquered provinces, respecting distress and sale for the recovery of arrears of rent, are hereby declared subject to the following modifications. (o)

Rules respecting distress and sale for recovery of arrears; modified.

XIII. Whenever any zemindar, independent talookdar, or other actual proprietor of land, or any person farming land directly from government, shall be desirous of distraining the property of his tenant, with a view to the recovery of an arrear of rent; such zemindar or other person shall either previously or at the time of the distress, serve the said tenant with a written demand for the amount of it, accompanied with a jumma wassil baukee, exhibiting the grounds on which the demand is so made; and no process for the distress and sale of property on account of arrears of rent shall be deemed legal and valid, unless the rule here prescribed shall have been duly observed. In all practicable cases, the prescribed demand and jumma wassil baukee account, shall be served personally on the tenant; but if he abscond or conceal himself, so that they cannot be served personally upon him, they shall be affixed at his usual place of residence; which latter process shall in such case be deemed and taken to be a sufficient service of the demand and account in question.

No process for distress or sale to be legal, unless the tenant shall be served with a written demand, accompanied with a jumma wassil baukee.

XIV. Ploughs and other implements of husbandry, bullocks, and other cattle employed in agriculture, together with the tools of artisans, shall not be subject to distress and sale on account of arrears of rent, although the tenant, from whom such arrears may be demanded, shall not possess other property sufficient to make good the arrear.

Ploughs, &c. and cattle employed in agriculture, not to be distrained or sold

XV. If an attachment for arrears shall have been issued against the property of any tenant of any description, whether denominated under-farmer, ryot, or dependent talookdar, who may not have given security for the payment of his rent or revenue, and such tenant shall dispute the justness of the demand, and shall within five days, reckoning from the day following the attachment, or if the property at-

Attachment to be withdrawn, and distrained property restored, should a tenant who may not have given security, dispute the demand and enter into a bond with security, binding himself to institute a suit within fifteen days.

tached, consist of crops, or other ungathered products of the earth, within five days, calculating from the day following the date on which such crops or products may be stored, enter into a bond before the judge or collector of the zillah, the cauzy of the purgunnah, the commissioner, or other person vested with power to sell distrained property, or before the distrainer himself, with good security, binding himself to institute a suit in the dewanly adawlut of the zillah within fifteen days from the date of such bond, for the trial of the demand, and to pay whatever sum may be adjudged to be due from him, with interest upon it at the rate of twelve per cent per annum, to be calculated from the date on which the arrear that may be awarded became payable to the date of the decree, with all costs of suit, the distrainer shall immediately withdraw the attachment, and restore the property to the defaulter. If the stated defaulter shall fail to execute the bond within the period prescribed, the distrainer shall be at liberty to keep the property under attachment, and to cause it to be sold in the manner hereafter directed, unless the arrear, with the expenses of the attachment, shall be discharged previously to the day of sale. If the defaulter shall execute the bond, but omit to institute the suit in the dewanly adawlut, within the time prescribed, the distrainer shall demand payment of the arrear from the surety; and in the event of his not discharging the amount immediately, the distrainer shall be at liberty to issue an attachment against the personal property both of the surety and the defaulter, or the personal property of either of them, excepting always the articles specified in Section XIV, of this Regulation, and to cause it to be sold, unless the arrear and the expenses of the attachment shall be discharged previously to the day of sale. (p)

Attachment shall continue, and the property be sold, should the tenant fail to execute such bond or pay the arrears.

Should he execute the bond, but fail to institute a suit his security may be proceeded against.

(p) *Construction by the Sudder Dewanny Adawlut. Reference, dated 21st August, 1816.*—Whether or not the provisions of Section 15, Regulation 5, 1812, can be considered applicable to cases in which the zameendars and their representatives, attach the jotes of their tenants, or oust them at the end of the year, for disputed arrears of rent, accruing on notices served on the cultivators in the manner described in Sections 9 and 10, of the above Regulation? Frequent applications have been made by ryots for injunctions to farmers and others, to refrain from ousting them from their jotes, the applicants being ready to pay the amount of such part of the demand against them as they admit to be legal into court, and to give security, and contest the propriety of the remaining part of it, in the manner provided for in Section 15, Regulation 5, 1812.

By the Court.

The provisions of the section cited, apply directly to the case only of an attachment of property for an alleged arrear of rent, but the spirit and equity of the rule, must, in the judgment of the court, be considered applicable to the case submitted, supposing the requisite conditions, as specified in the section abovementioned, to be performed by the tenant, for bringing the question of rent in dispute, to a speedy determination in the civil court.

See the Circular Orders of the Sudder Dewanny Adawlut new edition, Page 54, No. 7, explaining doubts entertained, whether suits instituted by ryots, and other under tenants, under the provisions of Sections 15, 16, or 17, Regulation 5, 1812, for trying the justness of disputed demands of rent, are to be received and proceeded upon as regular or summary suits, especially suits instituted under the last mentioned section, for the recovery of damages on account of injury sustained by the illicit sale of property; and Page 58, No. 6, relative to the applicability of Sections 15 and 16, Regulation 5, 1812, to tehsildars, seowuls, and other revenue officers employed in making khas collections on the part of government, and exercising the powers vested in them by Regulation 28, 1803, Section 36.

A. D. 1812. REGULATION V.

XVI. If an attachment for arrears shall have been issued against any tenant, who may have given security for the payment of his rent or revenue, and such tenant shall dispute the justness of the demand, and the surety within five days, reckoning from the day following the day of the attachment, or if the property attached shall consist of crops or other ungathered products of the earth, within five days, calculating from the day following the date on which such crops or products may be stored, shall deliver a writing, attested by two witnesses, to the judge of the dewanny adawlut, the collector of the district, the cauzy of the purgunnah, the commissioner or other person vested with power to sell distrained property, or to the distrainer himself, engaging that either he or the stated defaulter will institute a suit in the dewanny adawlut within fifteen days from the date of such writing; to try the demand, and to pay the amount that may be adjudged against them, with interest upon it at the rate of twelve per cent per annum, to be calculated from the date on which the arrear that may be awarded, became payable, to the date of the decree, with all costs of suit, the distrainer shall immediately withdraw the attachment. If the surety shall fail to execute such writing within the prescribed period, the distrainer shall continue the property under attachment, and cause it to be sold in the manner hereafter directed, unless the arrear and the expenses attending the attachment shall be discharged previously to the day of sale. If the surety shall execute the writing, but fail to have the suit instituted either in his own name, or that of the defaulter, within the abovementioned period of fifteen days, the distrainer shall demand payment of the arrears from the surety, and in the event of his omitting to discharge the amount immediately, the distrainer shall be at liberty to issue an attachment against the personal property both of the surety and the defaulter, or the personal property of either of them, excepting always the articles specified in Section XIV, of this Regulation, and to cause it to be sold in the manner hereafter directed; unless the arrears and the expense attending the attachment shall be discharged before the day of sale. If the surety of the stated defaulter shall refuse or omit to enter into the writing required, or if he shall happen to be at a distance, so as to render it impossible for him to execute such writing within the prescribed time, and such defaulter in either of these cases shall give the security required from the defaulters, specified in Section XV, of this Regulation, the distrainer shall withdraw the attachment; and the rules contained in the foregoing section, shall in every respect be considered applicable to the parties concerned.

XVII. Should any ryot, farmer, or dependent talookdar, whose property may have been distrained, be unable to give security to the amount of the demand, together with interest upon it, at the rate of one rupee per mensem, with costs of suit and expenses of attachment, he will of course be at liberty to institute a suit a-

Under what rules attachment shall be withdrawn in the case of tenants who have given security disputing the justness of the demand.

Property to continue under attachment should the surety fail to execute the necessary writing.

Should the surety fail to have a suit instituted, the distrainer may attach both his and the defaulter's property.

The rules contained in Section XVI, declared to be applicable, should the required writing not be executed by the surety, and the defaulter himself give the required security.

Persons unable to give sufficient security may institute a suit in the court to try the demand or recover damages.

against the distrainer in the dewanny adawlut, to try the demand; and for the recovery of damages on account of any injury which he may have sustained by the illicit sale of his property.

Distrained property to be appraised previously to sale, and a certificate furnished to the defaulter.

XVIII. Whenever property shall have been distrained with a view to the sale of it, for the recovery of arrears of rent, it shall be appraised previously to such sale, by persons conversant with the purchase and sale of articles of the quality and description of those so distrained, and a certificate of the appraisement shall be furnished by the appraisers under their signatures, which shall be communicated to the tenant at least three days before the sale.

Sale to be postponed should the price offered be less than the appraised value.

XIX. If at the time of sale, a price shall not be offered for the distrained property equal to its appraised value, the sale shall be postponed until the ensuing market day, when the property shall be actually sold, whatever price (not less than the amount bidden on the first day of sale) may be offered for it.

Suits under this Regulation to be decided on summary enquiry under Regulation VII, 1799.

XX. Suits which may be instituted under the present Regulation, shall be decided on a summary enquiry, under the provisions contained in Regulation VII, 1799.

All such causes to be referred immediately to the collectors for report under Section XIII, Regulation VIII, 1794.

XXI. In order, likewise further to expedite the decision on such causes, the whole of them shall be referred as soon as instituted to the collectors for their report under the rule contained in Section XIII, Regulation VIII, 1794. (g) 1-

(g) As well as under the rule contained in Regulation 7, 1813, Section 2, which extends the provisions of Regulation 8, 1794, Section 13, to the ceded and conquered provinces.

Constructions by the Sudder Dewanny Adawlut.

1. Suits instituted either to procure attachments of distraint, issued by proprietors of rent free lands, to be withdrawn, or to recover damages for undue distraint exercised by them, are referrible to the collectors under this section, as well as similar suits respecting land paying revenue to government. 23d October, 1813.

2. Suits instituted under this Regulation, might be referred for the report directed in Section 21, to the register of the zillah court of the Jungle Mehal, in his capacity of assistant to the collector of Bardwan, he being the only revenue officer on the spot. 23rd July, 1812.

3. All summary suits instituted under this Regulation, must be referred to the collector for report, provided he be on the spot; but that, as the express object of the rule is to expedite the decision of such suits, the reference is by no means necessary; if the collector be absent from the sudder station. 29th April, 1813.

4. It is not necessary that the defendant should be apprehended in a suit instituted under Regulation 5, 1812, previous to such suit being referred to the collector for report; but that after summons had been duly served on the defendant, the reference might consistently be made. 9th June, 1814.

5. The judge of zillah Rajshabye having been called upon to report the reasons why he had referred no suits instituted under the provisions of Regulation 5, 1812, Section 21, to the collector, during the months of December 1813, and January and February 1814, stated, that he had referred several soon after the promulgation of Regulation 5, 1812, but that he invariably found on his proceedings being returned, a petition was presented to him by the person dissatisfied with the collectors opinion, who not having passed any definite order on the case, he (the judge) was frequently compelled to go over the whole of the papers, and not only to pass his own decision on the merits of the case, but to combat the reasoning of the collector, whenever the latter's differed from his own; in consequence of which, he had desisted from making the references to the collector. The court afterwards, in authorizing the practice, would be virtually to annul the rule, which must be complied with. 24th June, 1814.

See the Circular Orders of the Sudder Dewanny Adawlut, new edition. Page 78, No. 8, regarding the competency of registers, and of special magistrates under Regulation 21, 1814, Sections 11 and 12, to refer summary suits to collectors for adjustment.

A. D. 1812. REGULATION V.

† XXII. It shall be the duty of the Board of Revenue and Board of Commissioners (r) to obtain from the collectors such periodical returns regarding the execution of the abovementioned duty, as may appear best calculated to satisfy those Boards that no delay occurs in the performance of it.

Collectors to furnish periodical returns of the execution of the abovementioned duty.

XXIII. Any person who may be dissatisfied with the judgments which may be passed under the summary enquiries abovementioned, shall be at liberty on the principle of the rules established by the existing Regulations, to institute a regular suit for the more formal investigation of the merits of the case.

Persons dissatisfied with summary decisions, may institute regular suits.

XXIV. It is hereby declared, that sales made of entire estates for the recovery of arrears of public assessment, are not liable to be annulled by the courts of judicature, on the ground that one or more of the sharers may not have obtained possession of his or their interest in the property. The consideration of and decision on the expediency of selling the entire estate, or of disposing in the first instance of any particular part of it, is hereby declared to reside in the Board of Revenue, and Board of Commissioners (r) respectively, subject to the control exercised by the government, in its executive capacity, in matters connected with the public revenue.

Sales of entire estates not liable to be annulled by the courts, on the grounds of some of the sharers not having obtained possession; and, the decision on the expediency of selling entire estates or particular parts vested in the Boards respectively.

XXV. No means existing, by which any certain or accurate computation can be formed a priori of the real value of any estate, or portion of estate, which may be exposed to sale for the recovery of arrears of public assessment, or of the adequacy of the price which may be offered for such estate, or portion of estate; it is hereby declared, that sales made at public auction, for that purpose are not liable to be annulled by the courts of judicature on the ground that the proceeds of the sales have materially exceeded the amount of the arrears due from the proprietor of the lands to government. The Board of Revenue and Board of Commissioners (r) will be guided in cases of that nature by their own discretion; subject of course to any instructions with which they may at any time be furnished by the Governor General in Council.

Sales not liable to be annulled on the ground of the proceeds having materially exceeded the arrears due.

XXVI. Inconvenience to the public and injury to private rights having been experienced in certain cases from disputes subsisting among the proprietors of joint undivided estates, it is hereby enacted, that whenever sufficient cause shall be shewn by the revenue authorities, or by any of the individuals holding an interest in such estates for the interposition of the courts of judicature, it shall be competent to the zillah and city judges to appoint a person, duly qualified and under proper security to manage the estate, that is, to collect the rents, and discharge the public revenue;

The judges declared competent to appoint managers of joint undivided estates on sufficient cause shewn.

(r) Or the Commissioner in Behar and Benares, appointed under Regulation 1, 1816, for the province of Benares, and that part of the province of Behar, comprised in the sillsahs of Behar, Shahabad, Sarun and Tirhoot.

A. D. 1812. REGULATION V.

Objections against the person so appointed to be represented to the provincial courts.

and provide for the cultivation and future improvement of the estate: provided however, that if the revenue authorities or any of the individuals holding an interest in the estate shall be dissatisfied with the selection made by the zillah or city judge, of the individual to perform the duty in question, it shall be competent for them to represent their objections to the provincial court of appeal, which court will confirm the manager chosen, or order the judge to select and appoint another person, according as on consideration of the circumstances of the case may appear to them reasonable and proper. (s) -

Court may be moved for the removal of such managers should their conduct be unsatisfactory.

XXVII. In like manner should the authorities aforesaid or any individual holding an interest in the estate be at any subsequent time dissatisfied with the conduct of the manager, it shall be competent for them or him to represent the circumstances of the case to the zillah or city judge, and to move the court for the removal of the said manager: and should those authorities or persons be dissatisfied with the orders which may be passed on the subject by the zillah or city judge, it shall be competent for them to bring the case before the provincial court of appeal, which court will determine on the propriety of removing the manager or otherwise, as may appear to them to be right and proper.

(c) *Constructions by the Sudder Dewanny Adawlut.*

1. In cases requiring the appointment of a manager of a joint and undivided estate, under the provisions of this section, endeavours should, in the first instance, be made, to prevail on one of the family, or some friend of the sharers, to undertake that duty gratuitously; but that, in the event of its being necessary to make a pecuniary compensation to the person appointed to act as manager, the amount of such compensation must be fixed on consideration of the circumstances of each case, by the judge making such appointment. The manager, so appointed, must account to the several proprietors for their respective profits arising from the estate, after discharging the public revenue, (to be paid to the collector in the same manner as the payment was before made by the proprietors) and deducting the amount of the compensation which he may have been authorized to receive. 3rd December, 1812.

2. The public sale of lands for arrears of revenue, in all cases wherein the Governor General in Council, or the Board of Revenue, or Board of Commissioners, in cases left to the discretion of those Boards, may judge it proper to direct, is not restricted, or affected, in any respect, by the appointment of a manager under Regulation 5, 1812, Section 26. 3rd February, 1816.

3. The court think it expedient, that a rule should be established for proportioning, as far as practicable, the expense of management, to the extent and produce of the estate, when a manager may be appointed under Regulation 5, 1812, Section 26; and that the principal revenue authorities be consulted on the tenor and limitations of the rule, which may appear proper to enact for this purpose. 3rd February, 1816. *Suggestion to Government.*

4. As the responsibility of managers of estates, appointed under Regulation 5, 1812, Section 26, is not particularly defined in that Regulation, it must be considered that of an agent acting for the benefit of his principal, and bound to a faithful discharge of the trust committed to him. Proper security directed to be taken from managers appointed under the section above mentioned, is not restricted to personal bail for appearance, but extends to security for a faithful account of the manager's receipts, and should be proportioned to the extent thereof, as declared in Regulation 5, 1799, Section 6, and Regulation 5, 1803, Section 16, Clause 6, with respect to administrators appointed by the civil courts, in the cases therein provided for. 3rd February, 1816.

5. With respect to the right of interference and control, which the revenue authorities are to exercise over a manager appointed by the court of Judicature under Regulation 5, 1812, Section 26, the court see no reason to doubt, that in the event of any arrear of the public revenue, or in any other case wherein the revenue authorities are authorized to interfere, under the general Regulations, they have the same right of interference as if the manager had been appointed by the proprietors of the estate. It would, however, be proper, to give notice to the zillah court, of the view of the removal of such manager, whenever the revenue authorities may not judge it proper to employ him in managing the estate, during an attachment for arrears of revenue, or otherwise. 3rd February, 1816.

A. D. 1812. REGULATION V.

XXVIII. First. Under the existing Regulations, proprietors and farmers of estates paying revenue directly to government, are required to discharge the instalments on account of each month, on or before the first day of the following month; and such proprietors and farmers are liable to the payment of interest at the rate of twelve per cent per annum, on any arrears which may be due from them after the expiration of that period: by the rules in force likewise in the provinces of Bengal, Behar, Orissa and Benares, the said zemindars, and farmers are liable to the payment, at the discretion of the Board of Revenue, and Board of Commissioners, (t) of a further penalty at the rate of twelve per cent per annum on the arrears due from them respectively. Inconvenience having however been experienced from the existence of the complex demand of interest and penalty, such parts of Section II, Regulation I, 1801, and of any other Regulations as render the zemindars, and sudder farmers, liable to a penalty of twelve per cent per annum in addition to the established charge of interest, are hereby rescinded.

Such parts of the Regulations, as render landholders liable to pay a penalty of twelve per cent per annum, in addition to the established charge of interest, are rescinded.

Second. In cases, in which the proprietors and farmers of land shall fail to discharge the instalments of each succeeding month, on or before the first of the month following, they shall uniformly stand charged on the public accounts with interest from that date at the rate of twelve per cent per annum, nor shall it be competent for the collectors to remit any part of that demand by their own authority. Provided however, that if the Board of Revenue, and Board of Commissioners, (t) shall see any special reason, in consequence of reports which may be received by them from the collectors for remitting the interest, those authorities shall be competent to order it to be relinquished accordingly.

Landholders failing to discharge the monthly instalments shall be charged with interest at twelve per cent per annum, unless remitted by the Boards respectively.

Third. It shall be the duty of the Board of Revenue, and Board of Commissioners, (t) to obtain such periodical accounts of the interest, as may enable them, on comparing the said accounts with the monthly towjees, not only to judge whether the demand for interest has been properly adjusted, but likewise to ascertain the amount realized on that account, and the amount which may be at any time outstanding. On examination of the accounts required, the Board of Revenue, and Board of Commissioners, (t) will of course furnish the collectors with any instructions, which the nature and circumstances of the case may appear to require.

The Boards shall obtain periodical accounts of such interest, to be compared with the towjees.

(t) And Commissioner in Behar and Benares. appointed under Regulation I, 1816, for the provinces of Benares, and that part of the province of Behar, comprised in the zillahs of Behar, Shahabad, Sarun and Tirhoot.

A REGULATION for modifying some of the *Rules* before enacted regarding the Settlement of the Ceded Provinces.—**PASSED** by the Governor General in Council on the 11th July 1812; corresponding with the 29th Assar 1219 Bengal era; the 17th Assar 1219 Fusly; the 20th Assar 1219 Willaity; the 3rd Assar 1869 Sumbut; and the 1st Rajeeb 1227 Higeree.

WHEREAS it was enacted in Section V, Regulation X, 1807, with respect to estates paying revenue to government in the provinces ceded by His Excellency the Nawaub Vizier, that the jumma which might be assessed upon them in the last year of the quartennial settlement, commencing with the Fusly year 1216, and terminating with the year 1219, should remain fixed for ever, provided that the arrangement should receive the sanction of the Honorable the Court of Directors; and whereas the Honorable Court, in the exercise of the discretion expressly reserved to them by the rule above cited, have not deemed it advisable to confirm that arrangement, the following rules have been enacted, to be immediately in force, in the ceded provinces.

Preamble.

II. Such part of Section V, Regulation X, 1807, as declares provisionally that the jumma, which may be assessed on the estates of the zemindars and other actual proprietors of land in the ceded provinces, shall remain fixed for ever, is hereby rescinded.

Certain part of Section V, Regulation X, 1807, rescinded.

III. It having been declared in Clause Fourth, Section XXIX, Regulation XXV, 1803, with reference to the settlement then depending, that at the end of ten years, a permanent settlement would be concluded with the same persons, (if willing to engage, and if no others having a better claim should come forward) for such lands, as might be in a sufficiently improved state of cultivation to warrant the measure, on such terms as government should deem fair and equitable, the said rule is hereby declared to be in full force and effect.

Declaration contained in Clause Fourth, Section XXIX, Regulation XXV, 1803, respecting a permanent settlement to be concluded after a period of ten years, to be in full force and effect.

(v) See Regulation 16, 1816, entitled—A Regulation for extending for a further period of five years, the existing settlement in the provinces ceded by the Nawaub Vizier to the British Government, in all cases in which the settlement may have been concluded with the actual proprietors of land. The settlement mentioned in Regulation 16, 1816, appear not to include, or to refer to those lands, if any, as have had a permanent settlement concluded for them, in consequence of their having been in a sufficiently improved state of cultivation, at the time of concluding such permanent settlement. See Section 3, of the present Regulation, and Regulation 25, 1809, Section 29, Clause 4.

A. D. 1812. REGULATION IX.

The Board of Commissioners to ascertain what estates are in a state of cultivation to warrant the conclusion of a permanent settlement, and rules for the formation of it.

IV. Under the provision contained in the preceding section, it will of course be the duty of the Board of Commissioners to ascertain what estates may be in a state of cultivation to warrant the conclusion of a permanent settlement. In all such cases a revision shall be made of the jumma assessed on the said estates, on the principle of leaving to the proprietors a net income of ten per cent on the jumma exclusive of charges of collection; and a settlement shall be concluded with the proprietors, subject of course to the approval of the Governor General in Council accordingly. The jumma which may be so fixed on the estates of the zemindars and other actual proprietors of land, shall in conformity to the tenor of the proclamation originally issued by the late Lieutenant Governor and Board of Commissioners, and afterwards incorporated into Regulation XXV, 1803, remain fixed for ever.

Report to be made to Government of such estates as may not be in a sufficiently improved state to admit the conclusion of a permanent settlement.

V. Under the rule contained in Section III of this Regulation, it will likewise be the duty of the Board of Commissioners to submit to the Governor General in Council, a report specifying the estates, which may not appear to be yet in a sufficiently improved state of cultivation to admit of the conclusion of a permanent settlement, without a sacrifice of those resources which may hereafter be derived from them for the exigencies of government. In all cases of that nature, the Governor General in Council will determine, on consideration of the information which may be furnished by the Board of Commissioners, whether the settlement of such estates shall be made for the term of three or five years, or for any other period, according as may appear most conducive to the public interests.

A. D. 1812. REGULATION X.^(u)

A REGULATION for modifying some of the Rules before enacted regarding the Settlement of the Conquered Provinces, lying on the right and left banks of the River Jumna, of the Territory ceded by His Highness the Peishwa in Bundelcund, and of the district of Cuttack.—PASSED by the Governor General in Council on the 11th July 1812; corresponding with the 29th Assar 1219 Bengal era; the 17th Assar 1219 Fuly; the 20th Assar 1219 Willaity; the 3rd Assar 1269 Sumbut; and the 1st Rejeeb 1227 Higeree.

Preamble.

(u) The decennial settlement for the provinces mentioned in the preamble of this Regulation, expired with the Fusly year 1222. By Regulations 3, 1815, and 6, 1816, further settlements were entered into to last until the expiration of the year 1228 Umee, for lands in the zillah of Cuttack and its dependancies only; but these further settlements do not militate against the provisions of the present Regulation, which refer to the conclusion of a permanent settlement of those lands brought to a sufficient state of cultivation to warrant that measure, the further settlements applying to lands not arrived to a sufficient state of cultivation to admit of a permanent settlement.

Declaration contained in Section VII, Regulation IX, and Clause Sixth, Section IV, Regulation XII, 1805, respecting a permanent settlement to be concluded after a period of ten years, to be in full force and effect.

III. It having been declared in Section VII, Regulation IX, and Clause Sixth, Section IV, Regulation XII, 1805, with reference to the settlement then depending, that at the end of ten years, that is, at the expiration of the Fusly year 1222, a permanent settlement would be concluded with the same persons, (if willing to engage, and if no others having a better claim should come forward) for such lands, as might be in a sufficiently improved state of cultivation to warrant the measure, on such terms as government should deem fair and equitable, the said rule is hereby declared to be in full force and effect.

The Board of Commissioners and Board of Revenue respectively, to ascertain what estates are in a state of cultivation to warrant the conclusion of a permanent settlement, and rules for the formation of it.

IV. Under the provision contained in the preceding section, it will of course be the duty of the Board of Commissioners and Board of Revenue, in the places subject to their control respectively, to ascertain previously to the expiration of the year 1222, what estates may be in a state of cultivation to warrant the conclusion of a permanent settlement. In all such cases a revision shall be made of the jumma assessed on the said estates, on the principle of leaving to the proprietors a net income of ten per cent on the jumma, exclusive of charges of collection, and a settlement shall be concluded with the proprietors, subject of course to the approval of the Governor General in Council accordingly. The jumma which may be so fixed on the estates of the zemindars and other actual proprietors of land, shall in conformity to the tenor of the proclamations originally issued, and afterwards incorporated into Regulations IX and XII, 1805, remain fixed for ever.

Reports to be made to government of such estates as may not be in a sufficiently improved state to admit the conclusion of a permanent settlement.

V. Under the rule contained in Section III of this Regulation, it will likewise be the duty of the Board of Commissioners and Board of Revenue, to submit to the Governor General in Council, a report, specifying the estates which may not appear to be yet in a sufficiently improved state of cultivation to admit of the conclusion of a permanent settlement, without a sacrifice of those resources which may hereafter be derived from them for the exigencies of government. In

all cases of that nature, the Governor General in Council will determine, on consideration of the information which may be furnished by the Board of Commissioners and Board of Revenue, whether the settlement of such estates shall be made for the term of three or five years, or for any other period, according as may appear most conducive to the public interests.

A. D. 1812. REGULATION XI.

A REGULATION to empower the Governor General in Council to order the removal of Emigrants from Foreign Countries, and their descendants from any place in the vicinity of the frontier of the State, from which they may have emigrated ; and, in certain cases, to place and detain any such persons in safe custody ; and likewise to provide for the trial of Emigrants and their descendants, who may excite disturbances in the countries from which they may have emigrated, and of persons aiding them in the prosecution of such attempts.—PASSED by the Governor General in Council on the 18th July 1812 ; corresponding with the 4th Sawun 1219 Bengal era ; the 24th Assar 1219 Fusly ; the 5th Sawun 1219 Willaity ; the 9th Assar 1869 Sumbut ; and the 8th Rajeb 1227 Higerce.

Preamble.

WHEREAS considerable bodies of persons, being natives of Arracan and ordinarily denominated Muggs, have from time to time, emigrated from that country and established themselves in that part of the district of Chittagong, which lies contiguous to the Arracan frontier ; and whereas, numbers of those persons or of their descendants, abusing the protection, which had been afforded to them in the British territories, have excited disturbances and even levied war in the country of Arracan against the government of Ava, of which state Arracan is now a dependency, and have conducted themselves in a manner manifestly tending to disturb the relations of amity, which subsist between the British government and the government of Ava ; and whereas, it is in consequence necessary that the Governor General in Council should possess legal powers to remove the said bodies of emigrants and their descendants from the frontier of the territory of Arracan, or any other bodies of aliens or their descendants from the vicinity of the country, from which they may have emigrated, and likewise to detain in confinement any of those persons, or any other individuals, being natives of foreign countries or their descendants, for offences of the above nature actually committed by them in the territories of the state from which they may have emigrated ; and whereas, it is necessary to make provision for the trial of persons committing, or aiding in the commission of the said offences ; the following rules have been passed, to be in force from the period of their promulgation throughout the territories immediately dependent on the presidency of Fort William.

II. Whenever the Governor General in Council upon due investigation shall be satisfied, that the emigrants from Arracan, or emigrants from any other state,

who may have sought an asylum in the British territories, or the descendants of any of the said emigrants shall have abused the protection afforded to them, by attempts to excite disturbances in the state from which they or their ancestors may have emigrated, it shall be competent to the Governor General in Council to order the removal of those persons to such other part or parts of the country, as may be judged most convenient for their future residence. In like manner it shall be competent to the Governor General in Council to order such removal, whenever he may have grounds to be satisfied, that the residence of any body of aliens, or their descendants in the vicinity of the frontier of the country from which they or their ancestors may have emigrated, is likely to cause any serious misunderstanding between that state and the British government.

Such emigrants allowed to dispose of any property they may have acquired, or government may order real property not disposed of at the period of removal, to be sold, and the proceeds to be paid to the emigrants.

III. Whenever any body of emigrants, or any individuals belonging to such body, shall be ordered to be removed from the part of the country, in which they may have been established, they shall be allowed to dispose of any property, which they may have acquired in such manner as they may judge proper; provided however, that if they shall nevertheless retain the right to any real property at the period of their actual removal, it shall be competent to the Governor General in Council to order such property to be sold by public auction, under the superintendence of the collector of the district. In that case, the net proceeds of the sale, shall be duly paid to the person or persons to whom the said property belonged.

The Governor General in Council may in certain cases, order the leaders or other emigrants to be apprehended and kept under restraint.

IV. In cases in which the Governor General in Council may on due enquiry and mature deliberation be satisfied, that either the preservation of the tranquillity of the British territories, or of the dominions of the allies of the British government or the maintenance of the relations of amity subsisting between the British government and other states, require that any of the leaders or other persons of the above description, who may have committed the offences mentioned in Section II, of this Regulation, should be placed and detained under restraint, it shall be competent to the Governor General in Council to order any such persons, having committed any of the said offences, but not otherwise, to be apprehended and committed to confinement at such place and under the custody of such public officer, and detained in confinement for such time as may be deemed by the Governor General in Council necessary for the public good.

Emigrants or their descendants exciting disturbances in the countries, from which they may have emigrated to be tried, and if convicted, to be sentenced to seven years' imprisonment.

V. *First.* Any persons of the above description, or their descendants, who, while living under the protection of the British government, shall enter the country from which they or their ancestors may have emigrated, or any other foreign country, and shall excite or attempt to excite disturbances in the said countries.

A. D. 1812. REGULATION XI.

countries shall be liable to be brought to trial for that offence before the court of circuit, and if convicted, shall be sentenced to suffer imprisonment for the period of seven years.

Second. Any persons, whether native British subjects, or aliens, who shall furnish emigrants from foreign countries with any assistance either of men, money or arms, in prosecution of their attempts to excite disturbances in the country from which they may have emigrated or in any other country, or shall otherwise aid such aliens in the prosecution of their criminal design, shall be liable to be brought to trial for that offence before the court of circuit, and if convicted, shall be sentenced to suffer imprisonment for the term of seven years: provided however, that if the judge of circuit by whom the case may be tried, shall be of opinion that the punishment established by this and the preceding clause, should in any instance be mitigated, he shall submit the proceedings held on the trial to the Nizamut Adawlut, who will recommend to the Governor General in Council such alleviation of the prescribed punishment, as they may judge proper: provided moreover that no sentence or order, which may be passed on the trial of any persons under the provisions of the present Regulation, shall be competent, or shall be construed to preclude the Governor General in Council from the exercise of the power vested in the government, by Section IV. of the said Regulation.

Any persons aiding or assisting in attempts to excite such disturbances, liable to trial and similar punishment.

Such sentences may be mitigated in certain cases, but no sentence or order passed on any such trials to preclude government from the exercise of the powers vested in it by Section IV.

A. D. 1812. REGULATION XII.

Should the judge be satisfied that the stamp is a fabrication, and that the party producing it was privy to the fraud, the instrument in question shall not be admitted in evidence. On the other hand, if he shall be convinced that the party producing it, was himself imposed upon, and had no knowledge of the fabrication, the judge shall furnish the party with a certificate agreeably to the subjoined form addressed to the collector of the district, entitling him to have the proper and prescribed stamp affixed to the deed at the stamp office, on condition of paying five times the amount of the established stamp duty.

II. First. A. D. 1812. REGULATION XIV.

A REGULATION for modifying in certain cases the Rule contained in Section II, Regulation V, 1812, regarding the grant of Leases by the Proprietors of Lands in the Ceded and Conquered Provinces to their Tenants.—PASSED by the Governor General in Council on the 31st July 1812; corresponding with the 17th Sawun 1219 Bengal era; the 7th Sawun 1219 Fussy; the 18th Sawun 1219 Willaity; the 8th Sawun 1869 Sumbut; and the 21st Rujab 1227 Higree.

WHEREAS it is enacted by Section II, Regulation V, 1812, that proprietors of lands shall be competent to grant leases for any period, which they may deem most convenient to themselves and tenants, and most conducive to the improvement of their estates; and whereas Regulations IX and X, 1812, contain rules under which the settlement, which had been made in perpetuity in the ceded and conquered provinces, with the reserve of the approval of the Honorable the Court of Directors, is subject to considerable modifications and restrictions; and whereas those rules consequently create a necessity for limiting the power granted by Section II, Regulation V, 1812, as above noticed; the following rules have been enacted to be immediately in force in the ceded and conquered provinces, including the territory ceded by His Highness the Peishwa in Bundelcund, the district of Cuttack, and the purgunnahs formerly dependent on that district, but now annexed to the zillah of Midnapore. *

Preamble.

II. No zemindar or other proprietor of land in the ceded and conquered provinces shall grant leases or fix the rent of any land tenure for a term exceeding ten years; or if the term of his own engagement with government be less than ten years, extending beyond such less term.

No zemindar or proprietor shall grant leases for term extending beyond the term of his own engagements with government.

III. Any evasion of this prohibition by entering into separate engagements or leases to take effect successively, or by dating an engagement or lease on a day other than that on which it was actually executed, or by any other device, shall be considered as an infringement of it. And every lease or engagement fixing the rent, which has been or shall be concluded or granted in opposition to this prohibition, is declared to be null and void.

Every evasion of the prohibition to be considered as an infringement of this rule, and leases so granted to be null and void.

* Extended to the lands comprised within the Jaghire of the late Killadar of Callenger, annexed to the zillah of Bundelcund, by Regulation 22, 1812, and to the Purgunnah of Handya, annexed to the zillah of Allahabad, by Regulation 18, 1816; the latter subject to certain provisions. The Territories and Jaghires situated on the borders of the zillah of Bundelcund, belonging to several Bondelah Chieftains, together with the tract of land situated near the town of Teroha, in the said zillah, granted as an independent Jaghire to His Highness Amrut Rao, are exempt from the operation of the general Regulation; the former by Regulation 22, 1812, the latter by Regulation 7, 1816.

A. D. 1812. REGULATION XIV.

Subsisting engagements
not repugnant to these
rules shall remain in
force in cases of division
or transfer of estates.

IV. When a division of a joint estate shall be made, or the whole or a portion of an estate shall be transferred by sale in discharge of decrees of court, or by private sale, gift or other private transfer, the subsisting leases and engagements if they be not repugnant to the rules prescribed in the foregoing sections, shall remain in force as provided by Sections III and IV, of Regulation XLVII, of 1803, until the term of them shall expire, (excepting in the case of the lands being disposed of at public sale for the discharge of arrears of the public assessment).

A. D. 1812 REGULATION XV.

A REGULATION for extending to the *Ceded and Conquered Provinces*, and to the *Province of Benares*, certain parts of *Regulation I*, 1811, and for rescinding *Regulation II*, 1810.—**PASSED** by the Governor General in Council on the 8th August 1812; corresponding with the 25th Sawun 1219 Bengal era; the 15th Sawun 1219 Fusly; the 26th Sawun 1219 Willaity; the 1st Sawun 1869 Sumbut; and the 29th Rujub 1227 Higeree.

WHEREAS Regulation I, 1811, contains provisions for the punishment of persons guilty of the offence of breaking into houses, tents and boats, and of receiving plundered or stolen property, knowing it to have been so acquired, and likewise for the guidance of the public officers in conducting the search for plundered or stolen property; and whereas it has been judged advisable that the operation of the said provisions and rules should be extended to the ceded and conquered provinces, and to the province of Benares; and whereas the progress made in the suppression of robberies by armed horsemen, appears to the Governor General in Council to admit of the rescission of Regulation II, 1810, without danger of public inconvenience; the following rules have been enacted, to be in force from the period of its promulgation in the ceded and conquered provinces and in the province of Benares.

Preamble.

II. Sections II, III, IV, V, VI, VII, VIII, IX, X and XI, of Regulation I, 1811, are hereby extended to the ceded and conquered provinces, and to the province of Benares.

Sections II, III, IV, V, VI, VII, VIII, IX, X and XI, of Regulation I, 1811, extended to the ceded and conquered provinces, and to the province of Benares.

WHEREAS execution of the judgments of the commissioners of the Court of Requests for the town of Calcutta, is often defeated, by the parties against whom the same have been obtained, absconding from the limits of the town into the zillah of the Twenty-four Purgunnahs; to remedy the inconvenience in question, the following rules have been enacted, to be in force from the period of their promulgation:

Preamble.

II. *First.* If the defendant in any suit decided by the Court of Requests for the town of Calcutta, the plaintiff in which shall have obtained a judgment, shall retire before execution of the same, into the jurisdiction of the judge of the zillah of the Twenty-four Purgunnahs, the judge of the said court, upon receiving a written application from the said plaintiff, either in person or by vakeel, setting forth the above circumstances, and accompanied by a copy of the judgment duly authenticated, is hereby authorized and directed to proceed to execute the said judgment in the mode prescribed by the existing Regulations for executing his own decrees.

The judge of the zillah of the 24 Purgunnahs, ordered under certain circumstances, to execute judgments of the commissioners of the Court of Requests for the town of Calcutta.

Second. Provided always, that if the defendant in such case shall allege any cause against the execution of the judgment which shall appear to the judge to require the determination of the commissioners of the Court of Requests, the judge shall upon such defendant entering into sufficient security to satisfy the judgment, if the judge should deem this precaution necessary, allow the said defendant a reasonable period to apply to the said commissioners; upon the expiration of which, unless the said defendant should produce an order properly authenticated from the said commissioners, certifying that the judgment ought not to be put into execution; the judge shall forthwith proceed to execute the judgment as prescribed in the preceding clause.

The judge upon the defendant alleging any cause against the execution of the judgment, which may require the determination of the commissioners, how to proceed.

Third. Provided further, that no defendant who shall have been confined in the jail of the said commissioners, and shall have been liberated under the rules established for the guidance of the said commissioners by the Governor General in Council on the 11th February 1805, in consequence of having received diet money for a given period, shall again be confined by the judge of the zillah of the Twenty-four Purgunnahs in execution of the same judgment; but that in all such cases, execution shall proceed against the property only of the defendant.

A. D. 1812. REGULATION XVII.*

A REGULATION for modifying the rates of duty established by Sections XI and XII, Regulation I, 1812.—PASSED by the Governor General in Council, on the 29th August 1812; corresponding with the 15th Bhadoon 1219 Bengal era; the 7th Bhadoon 1219 Fusty; the 16th Bhadoon 1219 Willaity; the 8th Bhadoon 1869 Sumbut; and the 21st Shabaan 1227 Higeree.

WHEREAS Sections XI and XII, Regulation I, 1812, contain rules for the levy of duties on horses and mares, imported by sea, with the exception of those imported from Europe: and whereas it has been judged advisable, with the view of encouraging the importation of horses of a certain size, to modify the rates of duty established by those provisions, the following rules have been enacted, to be in force from the period of their promulgation.

Preamble

II. Sections XI and XII, Regulation I, 1812, are hereby rescinded.

Sections XI and XII, Regulation I, 1812, rescinded.

Second. Horses and mares the height of which may be between 14 hands, and 14 hands 1 inch, shall be subject to a duty of rupees 200 each.

From 14 hands to 14 hands and 1 inch, 200 rupees each.

Third. Horses and mares being 14 hands 1 inch or upwards in height, shall not be subject, on their importation, to any duty.

Exemption of horses and mares from Europe and ponies from Pegue, &c. from any duty.

IV. Section XVI, Regulation I, 1812, provides, that horses imported by land into the district of Cuttack, may be passed at the discretion of the collector, in case the horses shall not be intended for merchandize, and shall at the time of importation be in the actual use and possession of the owner. In order to prevent misapprehension, it is hereby declared, that horses imported by sea by individuals, which may not be intended for merchandize, and which at the time of importation may be in the actual use and possession of the owners, shall in like manner be exempted from the payment of the duty established by Section III, of the present Regulation, provided that the number so imported do not in each instance exceed four.

V. The modified rates of duty established by Section III, on the importation of horses by sea, and the exemption from duty thereby granted on horses so imported, of certain descriptions, are of course to be considered applicable to horses imported by land through the district of Cuttack. In other respects, the provisions contained in Sections XIII, XIV, XV and XVI, Regulation I, 1812, are to be considered to be in full force and effect.

A. D. 1812, REGULATION XVIII.

A REGULATION for explaining Section II, Regulation V, 1812, and rescinding Sections III and IV, Regulation XLIV, 1793, and Sections III and IV, Regulation L, 1795, and enacting other Rules in lieu thereof.—**PASSED** by the Governor General in Council, on the 19th September 1812; corresponding with the 5th Assin 1219 Bengal era; the 28th Bhadoon 1219 Fusly; the 6th Assin 1220 Willaity; the 13th Bhadoon 1869 Sumbut; and the 12th Ramzaan 1227 Higeree.

WHEREAS it has been deemed expedient to remove doubts, which have arisen on the construction of Section II, Regulation V, 1812, and to rescind Sections III and IV, of Regulation XLIV, 1793, and Sections III and IV, of Regulation L, 1795, the following rules have been enacted, to be in force from the promulgation of them in the provinces of Bengal, Behar, Orissa, (exclusive of the district of Cuttack, and the purgunnahs formerly dependent on that district, but now annexed to the zillah of Midnapore), and Benares.

II. Doubts having arisen on the construction of Section II, Regulation V, 1812, it is hereby explained, that the true intent of the said section, was to declare proprietors of land competent to grant leases for any period, even to perpetuity, and at any rent, which they might deem conducive to their interests. Provided, however, that nothing contained in the former or present Regulation, shall be construed to empower persons holding a restricted interest in estates, whether for life or for other limited period, or subject to control or restriction in the use or disposal of the property, to grant leases extending beyond the term of their own interest in the property, or exceeding their power or authority over it.

III. First. Sections III and IV, Regulation XLIV, 1793, and Sections III and IV, Regulation L, 1795, are hereby rescinded.

Second. When a division of a joint estate shall be made on the application of the proprietors, or pursuant to the decree of a court of justice, the fixed public revenue assessed upon the whole estate, shall be apportioned on the several shares agreeably to the principles prescribed in Section X, Regulation I, 1793, and Section VII, Regulation XXVII, 1795, without regard to any engagements that may subsist between the proprietors and their dependent talookdars, (excepting the dependent talookdars described in Section VII, Regulation XLIV, 1793,) under-farmers, or ryots. But all leases made in conformity to Sections II and

WHEREAS it is enacted in Clause First, Section XII, Regulation IX, 1810, that the government customs established by that Regulation, shall be levied on certain articles at a fixed valuation of them; and whereas the great fluctuation, which has taken place in the price of some of the said articles, has created an obstacle in various instances to an adherence to that mode of collection; and whereas it has been deemed advisable to establish custom houses for the collection of government customs and town duties at Bareilly and Ghazee pore; and whereas it has been judged necessary to make other alterations in some of the rules before established for the collection of those duties; the following rules have been enacted, to be in force from the period of their promulgation throughout the territories immediately dependent on the presidency of Fort William.

IV. By Clause Second, Section VI, Regulation IX, 1810, it is enacted, that the custom house established at Meerut, shall be subject to the authority of the collector of customs at Agra; that the custom houses established at Furruckabad and Allahabad, shall be subject to the authority of the collector of customs at Cawnpore; and that the custom house established at Mirzapore, shall be in like manner subject to the authority of the collector of customs at Benares; (b) it is however hereby declared that it shall be competent for the executive government, by an order passed by the Governor General in Council, to render either or all of the said subordinate custom houses separate and independent stations, or to subject either or all of them to the control of any of the other principal collectors of customs, whenever circumstances may render it advisable to have recourse to either of those measures.

Merchants desirous of subdividing goods for the whole of which one rowannah has been taken, shall pay a fee of 4 annas on each rowannah, taken out in exchange; such fee to be for the use of the collector or deputy collector of customs.

But inconvenience having been experienced from the numerous portions into which merchants have in some cases divided their cargo of goods, it is hereby enacted, with the view of restraining any abuse of the abovementioned indulgence, that whenever a merchant may be desirous of subdividing a cargo or dispatch of goods into two or more portions, he shall pay over and above the additional duty of one-half per cent, already established, a fee of four annas for every rowannah so obtained in exchange for the original rowannah, for the use of the collector or deputy collector of customs, according to such orders as may be passed on that point by the Governor General in Council.

(a) A custom house has also been established in the town of Sabarnapore in the conquered provinces, under Regulation 6, 1814, Section 6, and another in the southern division of the district of Chittagong, under Regulation 12, 1816.
